

Out Numbered 7 To 1

Two U.S. Companies Battered By N. Viets

SAIGON (AP) — Hundreds of U.S. infantrymen were rushed to the rolling foothills 30 miles south of Da Nang today to relieve two American companies badly battered by a North Vietnamese force seven times their size.

Associated Press Correspondent Richard Pyle reported that the two companies from the 196th Light Infantry Brigade, totaling 177 men, had suffered about 40 per cent casualties—15

men killed and more than 50 wounded. But American officers said the outnumbered infantrymen together with American bombers and artillery had killed 148 North Vietnamese.

Four other fights flared in South Vietnam's northernmost provinces, and U.S. and South Vietnamese forces reported killing a total of 251 North Vietnamese in that area. U.S. casualties were put at 16 killed and more than 70 wounded.

B52 Raids

Fighting also continued on a smaller scale in the Saigon region, with four skirmishes ranging from 20 miles south of the capital to 80 miles north of the city. Two Americans and 22 enemy were reported killed and 13 Americans wounded.

In another section of the country, the central plateau, heavy B52 raids indicated a new enemy threat was developing. As many as 40 of the big bombers dropped 1,250 tons of bombs along the Cambodian border about 135 miles northeast of Saigon. It was the heaviest air attack in the area in nearly two months.

AP Correspondent Pyle reported that in the fighting south of Da Nang, the two U.S. companies were surrounded about four miles apart and on opposite sides of their patrol base, which is on a ridge between two valleys.

Lt. Col. Cecil M. Henry of Rome, Ga., the Americans' battalion commander, said his two companies on Sunday "ran into forces a hell of a lot bigger," possibly 1,200 North Vietnamese, who he believed were moving into position for an attack on a settlement of 3,000 refugees not far away at Hiep Duc.

Each Surprised

Henry said the Americans and North Vietnamese "surprised each other" and a heavy exchange of fire erupted.

The two embattled American companies, commanded by Capt. John Whitecar of Salina, Kan., and Capt. William Gayler of Mineral Wells, Tex., were thrown on the defensive Monday night because of the superior numbers of North Vietnamese.

Fighting was at close hand, at times 10 to 20 yards. Medical evacuation helicopters were unable to lift out most of the wounded because of heavy enemy fire. One helicopter going in had its tail rotor shot off but limped back to Da Nang. Another helicopter landed in "pitch blackness" without any lights, officers said, and took out eight wounded.

Gayler's company broke out of the encirclement with the aid of heavy air and artillery strikes which spotters were at times calling in dangerously close to the American troops. But the company was ambushed twice as it tried to link up with a third company and suffered additional casualties.

Anniversary Date

Whitecar's company fought off a ground attack from three sides and possibly was saved from being overrun by an Air Force C119 gunship whose 24,000-rounds-a-minute miniguns attacked enemy troops within 25 yards of the company's position. The Americans sent up 600 reinforcements. Some went into the battle Monday night, and as

others arrived today the two battered companies were withdrawing to their patrol base.

Some of the new arrivals were brought in by helicopters dodging enemy antiaircraft fire. One chopper was shot down by a rocket grenade just as it took off after unloading some reinforcements.

The big battle coincided with the 24th anniversary Monday of the opening of the Vietnamese revolt against French rule in 1945. The Viet Cong Radio said the Viet Cong were determined to win strong and complete victories for the August anniversary and for the 24th anniversary Sept. 2 of Ho Chi Minh's proclamation of the independence of Vietnam.

Unwed Mothers Keeping Babies

LOS ANGELES (AP) — Officials have noted a decided increase in the number of unwed mothers who elect to keep their babies, and are exploring the reasons.

In the Los Angeles area, Booth Memorial Hospital, the Florence Crittenton Service, Vista del Mar and the Big Sister League all noted boosts of between 2 and 4 per cent among unwed mothers who decline to give their youngsters up for adoption.

St. Anne's Maternity Hospital, reporting for the first half of 1969, said 24 out of every 100 mothers now decide to keep their children—six more than the 1968 rate.

"Only recently has the trend become apparent in the direction of mothers keeping their illegitimate children," Mazy Yurdin, director of technical information for the National Council on Illegitimacy in New York City, said in an interview here.

"It is so common for divorced parents to be raising a family singlehandedly that it does not seem surprising that young unwed mothers are deciding to raise their babies alone."

Several questions are under study by staff members at various Los Angeles area agencies dealing with the problem of illegitimacy:

—Are the women products of divorced homes?

—Does keeping their babies make them feel they finally have a purpose in life?

—Is the new generation extending its live-for-today philosophy into motherhood?

—Or are these young women taking a stand on society's confused moral standards?

Mothers interviewed told generally of joy and new purpose that came into their lives after their decisions to accept their youngsters and become two-member families.

Beverly, a 26-year-old college graduate, said her life had been filled with apathy earlier.

"I was locked in a corner of the career world," she said. "I used to ask myself what am I going to do for the rest of my life? Work until the grave?"

"At least, now I have something to look forward to."

Camille Called U.S.'s Worst; Workers Find 100 Bodies

THREE LARGE FREIGHTERS in the Gulfport area were washed ashore during the night as hurricane Camille struck the Mississippi coast with 150 mile an hour winds and left the coast in shambles. (AP Wirephoto)

Coast Declared Disaster Area; 2,000 Injured

BULLETIN

GULFPORT, Miss. (AP) — An increasingly grim picture of Hurricane Camille's devastation emerged today as rescue workers uncovered 23 bodies in an apartment complex, raising the death toll to at least 128. Three more were killed in Cuba.

GULFPORT, Miss. (AP) — An increasingly grim picture of Hurricane Camille's devastation emerged today as rescue workers struggled through wreckage looking for dead, injured, missing persons and missing towns. "We have 100 confirmed bodies," said State Sen. Nap Cassibry, coordinator of Civil Defense along Mississippi's coastal strip, shattered by 150 mile an hour winds, monster tides and fire.

"We know where there are more bodies," Cassibry added. "We estimate the final toll will be between 150 and 200. There were over 2,000 injured."

Rescue work by 1,500 National Guardsmen, 500 Civil Defense men and volunteers was hampered by the weight of the wreckage left by Camille, the most powerful hurricane ever to hit the American mainland.

"We have enough people to do the work," said Cassibry. "What we need is supplies."

Airlift Food

At Atlanta, a dozen C124 Globemasters at Dobbins Air Force Base were assigned to airlift 375,000 pounds of food to Keesler Air Force Base in Biloxi, New Orleans shipped 13,000 gallons of water in tank cars to ravaged Bay St. Louis, just across the state line.

President Nixon declared the state's coastal strip a disaster area, making it eligible for an initial \$1 million in federal assistance.

Camille, lashing first at the southeastern edge of Louisiana, shrieked onto the Mississippi coast Sunday night.

The area of maximum force—around the eye—included the port city of Gulfport, with 30,000 residents, and nearby Biloxi with 44,000. Thousands of residents of the coastal strip, warned of coming tides of up to 20 feet above normal, fled inland before Camille arrived.

Biloxi and Gulfport were under 6 p.m. to 6 a.m. curfew. National Guardsmen, armed with rifles, patrolled to prevent looting.

Water Scarce

A curfew also was in force at Bogalusa, a city of some 21,500 in Louisiana. Mayor Curt Siegel said power lines were down, drinking water was scarce and the city in "critical condition."

Martial law was imposed in Louisiana's Plaquemines Parish (county) at sundown Monday. Deputies with cocked shotguns turned back angry residents trying to check on their homes.

The parish is a low delta land, laid down over the centuries by the Mississippi River's silt. Officials said the communities of Venice, Bogalusa and Triumph were wiped out.

"There are no homes there," said Parish Commissioner Howard Wilcox. "There are no grocery stores. Nothing, period. A few telephone poles, tugs in the marsh, houses in the marsh—parts of them."

Some 6,000 residents lived in the area, but nearly all were evacuated before the storm. The same area was devastated by Hurricane Betsy in 1965.

Alabama, on the eastern rim of the circular storm, also was hit by hurricane force winds and raging tides, leaving extensive damage in the Dauphin Island area. A curfew to block looting was imposed at the resort areas of Gulf Shores and Orange Beach.

But the Mississippi coastal strip bore the brunt of Camille's fury. The monster tides driven onto the low areas did much of the destruction.

The Red Cross said a hasty and incomplete survey of the area Monday showed about 2,000 homes destroyed and more than 2,000 damaged in the Gulfport-Biloxi area.

Commercial Gas Rolls Unnoticed

WASHINGTON (AP) — While attention was focused on a shipment of surplus military gas, hundreds of trucks and trains carrying deadly commercial cargoes were rolling across the country unnoticed by the public last week.

Recent concern over movement of potentially hazardous materials has been aimed chiefly at the military and its secretive chemical biological warfare program. But routine shipments of deadly chemicals needed to purify water, fertilize gardens, manufacture plastics and for thousands of other uses have been moving from producers to consumers for years.

"I couldn't tell you how many cars with hazardous materials are in motion right this minute," William F. Black of the Federal Railroad Administration said Monday. "But many, many cars carrying corrosive, radioactive or explosive material are moving on just about every through freight train."

An Association of American Railroads spokesman said 82 million tons of non-military hazardous materials were transported by rail in 1967, the latest year for which figures are available.

"We're shipping an awful lot of this stuff with absolutely no problem," another AAR official said. "When we do have an accident it's going to get quite a bit of play because the results are so severe."

The results were severe on New Years Day 1968 in a two-train smashup in Dunreith, Ind.

The fire and explosion of a tank car filled with ethylene oxide destroyed a tomato cannery and seven homes and damaged 87 other residences and businesses. There were no fatalities and only five injuries.

The most commonly transported of the hazardous materials according to the AAR, are liquid petroleum gas—LPG—and anhydrous ammonia.

Need Products

Some 14½ billion gallons of LPG were transported to U.S. consumers in 1967. Four billion gallons went by truck, 1.3 billion by pipeline and the rest by pipeline or a combination of pipeline and truck or rail.

"If a tanker full of LPG ruptured and caught fire you'd have a pretty good conflagration," says William K. Byrd of the Department of Transportation's Office of Hazardous Materials.

"And chlorine. It's been shipped for 25 years in exactly the kind of container they shipped the phosgene in last week," he said. Two trains carrying poisonous World War I phosgene gas from the Rocky Mountain Arsenal in Colorado to New York State and Louisiana attracted considerable attention as a threat to residents along the routes.

"But we really need these things," Byrd said. "Anhydrous ammonia is a fertilizer that seeks moisture. If it comes in contact with human tissue it will eat you up. It corrodes the skin. But without it you probably wouldn't be eating tomorrow. Without these hazardous materials the whole economy of the country would collapse. You couldn't even manufacture the shirt on your back."

News In Brief

LONG BINH, Vietnam (AP) — The U.S. Army let newsmen look today at some of the Green Beret officers it is holding under murder charges but made the correspondents stay 30 feet away so they couldn't question them.

BELFAST, Northern Ireland (AP) — The outlawed Irish Republican Army threatened to renew Northern Ireland's religious warfare as politicians and other leaders work today to bring lasting peace in the tense battle-scarred state.

WASHINGTON (AP) — Governors at the Governors' Conference next month will be asked to urge the creation of a Cabinet-level federal planning agency to help stop the flow of key manpower from underpopulated states to major industrial regions.

WASHINGTON (AP) — Officials in the federal office of Civil Rights say the administration's new guidelines have not slowed school desegregation. In fact, they predict a record increase this fall.

Violence Class Grows 10-Fold At Notre Dame

SOUTH BEND, Ind. (AP) — A new Notre Dame University course in violence and nonviolence has been expanded more than tenfold before it even gets under way.

The course, titled "Program for the Nonviolent Resolution of Human Conflict," will be offered at the start of the fall semester.

Originally it was planned to have one section, limited to 20 students. But more than 250 of Notre Dame's 8,000 students have signed up, so three sections have been added and the limit abolished.

The Rev. Theodore M. Hesburgh, Notre Dame president, said the credit course for undergraduates will explore the literature of violence and nonviolence, investigate the psychology of human aggression and study social effects of violence as portrayed in mass media.

The idea evolved from a proposal by 38 student leaders last winter after a campus protest.

A warning letter to students from Father Hesburgh produced the financial foundation for the new course.

On Feb. 17 the president wrote that while the university firmly believed student voices should be heard it could not tolerate disruptive protests.

The letter followed a minor clash between students and police when a film, scheduled as part of a seminar on pornography, was canceled.

The student leaders then proposed a study of nonviolence and Father Hesburgh approved. "I think you've put your finger on something," he said. "Billions are being spent annually for what is ultimately violence. Surely someone must be interested in investing in nonviolence."

The Gulf Oil Corp., impressed by Father Hesburgh's stand on student unrest, awarded Notre Dame an unrestricted grant of \$100,000.

A committee of students and faculty fashioned details of the program and has assembled 700 books relating to the subject.

Czech Invasion Is Whitewashed

PRAGUE (AP) — Communist party chief Gustav Husak today whitewashed the Soviet invasion of Czechoslovakia and repudiated the country's historic week of popular resistance to it one year ago.

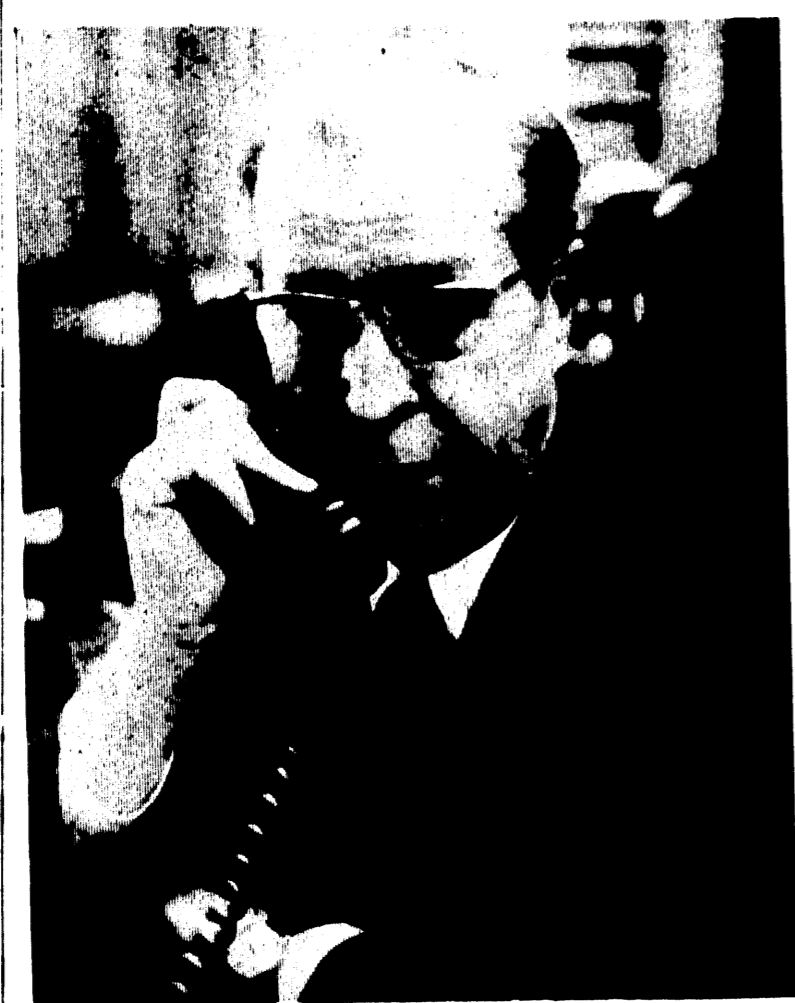

Husak said the Czechoslovak people were unprepared and shocked by the entry of Soviet and other Warsaw Pact troops last Aug. 20-21 because they "had been operated on by right-wing propaganda" and because their party chief Alexander Dubcek and his associates had withheld information on their dealings with Moscow.

Addressing party workers in Prague, Dubcek's successor said the Soviet Union, Poland, East Germany, Hungary and Bulgaria "decided with a heavy heart to take the step they took because of fear for developments in Czechoslovakia, fear for the Socialist camp and because they had lost confidence in the Czechoslovak leadership and saw no other way out."

In his 90-minute speech, Husak referred to the invasion as "the entry of armies" and to the Dubcek regime merely as the former leadership, without giving names.

Today's Chuckle

The problem nowadays is not so much how to live within your income, but how to live within your credit.

FEDERAL JUSTICE Clement F. Haynsworth of Greenville, S. C., was nominated yesterday by President Nixon to be an associate justice on the U. S. Supreme Court. Nixon made the announcement through his presidential press secretary from the "summer White House" in Clemente, Calif. (AP Wirephoto)

Clement Haynsworth In For Rougher Time

WASHINGTON (AP) — Clement F. Haynsworth Jr., President Nixon's nominee for Supreme Court justice, can expect rougher going next month than a dozen years ago when he won easy Senate approval as a federal judge.

On March 7, 1957, Haynsworth was showered with praise during a 70-minute hearing before a Senate Judiciary subcommittee. Then, less than a month later, he was confirmed unanimously by the Senate as a judge on the 4th U.S. Circuit Court of Appeals.

The full Senate Judiciary Committee will meet Sept. 9 for a hearing on his nomination for the Supreme Court seat that Abe Fortas resigned in mid-May. Committee member Hiram L. Fong, R-Hawaii, said there will be "extensive hearings."

Protracted

Chances are that consideration of Haynsworth will be more protracted than the brief hearing in June that preceded Senate confirmation of Nixon's choice of Warren E. Burger as chief justice to succeed retiring Earl Warren.

Opposition already has been sounded by groups who are unhappy with Haynsworth's record in civil rights cases.

But, at this stage, there is no indication of a Senate controversy the size of the one that developed in 1968 around—and even-

tually blocked—President Lyndon B. Johnson's nomination of Fortas to be chief justice.

Haynsworth, 56, of Greenville, S.C., was praised Monday by Judiciary Committee Chairman James O. Eastland, D-Miss., for a "distinguished legal career."

Sen. Everett M. Dirksen of Illinois, top-ranking Republican on the committee, said he anticipates little difficulty in obtaining Senate confirmation.

NAACP Against

Sen. Roman L. Hruska, R-Neb., a senior member of the committee, said he expects no problem despite what he termed "some opposition from those who expect the Supreme Court to be an aggressive policymaking body."

Sen. Strom Thurmond, R-S.C., called Haynsworth "a strict constructionist of the Constitution" and "a fine addition to the court."

Sen. Jacob K. Javits, R-N.Y., said the nomination caused him "grave concern" and he would have to determine, "based on the impending hearing and further inquiry, whether active opposition is warranted."

Haynsworth's backers say they expect confirmation before the Supreme Court begins its new term in October.

The National Association for the Advancement of Colored People already has notified the Judiciary Committee it wishes to testify against Haynsworth.

Weather

ESCANABA AND VICINITY — Generally fair and cool today, tonight and Wednesday. High today in the lower 70s. Low tonight in the lower 50s. Then Wednesday in mid 70s. Thursday increasing cloudiness and a little warmer with chance of showers in the afternoon or evening. The highest temperature yesterday was 79 and the overnight low was 50. Northwesterly winds 8 to 18 mph today becoming northeasterly tonight and light and variable Wednesday. Probabilities of precipitation: less than 5% today, tonight and Wednesday.

Upper Peninsula — Fair and cool this afternoon, tonight and Wednesday. Highs this afternoon 68 to 75. Lows tonight 46 to 53. Thursday outlook increasing cloudiness and warmer, chance of showers by afternoon.

Sun sets today at 7:50 p. m., rises Wednesday at 5:54 a. m.

Violence Class Grows 10-Fold At Notre Dame

SOUTH BEND, Ind. (AP) — A new Notre Dame University course in violence and nonviolence has been expanded more than tenfold before it even gets under way.

The course, titled "Program for the Nonviolent Resolution of Human Conflict," will be offered at the start of the fall semester.

Originally it was planned to have one section, limited to 20 students. But more than 250 of Notre Dame's 8,000 students have signed up, so three sections have been added and the limit abolished.

The Rev. Theodore M. Hesburgh, Notre Dame president, said the credit course for undergraduates will explore the literature of violence and nonviolence, investigate the psychology of human aggression and study social effects of violence as portrayed in mass media.

The idea evolved from a proposal by 38 student leaders last winter after a campus protest. A warning letter to students from Father Hesburgh produced the financial foundation for the new course.

On Feb. 17 the president wrote that while the university firmly believed student voices should be heard it could not tolerate disruptive protests.

The letter followed a minor clash between students and police when a film, scheduled as part of a seminar on pornography, was canceled.

The student leaders then proposed a study of nonviolence and Father Hesburgh approved.

"I think you've put your finger on something," he said. "Billions are being spent annually for what is ultimately violence. Surely someone must be interested in investing in nonviolence."

The Gulf Oil Corp., impressed by Father Hesburgh's stand on student unrest, awarded Notre Dame an unrestricted grant of \$100,000.

A committee of students and faculty fashioned details of the program and has assembled 700 books relating to the subject.

Czech Invasion Is Whitewashed

PRAGUE (AP) — Communist party chief Gustav Husak today whitewashed the Soviet invasion of Czechoslovakia and repudiated the country's historic week of popular resistance to it one year ago.

Husak said the Czechoslovak people were unprepared and shocked by the entry of Soviet and other Warsaw Pact troops last Aug. 20-21 because they "had been operated on by right-wing propaganda" and because then-party chief Alexander Dubcek and his associates had withheld information on their dealings with Moscow.

Addressing party workers in Prague, Dubcek's successor said the Soviet Union, Poland, East Germany, Hungary and Bulgaria "decided with a heavy heart to take the step they took because of fear for developments in Czechoslovakia, fear for the Socialist camp and because they had lost confidence in the Czechoslovak leadership and saw no other way out."

In his 90-minute speech, Husak referred to the invasion as "the entry of armies" and to the Dubcek regime merely as the former leadership, without giving names.

Today's Chuckle

The problem nowadays is not so much how to live within your income, but how to live within your credit.

Clement Haynsworth In For Rougher Time

WASHINGTON (AP) — Clement F. Haynsworth Jr., President Nixon's nominee for Supreme Court justice, can expect rougher going next month than a dozen years ago when he won easy Senate approval as a federal judge.

On March 7, 1957, Haynsworth was showered with praise during a 70-minute hearing before a Senate judiciary subcommittee. Then, less than a month later, he was confirmed unanimously by the Senate as a judge on the 4th U.S. Circuit Court of Appeals.

The full Senate Judiciary Committee will meet Sept. 9 for a hearing on his nomination for the Supreme Court seat that Abe Fortas resigned in mid-May. Committee member Hiram L. Fong, R-Hawaii, said there will be "extensive hearings."

Protracted

Chances are that consideration of Haynsworth will be more protracted than the brief hearing in June that preceded Senate confirmation of Nixon's choice of Warren E. Burger as chief justice to succeed retiring Earl Warren.

Opposition already has been sounded by groups who are unhappy with Haynsworth's record in civil rights cases. But, at this stage, there is no indication of a Senate controversy the size of the one that developed in 1968 around—and even-

tually blocked—President Lyndon B. Johnson's nomination of Fortas to be chief justice.

Haynsworth, 56, of Greenville, S.C., was praised Monday by Judiciary Committee Chairman James O. Eastland, D-Miss., for a "distinguished legal career."

Sen. Everett M. Dirksen of Illinois, top-ranking Republican on the committee, said he anticipates little difficulty in obtaining Senate confirmation.

NAACP Against

Sen. Roman L. Hruska, R-Nebr., a senior member of the committee, said he expects no problem despite what he termed "some opposition from those who expect the Supreme Court to be an aggressive policymaking body."

Sen. Strom Thurmond, R-S.C., called Haynsworth "a strict constructionist of the Constitution" and "a fine addition to the court."

Sen. Jacob K. Javits, R-N.Y., said the nomination caused him "grave concern" and he would have to determine, "based on the impending hearing and further inquiry, whether active opposition is warranted."

Haynsworth's backers say they expect confirmation before the Supreme Court begins its new term in October.

The National Association for the Advancement of Colored People already has notified the Judiciary Committee it wishes to testify against Haynsworth.

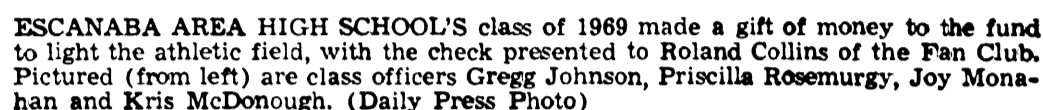

FEDERAL JUSTICE Clement F. Haynsworth of Greenville, S. C., was nominated yesterday by President Nixon to be an associate justice on the U. S. Supreme Court. Nixon made the announcement through his presidential press secretary from the "summer White House" in Clemente, Calif. (AP Wirephoto)

Town Meetings TV Program To Start Dec. 9

A unique blending of modern communications media and the traditional town meeting concept will be used this winter to break Upper Peninsula distance and communication barriers.

Citizens from Ironwood to Sault Ste. Marie will share social, economic and other community concerns and deliberate possible solution without leaving their home communities.

Beginning on Dec. 9, a network of local meetings will be held in conjunction with live telecasting over WNMN-TV, Northern Michigan University's public television network.

Local coordinators will chair each local town meeting. They will also work with media representatives and other community leaders to identify problems to be debated on Dec. 9 and during two successive programs.

Local coordinators are Dick Bonifas and Howard Handorf, Schoolcraft County; Charles Follo and Steve Storey, Delta; Charles Follo and James Hodge, Menominee; Robert Bishop, Mackinac.

Citizens Involved
Identified as the "Town Meeting of the Air," the project is sponsored by the Upper Peninsula Council of College Field Services and will utilize the facilities of WNMN-TV, Upper Peninsula press and broadcast media representatives meeting in Marquette Monday received the announcement of the project from council chairman James W. Gooch of Marquette, regional director for Michigan State University's Continuing Education Service and William G. Mitchell, Marquette, director of NMU's Learning Resources Division.

"Our objective is to get more citizens involved in identifying and solving community concerns. We plan to utilize the communications media to make

the traditional 'town meeting' work on a regional scale," said Gooch.

He pointed out that the council, which represents Michigan Technological University, Lake Superior State College, the University of Michigan and Community Colleges, as well as NMU and MSU, had been considering requests to structure a series of town meetings for identifying and solving current community problems.

Hear Hart, McGoff

Similar town meetings had proven successful during the Michigan Constitutional Convention and for local planning and zoning commissions, Gooch reported. The council, when informed that the Corporation for Public Broadcasting had awarded WNMN-TV a grant to conduct a U. P. forum on economic and social concerns, decided to merge the two efforts.

In a message videotaped for yesterday's meeting, Senator Philip A. Hart told the press representatives that the project "is an imaginative effort to insure that there is plenty of exchange of opinion." Referring to the CPB grant, he said, "This is one kind of federal spending that is beyond the criticism of any fair observer."

Also by videotape, John McGoff, president of Panax Corp., emphasized the importance of cooperation on the part of all the communications media to achieve the goals of the project.

Worth Is Speaker

W. H. Treloar of Marquette served as master of ceremonies for the media dinner, with Jean Worth, Escanaba, discussing the structure and role of communications in the region. The organizations cooperating with the TV Town Meeting Series include the Upper Peninsula Committee for Area Progress, Operation Action-UP, Community School Programs and the MSU Cooperative Extension Service, as well as the communications media of the Upper Peninsula.

Serving on the Town Meeting planning committee in addition to Treloar, Worth, Mitchell and Gooch are Don Ryan of WLUC-TV; Bob Olson of WMLP radio, Hancock; Charles Follo, assistant extension director, University of Michigan, Escanaba; Robert Olson of the UPAC staff, Escanaba; Ray Gummerson, district extension leader, resource devel-

Former Resident Dies On Sunday

Mrs. Helen A. Ballard, 72, formerly of 1119 9th Ave. S., passed away at the home of her daughter, Mrs. Alvin (Dorothy) Bushy of Green Bay, Sunday at 3:30 p. m.

She was born in Hyde on February 2, 1897 and was preceded in death by her husband, True M. Ballard who died on January 10, 1947.

Mrs. Ballard is a member of St. Paul's Lutheran Church in Green Bay and was a member of Salem Lutheran Church in Escanaba. She is survived by her daughter, Mrs. Alvin (Dorothy) Bushy of Green Bay, Wis., a son, True M. Ballard of Tarzana, Calif., one brother, Gust Kositzke of Holiday, Fla., five grandchildren and one great grandchild.

The body was taken to the Anderson Funeral Home where friends may call from 2-4 p. m. on Tuesday. Complete funeral services will be held Wednesday at the Salem Lutheran Church at 2 p. m. with the Rev. John J. Wendland officiating. Burial will be in the family lot in the Lakeview Cemetery.

Gucky Reports School Opening

STEPHENSON — The Stephenson Area Schools District will open for the 1969-70 school year on Wednesday, Aug. 27. Students are to report at 1 p. m. on Wednesday.

A pre-school conference is planned for teachers at 9 a. m. Wednesday.

All students who were enrolled in the school district last year have been registered for the 1969-70 school year. Families new to the area who have children of school age should make provisions to register their children before school opens.

School lunch will be served at all schools in the district starting on Thursday, Aug. 28. School lunch prices will be the same as last year. All meal tokens or weekly tickets are on a cash basis at the time of purchase.

Bus routes will remain basically the same as last year. Bus pickups for the first day will occur at about 3 and 1/2 hours later than the regular schedule. For example: a student normally picked up at 8 a. m. will be picked up at about 11:30 a. m.

Enrollment in the Stephenson Area Public Schools will remain about the same as last year. Elementary enrollments are expected to be about 750 with an enrollment of 650 in grades 7 through 12.

There will be 8 teachers new to the district this year. Mrs. Kay Zoekler, Grade 1, Miss Barbzara Jeryk, Grade 2 and Stephen Buyarski, Grade 3 at the Stephenson Elementary School. At the High School

Stephen Alldredge, English; James Dalheimer, English; James Londo, mathematics; Thomas Oehmke, Spanish and English; and Ronald Schauland, biology and science, said Superintendent Joseph B. Gucky.

Wilson

Mary Beth and John Henderson Jr. returned to their home in Minneapolis Thursday after spending a month with their grandparents, Mr. and Mrs. Earl DuBois in Spalding and Mr. and Mrs. Gilbert Henderson in Wilson.

Weekend guests at the Gilbert Henderson home in Wilson were: Mrs. Henderson's niece and her family, Mr. and Mrs. Marvin Marker of Torrance, Calif.; her brother, Leonard Goddard and his daughter, Mary Ann, of Beaver, Wis.; Mr. and Mrs. Guy Henderson of Waukesha, Wis.; Mr. and Mrs. George Henderson of Iron Mountain.

Mrs. Ray Bagley entertained a number of house guests last weekend: Mr. and Mrs. Mason Wiese and daughters, Barbara and Deborah, of Clintonville, Wis.; Mrs. Edith Rosenquist and Mrs. Ethel Larson of Escanaba and Timothy Bagley of Niles, Mich.

Modified Schedule For Escanaba Area Schools

Increasing enrollments in certain buildings of the Escanaba Area Public Schools will result in several major changes in modified scheduling this school year, according to Area Superintendent Luther Barrett. Barrett said that because of extremely crowded conditions at the high school about a dozen early classes have been scheduled for 7:45 a. m. Students in these classes will be early-arriving bus students plus others who have requested the early class. "Some of these early students can be finished with their daily schedule as early as 2:15 at which time transportation will be provided," Barrett explained.

School officials announced that because of crowding at the Soo Hill, Wells, and Franklin elementary buildings students will be transferred to the old Jefferson School for classes. "The building is being renovated for this purpose," said Barrett.

A large influx of new residents in the Soo Hill and Wells areas have pushed school officials to move the 5th grade classes from these two overcrowded schools to the old Jefferson building for classes. "Consideration was given to the possibility of purchasing mobile classrooms for these two areas to take care of the overload, but it was found to be more economical to put back into use the rooms already owned by the district," Barrett explained.

Transportation & Transfers

School transportation officials said that 5th graders in the Soo Hill and Wells areas will be picked up by their usual busses and taken to their regular schools where they will be transferred to the bus taking them to the Jefferson School. "At the end of the day they will be picked up at Jefferson and returned to the Soo Hill and Wells Schools where they will be transferred to their regular busses for their trip home," said Barrett. "Since there is no facility for serving lunches at Jefferson these children will have to carry lunches," he added.

Barrett said that some 3rd grade students from Franklin, and a few children from the Lemmer School, will also be assigned to the Jefferson School for classes. "We expect it to be possible for the Franklin and Lemmer children to go home for lunch," Barrett said hopefully.

"It is understood that these

changes might result in some inconvenience for some of the parents and their children involved, but it is ardently hoped that they will understand the situation being created by increasing enrollments," he stated. "If enrollments continue to increase — and there is every indication that they will — such assignments will have to be made until such a time as new classrooms are provided. In the meantime it should be pointed out that the children involved will continue to receive just as fine an education as if they continued to attend classes in their regular buildings," Barrett promised.

School Opening

Tuesday, Sept. 2, marks the first day of school in the Escanaba District for all students except kindergartners. Classes will commence at regular times — 9 a. m. for elementary grades and 8:30 a. m. for junior and senior high school students, except for those high school students attending the early 7:45 session.

Kindergarten classes will commence on Wednesday, Sept. 3 — the morning session at 9 a. m. and the afternoon session at 1:10 p. m. "Parents who have

not registered kindergartners should do so on Tuesday," Barrett said. He asked that parents bring a birth certificate to the registration, not their child.

Parents with new students to be registered in grades 1 through 12 are being asked by school officials to take them to the appropriate principal's office any day, commencing Aug. 20, so schedules can be made and classes assigned.

"Basically, the same bus routes and schedules of last year will be continued. You will be informed if there are any major changes," Barrett assured parents.

Logging Safety Is Keyed To New Code

Hoffa Returns To Courtroom

By JEAN WORTH
Of Panax Newspapers

If we don't count trapping and the pioneer salting of fish, lumbering is the oldest industry in Northern Michigan.

It is also the area's most dangerous, with a workmen's accident insurance rate often compared to that for steep-jacks because of the high incidence of logging mishaps.

The workmen's compensation insurance rate for logging in Michigan has long reflected the high cost of accidents in care of survivors and compensation of the families of the dead. It was nearly \$30 per \$100 of payroll, a prohibitively high rate that cut seriously into logger's profits.

Briefly Told

Persons wishing to operate a concession at the airport dedication air show at Ludington Park on Aug. 30 are asked to contact Ron DeVos at the First National Bank of Escanaba.

Reservations for the Championship dinner for ladies of the Escanaba Country Club will be accepted through today by calling the club, 786-1701.

More people get more news from newspapers than all other sources combined.

Teamwork by safety experts of industry, of the insurance companies and of the Bureau of Safety Regulations-Michigan Department of Labor have brought these rates down in the past year and expects to lower them more.

Next big step forward in Michigan's campaign against logging accidents will be start of enforcement on Nov. 15 of a law which is expected to become effective on that date, setting up a Michigan Logging Safety Code and prescribing standards for safe operations in wood harvesting.

Counseling Group
Some other states with wood industries have had such a code for years and they have fewer accidents and much cheaper accident insurance on loggers. Now Michigan will have a code and a new accent on safe operations in the woods, thanks to the counsel of an able group of men who wrote the code.

The 7 man committee appointed by Thomas Roumell, director of the Michigan Department of Labor, includes: Edward Locke, Marquette timber broker, chairman; Marvin W. Pearson, safety engineer of Employers Mutual Liability Insurance Co., Wausau, Wis., vice chairman; Philip L. Huntley, woodlands safety director of Kimberly-Clark Corp., Nor-

HAND SIGNALS for machine operators in logging are standardized in the new Michigan Logging Safety Standard. Here the signal for "Lower the boom slowly" is pictured.

way, secretary; Robert E. Barron, manager of personnel, Escanaba Paper Co.; William C. Deneen, U. S. Plywood Corp., Gaylord; Kenneth L. Bextrom, Abitibi Corp., Alpena, and Lyle Luke of Luke Brothers, Michigan loggers. Helping to familiarize loggers of the Upper Peninsula

with the coming code, says Don Hoover, director of the Bureau of Safety Regulations, is John Cole of Calumet, Upper Peninsula supervisor for occupational safety.

He's been holding meetings—usually in the evening because loggers are busy in the daytime—explaining the code and logging safety programs. "The campaign," says Hoover "should lower the workmen's compensation rate which reduces loggers' profits."

Dual Purpose
"There's no charge for the programs," says Cole, "and we'll hold them anywhere and any time that loggers will attend."

Bob Barron of The Mead Corporation's Escanaba Paper Co., says "this code is an instrument which, if accepted and abided by, will be a big step in reducing the logging industry's traditionally high accident rate."

"There's nothing in the law that can't be lived with. There are no economic restrictions on the logger. The Logging Safety Standards have a dual purpose:

"1. They're designed to place on the employer—and rightly so—the responsibility of seeing that his people are properly trained.

"2. And they're designed to

obligate the employee to abide by the training instructions so that his job is safer.

"It's the first time that we've had rules of law in Michigan in the logging industry and they're much needed as guidelines. Basically they're helpful hints to prevent accidents and to improve profits."

The code aims to create a new state of mind in loggers that is safety dominant. It comes at a time of change in logging that should help its enforcement and its effectiveness.

CHATTANOOGA, Ten. (AP)—James H. Hoffa, president of the Teamsters Union, returned to the courtroom of his 1964 jury tampering trial here Tuesday to challenge the conviction.

Hoffa, who has served 30 months of an 18-year term at the federal prison in Lewisburg, Pa., won another chance at freedom under a U. S. Supreme Court-ordered investigation into wiretapping and urging by federal agents during his trial.

U. S. District Court Judge Frank W. Wilson, the 1964 trial judge, was directed to determine if conversations involving Hoffa overheard by federal agents us-

ing listening devices violated the union leader's rights under the U.S. Constitution's Fourth Amendment.

The hearing will mark the second time Hoffa has had a chance in Chattanooga to air charges that the government listened in on conversations between him, his three codefendants, their lawyers and other parties during the jury tampering trial.

In Hoffa's fourth new trial motion in 1967, his attorneys said they had evidence that government agents had bugged and wiretapped his hotel room in Chattanooga.

HAND SIGNALS for machine operators in logging are standardized in the new Michigan Logging Safety Standard. Here the signal for "Lower the boom slowly" is pictured.

way, secretary; Robert E. Barron, manager of personnel, Escanaba Paper Co.; William C. Deneen, U. S. Plywood Corp., Gaylord; Kenneth L. Bextrom, Abitibi Corp., Alpena, and Lyle Luke of Luke Brothers, Michigan loggers.

with the coming code, says Don Hoover, director of the Bureau of Safety Regulations, is John Cole of Calumet, Upper Peninsula supervisor for occupational safety.

He's been holding meetings—usually in the evening because loggers are busy in the daytime—explaining the code and logging safety programs. "The campaign," says Hoover "should lower the workmen's compensation rate which reduces loggers' profits."

Dual Purpose
"There's no charge for the programs," says Cole, "and we'll hold them anywhere and any time that loggers will attend."

Bob Barron of The Mead Corporation's Escanaba Paper Co., says "this code is an instrument which, if accepted and abided by, will be a big step in reducing the logging industry's traditionally high accident rate."

"There's nothing in the law that can't be lived with. There are no economic restrictions on the logger. The Logging Safety Standards have a dual purpose:

"1. They're designed to place on the employer—and rightly so—the responsibility of seeing that his people are properly trained.
"2. And they're designed to

Hoffa Returns To Courtroom

CHATTANOOGA, Ten. (AP)—James H. Hoffa, president of the Teamsters Union, returned to the courtroom of his 1964 jury tampering trial here Tuesday to challenge the conviction.

Hoffa, who has served 30 months of an 18-year term at the federal prison in Lewisburg, Pa., won another chance at freedom under a U. S. Supreme Court-ordered investigation into wiretapping and urging by federal agents during his trial.

U. S. District Court Judge Frank W. Wilson, the 1964 trial judge, was directed to determine if conversations involving Hoffa overheard by federal agents us-

ing listening devices violated the union leader's rights under the U. S. Constitution's Fourth Amendment.

The hearing will mark the second time Hoffa has had a chance in Chattanooga to air charges that the government listened in on conversations between him, his three codefendants, their lawyers and other parties during the jury tampering trial.

In Hoffa's fourth new trial motion in 1967, his attorneys said they had evidence that the government agents had bugged and wiretapped his hotel room in Chattanooga.

The Dirty Lakes?

"Of all the ransacked rooms in nature's house, none has been more abused — nor in so short a time — than the Great Lakes," Stewart L. Udall, former secretary of the interior, writes in an article in the August issue of True magazine. "Patchwork repair jobs will no longer do. We have not only exhausted our excuses for inaction and apathy; we have also run out of time. Quite simply, it is up to us. Man — if he wants — can be master of his fate. Indeed, he has no alternative."

Lake Erie is widely known as a "dead" lake, killed by repeated contamination. Lake Michigan is dying. And even Lakes Huron and Superior are threatened.

Udall reports that Superior, the largest, deepest, coolest and cleanest of the Great Lakes "is developing pollutional sores from steel, sewage and paper mill discharges pouring down the St. Louis and Montreal rivers and from Duluth Harbor; red TNT wastes from the E. I. du Pont de Nemours Co. plant at Barksdale, Wis. . . . Recently hearings have been held and a bitter argument has broken out over whether the Reserve Mining Co.'s taconite processing plant on Superior's Silver Bay is polluting the lake with its dull gray outpouring of 59,000 tons a day of ore residues."

It is interesting to note that, although Lake Erie (partly because it is so shallow) is already considered dead, it is in one respect better off than Lake Michigan. Scientists believe that Erie could make a relatively rapid recovery if all sources of pollution in that body of water were halted (and the worst polluter of Lake Erie is Detroit). This is because Lake Erie is flushed by the water of Lake Huron. Lake Michigan, on the other hand, does not have a similar flushing arrangement, leading some scientists to believe it might never recover if it were to become as polluted as Lake Erie is now.

It is estimated that as much as \$15 billion may be required in the next 10 or 15 years in order to save the Great Lakes.

This money would be needed for a wide variety of control measures. Adequate secondary sewage treatment facilities would be needed. Similar facilities would be needed for treatment of industrial wastes. Combined sewers that now carry both sanitary wastes and storm waters would have to be replaced with separate systems. A system of drains, dams, channel improvements, etc. would be required to control runoff of pesticides. New sites and methods of disposing of polluted dredgings would have to be found.

But money alone will not solve the Great Lakes pollution problem. New anti-pollution laws must be enacted. And these new laws, along with existing laws, must be effectively enforced. Water quality standards established for interstate waters under the Water Quality Act of 1965 must be upheld. The possibility of implementing additional international efforts toward solving lake pollution problems should be explored.

Fortunately, the public is much more aware now than it has ever been of the peril of pollution in the Great Lakes and the high cost of correcting this disgraceful situation. Steps are being taken to do something about the problem. Witness, for instance, the passage last November of the clean waters bonding act by Michigan Voters.

But vastly more remains to be done — and there is precious little time in which to do it.

Peninsula Potpourri

An estimated crowd of 20,000 witnessed the Faith In Our Country Day parade in Iron Mountain. Outstanding floats and drum and bugle corps from all parts of the U.P. and northern Wisconsin participated. Another huge crowd witnessed the Spectacle of Music held in the evening in the Iron Mountain High School stadium. The program will become an annual event.

At Sault Ste. Marie, the controversial issue of providing ambulance service in Chippewa County is still unresolved after the county board of supervisors sent the problem back to committee for further study. A special committee report and a resolution authorizing War Memorial Hospital to subsidize the existing ambulance service operated by the Sault fire department was abandoned when it was pointed out that the board of supervisors had no authority to obligate hospital funds.

Four Kincheloe Base Closure Committee members from Sault Ste. Marie flew to Washington for a Pentagon meeting with Donald Bradford, of the office of economic adjustment, Department of Defense. Purpose of the meeting will be to get the DDC's opinion on the feasibility and legality of a recent proposal by a group of Midland investors for the development of the air base after its scheduled deactivation by Oct. 1, 1970.

One tenth of the capacity of Ranger III vessel was taken on its trip to Isle Royale when the family of Alvin Gagnon boarded to observe the couple's 25th anniversary on the island. The family unit of 12 was included in the voyagers. Two children of the Gagnons did not make the trip.

Two St. Ignace boys were rescued by Sheriff Philip Schaefer from an island near St. Ignace where they were marooned when a storm made it impossible for them to return in their boat. Rescued were Dennis Sweeney and David Ingals, the third boy, Tim Sweeney, brother of Dennis, swam a quarter of a mile to shore to get help.

The Bessemer District Court hearing for Mrs. Gladys Loghides, 28, of Milwaukee, charged with manslaughter in connection with the death of her mother on July 15, has been postponed until Monday, Aug. 25. Her appearance scheduled for last Monday was postponed because Mrs. Loghides is still receiving medical treatment. She is charged in the death of Mrs. Helen L. Austin, 53, also of Milwaukee, following a family quarrel at the home of Mrs. Austin's sister in Marenisco. Mrs. Austin died of injuries in Divine Infant Hospital, Wakefield.

RICHARD & THE GIANT

New U.S. Immigration Law Is Shortsighted

By JOHN CHAMBERLAIN

It was supposedly a great step forward when the selection of immigrants in accordance with a quota system based on "national origins" was abolished.

The old system gave preference to north European countries that did not always use up their quotas. This was considered discriminatory by Latins, Slavs, and Orientals who found themselves at a great disadvantage when compared with Britons, Germans, and Swedes.

The new law, which was shaped up under the late President John F. Kennedy, became operative under Lyndon B. Johnson. What it did was to establish preference categories designed to favor immigrants with family relationships in the U. S. It did away with the nation-by-nation approach, setting a total annual limit of 170,000 immigrants from the Eastern Hemisphere and 120,000 from the Western Hemisphere.

Good things, however, have the defects of their qualities, and the new immigration law is no exception. Our big international companies, members for the most part of the National Foreign Trade Council, are suddenly experiencing extreme difficulty in bringing foreign executive and technical personnel into this country from the industrial nations of northern Europe for extensive training.

The whole business makes no sense in an era in which IBM, General Electric, General Motors, Ford, Chrysler, Gillette, and Procter and Gamble have ceased to be provincial corporations primarily interested in the American market.

A survey by the National Foreign Trade Council, covering a two-year period for 1967-68, shows that the big U. S. international companies sent more than four times as many managerial, professional and specialist people abroad as came into this country from foreign shores to gain U. S. "home office" experience.

Such a top-heavy state of affairs invites counter-discrimination (General de Gaulle would surely have noticed it if he had remained in power). Even though foreign governments might be willing to let it pass, the situation is indeed and will become more so when the four-to-one discriminatory ratio jumps to nine-to-one, as is bound to happen.

The U. S. grants visiting visas for short periods, but this limits the type of experience that a foreign specialist or managerial type can gain in America before returning to work for an Italian, German or British subsidiary of a big international company.

Many jobs require two-and-three-year periods of training before the foreign experts can return home to apply U. S. marketing or other professional expertise in their own international territories.

To pick one example, Vincent C. Zeigler, chairman of the Gillette Co., has been trying to bring the president of his Italian company to Boston to take over the Gillette Australasian Division, which has plants in Australia, New Zealand, and Japan. Eventually the man would move on, either to the Far East or back to Italy. No U. S. citizenship for

the Italian is contemplated, and he would not be taking the job away from an American.

As things stand, the frustrated Italian Gillette executive can't come to America save on a temporary visa. He can't bring his family with him, much less his furniture. Nor can he buy a home for the duration of his stay. For a company like Gillette, which has 125 companies around the world, most of which accept

personnel originating in the U. S. for extensive periods, this situation is frustrating. It does the U. S. "image" no good, and it will eventually hurt our international desires for a stabilized world by depriving the Italian Gillette Co. of some U. S.-learned expertise that could be utilized to improve the local economy.

When John F. Kennedy set out to change the old "national origins" quota system he did not envisage making things difficult for the international companies which need to bring 500 or so key administrators or professional employees to the U. S. each year for training. Even Canadians have been experiencing difficulties in coming to the U. S. for short periods, for the Western Hemisphere annual limitation of 120,000 immigrants has been exhausted by the need to welcome refugees from Castro's Cuba. The law should be amended to make it possible for business to live in an international world without fear of the sort of reprisals that only succeed in making everybody poorer.

Letters To The Press

NUISANCES

No traffic study is necessary, just common sense. Here are some of the main causes of the main street traffic wrongs. "No enforcement of ordinances regarding main street traffic."

Once upon a time there was a painted line on each street entering Ludington St. to stop an auto from taking up the whole crosswalk. Not today. Autos take up the whole crosswalk. Recently at a crosswalk on 15th St. I had to go around the back of an auto. The nut behind the wheel then backed up and the bumper got me in the left leg. Why no marked line to keep autos off the crosswalks?

Another nuisance is cars parked on sidewalks, and again one has to walk in the street to get by. One instance on 17th St. it was none other than a police car. The car was parked all across the street right up to the door of the building. I had to walk in the street to get by this car.

There once was a law keeping trucks off the main street. Not anymore. There are as long as 50 footers up and down the main street. This is not allowed in other cities. Why here?

Another nuisance: bicycle riding and cluttering on sidewalks on main street. Once unlawful, but not today. They are all over the sidewalk and if an old fellow is in their way they (the riders) yell "Out of the way, Grandpop!" Other cities have an ordinance which calls for the police department to crack down on the hot rodders' fond of driving especially fast. The ordinance labels "exhibition drivers." It prohibits squealing, peeling or burning up tires, rapid accelerating, fishtailing and excessive noises when shifting gears. Also blowing of horns. Iron Mountain Police Chief A. J. Schupp on June 21 put an article in the paper (Iron Mountain News) that unnecessary blowing of horns is unlawful, according to State of Michigan law. Horns may only be blown when overtaking or passing another vehicle, or as

warning to pedestrians.

He said excessive horn blowing after weddings is unnecessary. To avoid the embarrassment of being ticketed, cars in wedding processions should refrain from this practice, Schupp said.

Another bad practice by people is jaywalking, which is very noticeable on Ludington St. In other cities this is unlawful and tickets are issued.

Another thing, there are no speed limit signs anywhere on the downtown main street from 21st St. to the end.

Enforcement of the above public nuisances by the police force and you need not throw away tax dollars to the outside schemers (for a downtown traffic survey).

Why all the foot dragging? Just get on the ball. Con Mackie
1301 1st Ave., N.

RUPPE REPORTS

Very often, a constituent writes me with a question that I think would be of interest to all the voters of the Eleventh District. For the next few weeks, I would like to answer some of these questions in the Ruppe Reports column. I hope that you find this new service beneficial.

Question — As a township official, I have been asked to contact you with regard to our need for a new sewer and water system. Could you advise as to application procedures for federal assistance?

I will be happy to send you the application forms for the proper government agency. I will then contact the agency's regional representative who will set up a pre-application conference with you. If your town then decides to apply, my office will follow the project through government channels on your behalf.

Question — Congressman Ruppe, this summer, the effects of pollution in the Great Lake State have become more noticeable. What have you, as our Congressman, done about this?

Pollution is a matter of constant concern to me. I have

introduced legislation to prohibit indiscriminate dumping of waste materials into public bodies of water. I have co-sponsored an amendment to the Oil Pollution Act, that makes those who are responsible for oil pollution, liable for oil pollution, liable for the cost of clean-up. Finally, I have been working actively with a bi-partisan congressional group to increase the funding of the Federal Water Pollution Act from 200 million to one billion dollars.

I am then, in full agreement with my constituents, who according to my recent questionnaire, heavily favor an increase of funds for pollution control.

Phil Ruppe
Congressman

The bidding:
South West North East
2 NT Pass 3 ♠ Pass
3 NT

Opening lead—jack of hearts. Most players show 22 to 24 high-card points with an opening two notrump bid, but even the most dogmatic of them would probably approve South's two notrump bid in this case, considering the clubs to be worth 1 or 2 points more than their face value.

However, they might not endorse South's method of play at three notrump. He won the jack of hearts with the king and cashed the A-K-Q of clubs. When West showed out, declarer, with fingers crossed, led another club, hoping to find the hearts favorably divided, but East won the club and returned a heart to put the contract down one.

Of course, South would have made the hand had he found the clubs divided 3-3 or West with four of them, and to that extent he was unlucky.

However, his method of play was far from correct. Starting as he did with eight tricks, South should have taken better aim for his ninth trick.

His major concern should have been to try to avoid East's taking the lead for the potentially fatal heart return through the Q-7. All his efforts should have been addressed to this one possibility.

South should have entered dummy with a diamond at trick two and led a low club next. With East following low, South finesses the eight, not expecting the deep finesse to win, but attempting merely to establish his fifth club as the ninth trick. As it happens, West wins the eight with the ten but cannot stop the contract whatever her plans. So South's thoughtful planning succeeds and he is rewarded for his care with nine tricks.

Note that this method of play succeeds whenever the clubs are divided 3-3, 4-2, or even when East has five or six to the J-10. It makes South a more than 10 to 1 favorite to make the contract.

Ann Landers

Wife Shaves Head To Bribe Husband

Dear Ann Landers: My husband has always been on the conservative side, until about six months ago when he decided to let his hair grow. I didn't say anything until his hair got longer than mine. Then I demanded that he get a haircut. He refused. To teach him a lesson, I took the scissors and gave myself a baldy job. He said I looked like a billiard ball and called me a spiteful nut. I agreed to let my hair grow if he would cut his. His answer was, "I refuse to be blackmailed. No deal."

Last night, out of sheer frustration (and after a few drinks) I went to the bathroom and shaved my head. I walked into the room and said, "How do you like this?" He nearly died. Now my husband refuses to be seen in public with me until my hair grows out. I realize I made a mistake but I feel his terms are too harsh. What do you say, Ann — Vergo?

Dear Vergo: Buy a wig and stay away from the booze.

Dear Ann Landers: In a recent column you told teen-agers where to go if they suspect they have VD. I am 35 years old. All my life I've heard about VD. Everyone says, "Go to a doctor if you recognize any symptoms." Good advice, of course — but what are the symptoms?

Is it a pimple, a boil, a running sore, a scaly patch? Is there pain? Do symptoms appear in areas other than the genitals? They say VD can be cured if you get it early. How early is early? Two days? A week? A year?

Won't you please devote a column to this important subject? The amount of ignorance among adults as well as teen-agers is appalling — N. D. Reader.

Dear N. D.: The most common form of VD is gonorrhea. In the early stages females almost never feel pain or discomfort. It is entirely possible for a woman to infect a man and not be aware of it. In advanced stages of gonorrhea, however, a woman experiences severe pain in the lower abdomen, discharge and sometimes fever.

Syphilis has reached epidemic proportions in the country because the pill has made "old-fashioned" contraceptives "obsolete."

Early syphilis is usually manifested by a skin eruption which resembles a cold sore. The first eruption usually appears on the genitals a few weeks after contact. Several weeks later eruptions may ap-

pear anywhere on the body, including the face. Syphilis, when treated within four or five months can usually be cured within a matter of weeks. Untreated syphilis can result in blindness, brain damage, total incapacitation and death. I urge every individual who suspects he may have VD to go to a doctor or to the county or city department for an examination. VD will not disappear if ignored. When the first set of symptoms fade away many people believe they "wore out" the disease, but this is not true. It has only gone underground and will erupt later in some crippling form.

What awaits you on the other side of the marriage veil? How can you be sure your marriage will work? Read Ann Landers' booklet "Marriage — What To Expect." Send your request to Ann Landers in care of your newspaper enclosing 50c in coin and a long, stamped, self-addressed envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a self-addressed, stamped envelope.

Court Ruling Causes Few Welfare Moves

WASHINGTON (AP) — When the Supreme Court struck down state residence requirements for people receiving welfare, there was apprehension in capitals of states that are most generous to their poor.

Some officials plainly feared they would be engulfed by waves of out-of-staters coming to where the welfare was greener. But so far there is little evidence this is happening.

There is a major difference across the land in the payments for the 10 million people receiving some form of assistance.

New Jersey pays an average \$65.30 a month per person in its aid to families with dependent children. Mississippi pays \$9.70. A family of four receiving welfare in New Jersey averages \$263 a month. The same family would get \$38.75 in Mississippi.

Those are the extremes. The rest of the 50 states fall in between.

Groundless
Nearly three months after the Supreme Court's ruling became effective it appears the fears of mass migration of people on the dole were largely groundless. An Associated Press survey finds that states barely felt a change.

"We expected something to happen," said George Miller, administrator of the Nevada Welfare division, "but we have had practically no change. We have not had numbers go up. We have not had a great exodus."

In its 6-3 decision April 21, the Supreme Court ruled it unconstitutional for a state to require a waiting period for welfare grants for "the purpose of inhibiting migration by needy persons into the state." Such a requirement, the court said, inhibited a citizen's freedom to travel and made an invidious distinction between needy persons who had lived in a state for a year and those who had not.

Delaware, Guam, Hawaii, Kentucky, Maine, New York, Puerto Rico, Vermont, the Virgin Islands and Massachusetts had no residency requirements in any welfare program. Alaska, Georgia and New Jersey had no requirements in aid to families with dependent children, commonly called AFDC, but had some other aid programs.

Seven states and the District of Columbia had residence requirements but had not enforced them for more than a year because the rules were being challenged in courts—California, Connecticut, Illinois, Louisiana, Maryland, Pennsylvania and Wisconsin.

A state legislator in Pennsylvania, Republican Eugene R. Geesey, attempted to ease possible effects of the Supreme Court ruling by introducing legislation that would have given a newcomer only the benefits of his home state. Geesey's move failed.

Pennsylvania, where one of the three welfare cases that caused the Supreme Court ruling originated, had not enforced its requirements for 16 months. In that time, the total

Report Outbreak Of Potato Blight
EAST LANSING (AP) — Potato growers, beware.

If potato foliage appears to be decaying, your produce may be developing late blight.

Dr. H. S. Potter, a Michigan State University plant pathologist, reports an outbreak of late blight on potatoes in Kent County. He warns that the cool, wet weather conditions prevalent recently in the state have been "ideal" for development of the disease.

Potter says the first field symptom of the disease is a brown to black collapse of the tissue in stems and leaves. Leaf damage usually occurs first on the lower leaves, he says.

The decay produces a characteristic odor where late blight is developing rapidly, he says. Potter says the disease is best controlled on the foliage or on the potato itself, with fungicides such as those containing copper, dithiocarbamates and organic fungicides.

Potatoes should be dry when placed in storage, Potter suggests, and if late blight is suspected, the tubers should be further dried by forcing air through storages soon after harvest.

Classified Ads Cost Little, But Do A Big Job!

state welfare load jumped from 424,000 to more than 500,000.

Thomas Gilhool, an attorney who fought the residency battle, said a welfare department study showed 40 per cent of new applicants who were refused benefits before the requirement was dropped indicated they were former Pennsylvania residents. The others, he said, indicated they were moving to the state to be with relatives. None said they came for higher welfare payments.

Not Money
And after the requirements were dropped, Gilhool said, another study showed most new recipients were coming from Ohio, California and Florida in that order.

"California, way across the nation, has higher welfare benefits than Pennsylvania," Gilhool said. "It can't be money that's bringing them here."

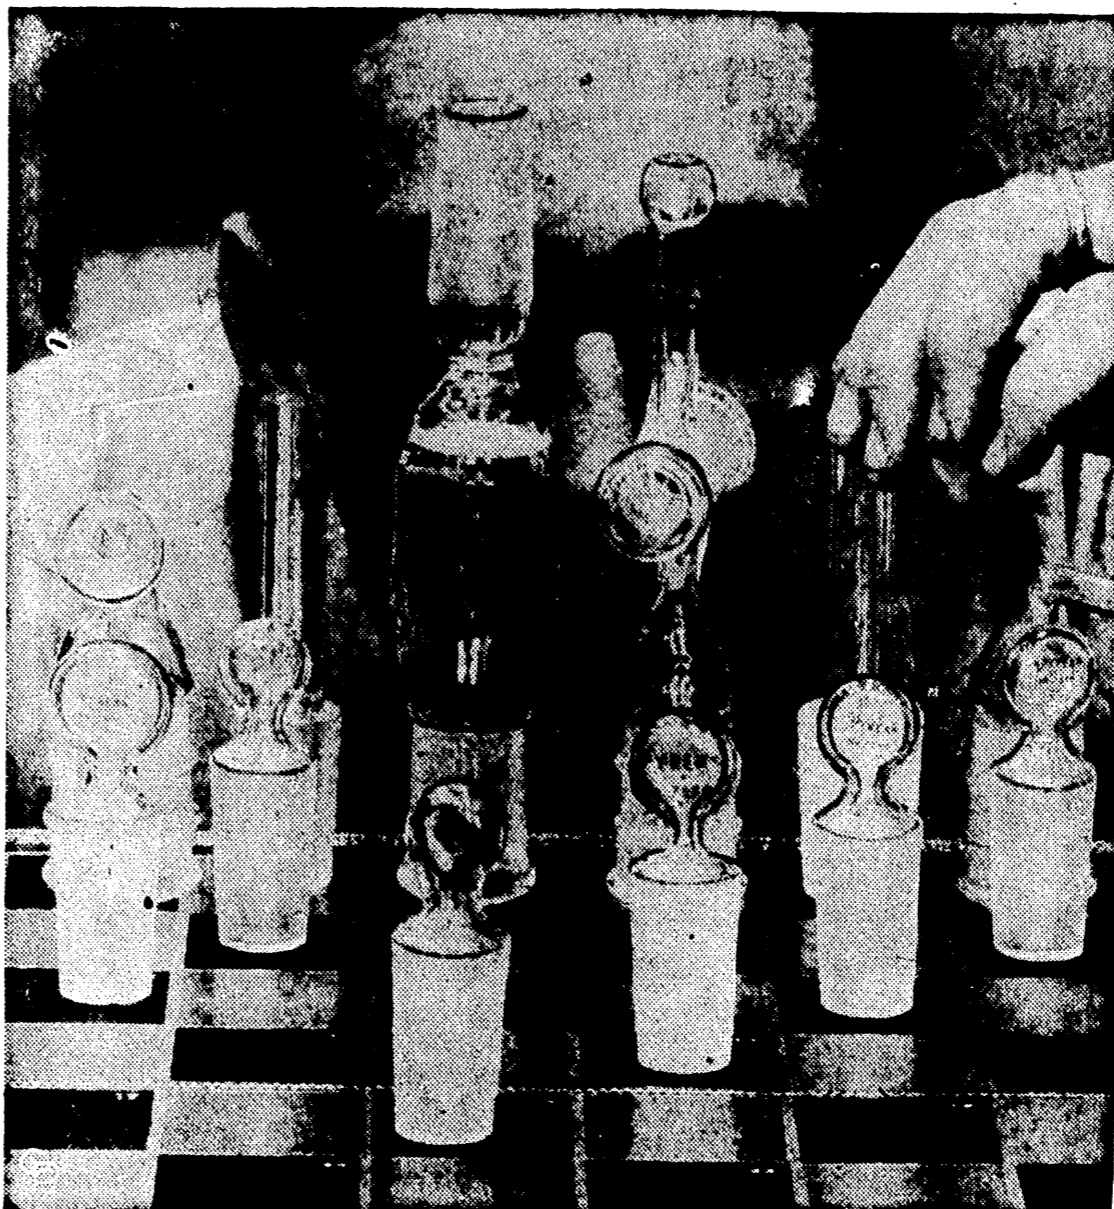

Pennsylvania's average per recipient in AFDC is \$48.05 a month. California's is \$18.25, Ohio's \$39.60 and Florida \$20.40. Florida abandoned its residency requirements in May. In June, 412 families were added to welfare rolls with grants totaling \$9,971. But 87 of those had been receiving welfare from their counties, which presumably ended when they became eligible for state aid.

Mississippi welfare commissioner Arthur Winstead says "I don't expect too many people to leave the state to get a little more welfare money elsewhere." Mississippi, with its lowest AFDC average in the country, in the past continued payments for one year to recipients moving out of the state. Those payments will stop.

Blind Man Shoots Wife By Mistake

DETROIT (AP) — Police reported that John Boggan, 69, who is totally blind, apparently mistook his wife for a burglar early today and shot her to death in their home in the city's downtown section. Dead is 73-year-old Mary Boggan.

Police said Boggan told them he heard some strange noises which he thought were made by a prowler. He fired, unaware that his wife had gone into that section of the home.

CHESS, ANYONE? — Cletus Welch, a research chemist in PPG Industries' plant in Barberton, Ohio, finds the glassware in his laboratory makes good chess pieces.

Hearing Set For Bond Information

The Central Upper Peninsula Economic Development District (CUPEDD) Commission has arranged a meeting with James Wicks, Recreation Resources Planner for the Department of Natural Resources, to discuss the published guidelines for local participation in the Michigan Recreation Bond Fund. All officers of the County Over-all Economic Development Planning (OEDP) Committee as well as the Chairmen of the County Boards of Supervisors have been invited to attend this meeting which will be held Wednesday at 7 p. m., at the Catherine Bonifas Civic Center.

Recreation needs of the citizens of Michigan have increased tremendously in recent years.

The human population explosion has overloaded existing areas and facilities. In November, 1968, the voters of Michigan recognized the increased needs for recreational facilities and approved the \$100,000,000 Recreational Bond Proposal.

An amount of \$1,173,300 of the total bond funds were allocated to the Upper Peninsula. This was derived from a division of the State of Michigan into seven regions. These seven regions were allocated \$30,000,000 of the total bond to be used within a period of five years to fund community recreation projects to be used for local purposes. The amount each region is to receive is based on a per capita formula as determined by the most re-

cent population census. These funds are to be used in the development and expansion of recreational areas for local purposes.

George Rusch, Director of CUPEDD, said that Mr. Wicks will explain the procedure and applications to be used in applying for these recreational funds from the Michigan Recreation Bond Fund. The CUPEDD area includes Alger, Delta, Dickinson, Marquette, Menominee and Schoolcraft counties.

The public is welcome to attend the meeting.

Killed By Truck

PECK (AP) — Vickie O'Connor, about 5, of Yale, was killed Monday when she was struck by a truck southeast of Peck in Sanilac County.

She was the daughter of Mr. and Mrs. Edward O'Connor.

Airport Dedication:

City Proclaims Aviation Days

Noting the up-coming celebration that will mark the dedication of Escanaba's new City Airport, the Council on Thursday night will proclaim Aug. 29-30 as Aviation Days in the community.

Wally Arntzen, Escanaba architect noted for his accomplishments in aviation, will also be recognized in a proclamation to be adopted by the Council when it meets at 8 p. m. Thursday at the Civic Center.

The celebration accompany-

ing the airport dedication program, arranged by a committee headed by Claude Tobin, will include the appearance of the famed Thunderbirds, the Air Force's precision flying team, and other events.

The City Council's other business on the agenda prepared by City Manager George Harvey includes:

Final approval of the Art DeGrand plat to the City of Escanaba; request for permission to advertise for public sale a parcel containing 15 acres in Sec. 25 T39N R23W.

Report and recommendation on bids for the annual requirements for premium gasoline; presentation of proposed airport rules and regulations; and other business.

The Planning Commission will meet at 7 p. m. in the Civic Center also on Thursday. It will consider a recommendation regarding the sale of city-owned land; and discussion on a review of the comprehensive plan and revising the zoning ordinance.

Briefly Told

The Golden Age Club will meet Wednesday at 7 p. m. at the Civic Center. All members are asked to attend as plans for a picnic will be discussed.

A series of offenses including auto thefts and burglaries have been solved by the Escanaba Police Department with admissions from two Escanaba boys and a boy from Cornell. Places entered in Escanaba included Tommy's Restaurant, St. Patrick's Church School, City Discount Cleaners, and the Coleman Nee Co. office.

Escanaba police have issued traffic court notices to Thomas Bonn, 611 S. 9th St., and to April Starnes, 509 S. 8th St., both for failing to yield the right of way.

James Siko, 209 1/2 N. 9th St., reported to police that he was bitten on the left leg by a dog owned by Peter Hirn, Old State Road Monday afternoon. The incident occurred at the Hirn home. The dog is confined for 10 days for rabies observation.

Computer Part Of 4-H Show

EAST LANSING (AP) — A homemade computer—billed as one youngsters can put together with about \$50 worth of materials—is on display at Michigan State University today.

It's part of the wide-ranging exhibit set up on the campus as some 5,000 young people from across Michigan attend the 1969 annual state 4-H Youth State Show.

The computer was developed for Michigan's 4-H youth programs by Les Mack of the MSU Agricultural Engineering Department.

The university says the computer will do additions, subtractions, multiplications and divisions.

However, Mack says the greatest value of the computer is not the calculations it does, but the educational benefits young people building it receive.

Few youngsters have \$50 available, Mack admits, but he suggests a small group of youngsters can build the computer together. This greatly reduces the cost to each while yielding the same educational benefits, he says.

The computer display, a full scale model of the Apollo command Module from NASA and thousands of 4-H displays and exhibits are open to the public through the week. No admission is charged.

She's Happy Patient:

Cheerful Smiles Inspire Others

Mrs. Joan (Bobby) Backland formerly of Flat Rock and Cornell, now a patient at the Pinecrest Medical Care Facility in Powers, has been a victim of multiple sclerosis for the past 11 years and has been at Pinecrest since April 1968. But she is praised as one of the most cheerful residents there.

She graduated from St. Joseph's High School and is the former "Bobby" Vandonaer. Mrs. Backland, 41, is a mother of five, three daughters: Susan, 20, married and living in Escanaba; Pat 19 and Toni 15 and two sons: Stefan 14 and Tommie 12. She became afflicted with MS shortly after the birth of Tommie.

Her mind is kept busy by repeating poetry and memorizing some of her favorites by Kipling. Crossword puzzles occupied most of her time when she was first admitted to Pinecrest but, because of poor eyesight, she became interested in semiclassical music and tunes from the 40s.

The loss of her sight was one of the most tragic effects of MS because of the limits it placed on her. A television set was given to her by the American Legion Post and the Cornell Lions Club. She can go for therapy in a wheelchair but not for very long, so objects in her room are most precious to her.

According to the nursing staff at the facility she is a most lovely, cheerful person. She enjoys receiving letters and friends may write to her at the Pinecrest Medical Care Facility at Powers, Mich.

Mrs. Backland

Panel To Protect Detroit Buyers

DETROIT (AP) — The Mayor's Task Force on Consumer Protection and Education recommended Monday that a 15-man commission be formed to protect Detroit consumers.

The commission would give consumers a voice in government and a central bureau to which they could direct complaints.

The task force has been meeting for several months on its plans. The recommendation will go to Mayor Jerome P. Cavanagh, who will decide whether to create the commission by executive order or let Common Council form it.

Soviets Wish To Import Jap Autos

TOKYO (AP) — The Soviet Union is reportedly negotiating the import of passenger cars and trucks with Japanese automobile manufacturers.

The newspaper Asahi said the negotiation is underway between the Soviet Automobile Corp. and a group of Japanese manufacturers including Nissan Motors, Nissan Diesel Industries, Mitsubishi Heavy Industries, Isuzu Motors, Hino Automobile Industry and Komatsu Manufacturing Companies.

Michigan, Ohio Want Part In Water Planning

DETROIT (AP) — Michigan and Ohio have called for greater participation in the planning and development of federal water projects.

Appearing before a Water Resources Council hearing here Monday, S. L. Frost of the Ohio Department of Natural Resources, said:

"The council should be expanded to provide for state membership so that new policies can reflect an adequate relationship with state water planning and management."

"An ultimate objective should be to structure the Water Resources Council to serve as the nation's board of directors for water management in a partnership with the state," he added.

The council is comprised of the secretaries of agriculture, army, health, education and welfare, interior, transportation and the chairman of the Federal Power Commission.

A council task force recently established a tentative set of guidelines to evaluate proposed federal projects. Michigan and Ohio objected to the guidelines because of their lack of state participation.

"States are cost sharing in water resource projects to an

School Fees Coming Due

A new system of collecting textbook rental and supply fees is to be instituted this year in the Escanaba Area Public Schools, announced Superintendent Luther Barrett today. Parents are asked to pay their fees at the school office before the first day of classes.

Next Monday, Tuesday and Wednesday—August 25, 26, and 27—have been set as the days when parents are asked to call at the schools to pay the rental and supply fees. Because building secretaries are available in their buildings at varying hours, the following schedule has been established: Junior High, all day on all three days; Lemmer School, all day on all three days; Pine Ridge and Cornell, all day on Tuesday; Ford River, Webster, Franklin and Wells, 9-11:30 a. m. on all three days; and Washington, Soo Hill, and new and old Jefferson, 1-3:30 p. m. on all three days. The following fees will be payable at these times: Kindergarten, \$2; grades 1 through 6, \$12; and grades 7 and 8, \$10.50.

10-Year-Old Bitten By Dog

A 10-year-old Gladstone boy was severely bitten Monday afternoon by a large dog owned by a neighbor.

Duane Goodman, 10, son of Mrs. Lois Goodman 226 S. 10th St., Gladstone, suffered lacerations of the eye, mouth, hand and leg when he was attacked by a watchdog owned by Paul Cole, his next door neighbor.

"The dog is always tied," said the boy's mother. "But I guess the dog thought the boy was doing something wrong."

A local doctor said that it required 22 stitches to close the wounds inflicted by the dog. Gladstone police have placed the animal under observation for 10 days.

The Escanaba Daily Press has 95 per cent coverage in the City of Escanaba, 94 per cent in the City of Gladstone, 90 per cent in the City of Manistique and 83 per cent throughout Delta County. The Daily Press is a welcome visitor in 10,400 homes daily in a five-county Central Upper Peninsula area. Smart advertisers use the Escanaba Daily five-county Central Upper Peninsula.

STORK REPORT — According to the weekly newspaper France diManche, published in Paris, Mrs. Aristotle Onassis, 40, is expecting a baby early next year. She has two surviving children, John and Caroline, born during her marriage to President John Kennedy. The photo of Mr. and Mrs. Onassis was made June 5.

Nurses Honored At Bay de Noc

Dr. Richard Rinehart today announced the names of the nursing graduates who received honors from Bay de Noc's one-year certificate program for licensed practical nurses. Among the recipients honored for their outstanding scholastic achievement were Barbara Hammerburg, Escanaba; Susan Pomeroy of Rapid River; and Mrs. Jessie Welch, Harbor Springs, Michigan. Each of these students have been appointed to the President's Honor Council for their significant success.

The nursing graduates were presented at a tea at St. Francis Hospital for their contribution to the care of the sick. The graduating class in response to the hospital for their excellent clinical experience presented the staff with a gift of eight wall clocks for the protective care unit.

Guest speaker for the graduation dinner held on August 14, 1969 was Dr. Maniachi. His commencement address was entitled, "What a Doctor Expects of a Nurse" and concentrated on the main professional services the nurse provides in the care of patients and the many services the nurse performs out of warmth and kindness for the ill and suffering. All of these came to be expected by both the doctor and the patient.

Listed among the graduates are: Bonnie Brown, Lorraine Daily, Mary Godin, Barbara Hammerburg and Cheryl Lue-neburg, all from Escanaba; Cheryl Coppock, Maclene Crisp, Helen Lang and Gaynell Lundin, from Gladstone; Anne Clish of Manistique; Richard Parker of Germfask; Karen Plutchak of Daggett; Susan Pomeroy of Rapid River; Dorothy Weaver of Hermansville; and Mrs. Jessie Welch of Harbor Springs.

John Meier Dies In Hospital

John H. Meier, 75, 1213 1st Ave. S., Escanaba, died this morning at St. Francis Hospital where he had been a patient since April 1.

Born March 18, 1894 in Escanaba, Meier had lived here his entire life. He worked for the Chicago-Northwestern Railway prior to his retirement in 1959. He was preceded in death by his wife, Esther on May 23, 1969.

Meier was a WW I veteran and a member of St. Joseph's Church and K. C. Council 640. Surviving is one son, John Meier of Warren and seven grandchildren.

The body has been removed to the Boyce Funeral Home and funeral arrangements will be announced at a later date.

Briefly Told

State Police arrested Dwayne Kasbohm, 21, 310 N. 18th St., Escanaba, for being drunk and disorderly. Leonard Kositzke, Rte. 1, Escanaba, told troopers that Kasbohm was driving around his hayfield knocking over bales of hay.

The Gladstone High School Annuals will be available at the high school from 1-3 p.m. Thursday.

AP Photographer On Missing Copter

SAIGON (AP) — Associated Press photographer Oliver Noonan was reported missing in action today. A helicopter in which he was riding was evidently shot down over rugged jungled terrain about 30 miles south of Da Nang.

The crash happened near dusk and searchers were unable to reach the area immediately. Officers at headquarters of the American Infantry Division feared that all nine men aboard the helicopter were killed.

Noonan, 29, of Norwell, Mass., had been in Vietnam five months, working almost wholly in the field as both a photographer and a reporter. He had made two combat helicopter assaults today in battles erupting in the rolling foothills below Da Nang.

Arizona's Hopi Indians have found wealth through oil leases and mining concessions. The Tribal Council now operates a clothing plant and is planning a combined motel, restaurant and crafts center, says the National Geographic Society.

THE DEGREE OF Doctor of Optometry has been received by Paul R. Gayeff, Escanaba at graduation ceremonies held recently at Indiana University. He is the son of Mr. and Mrs. Todd Gayeff, 703 S. 15th St.

Michigan Shares In Land Funds

WASHINGTON (AP) — Michigan was one of 26 states to receive a share of some \$28.5 million from the U.S. Bureau of Land Management for sale and use fees collected on federal lands. Interior Secretary Walter Hickel announced Monday.

Michigan received \$2,577.68 for mineral leasing fees from the first half of 1969 and from grazing and land sales fees during the last twelve months.

The lions share went to three states—Wyoming, with more than \$9 million; New Mexico, \$6.09 million; and Alaska, \$4.49 million. Other major receivers were Montana, California and Colorado, which each got more than \$1.7 million.

TENSION?

If you suffer from simple every day nervous tension then you should be taking B.T. tablets for relief. Call on the druggist at the drug store listed below and ask him about B.T. tablets.

They're safe non-habit forming and with our guarantee, you will lose your every day tension or receive your money back.

Don't accept a substitute for relief, buy B.T. tablets today. West End Drug Store 1221 Ludington St. Phone 784-9131

Butts Leave For New Post

Major and Mrs. Orville Butts of the Salvation Army will be transferred from Escanaba to Minneapolis, Minn., in the near future, it was announced today.

The couple have served in the Escanaba area for the past seven years. During that time the major has been active in several organizations including the Bay de Noc Christian Fellowship Group and Kiwanis.

A farewell social for the Butts will be held Thursday at 7:30 p.m. at the Army Headquarters. The public is invited.

Sunday will be the final "goodbye" for the family and they will take part in all the services for the day.

Court District

Gary P. Juhl, 18, Willow Creek Rd., Escanaba, and David Ansell, 17, Rte. 1, Cornell, both pleaded guilty Monday to charges of entering without breaking. They were each fined \$35, assessed \$13.50 costs, a judgment fee of \$3 and placed on probation for one year.

The two youths were arrested Monday morning by State Police while trying to steal some stuffed animals from the U. P. State Fairgrounds.

FBI Arrest

UNION CITY, N.J. (AP) — The FBI arrested Angel Edward Pla, 33, at his home here Monday on a charge of unlawful flight to avoid prosecution on an embezzlement charge in Flint, Mich.

She's Happy Patient: Cheerful Smiles Inspire Others

Mrs. Joan (Bobby) Backland formerly of Flat Rock and Cornell, now a patient at the Pinecrest Medical Care Facility in Powers, has been a victim of multiple sclerosis for the past 11 years and has been at Pinecrest since April 1968. But she is praised as one of the most cheerful residents there.

She graduated from St. Joseph's High School and is the former "Bobby" Vandonaker.

Mrs. Backland, 41, is a mother of five, three daughters: Susan, 20, married and living in Escanaba; Pat 19 and Toni 15 and two sons: Stefan 14 and Tommie 12. She became afflicted with MS shortly after the birth of Tommie.

Her mind is kept busy by repeating poetry and memorizing some of her favorites by Kipling. Crossword puzzles occupied most of her time when she was first admitted to Pinecrest but, because of poor eyesight, she became interested in semi-classical music and tunes from the 40s.

The loss of her sight was one of the most tragic effects of MS because of the limits it placed on her. A television set was given to her by the American Legion Post and the Cornell Lions Club. She can go for therapy in a wheelchair but not for very long, so objects in her room are most precious to her.

According to the nursing staff at the facility she is a most lovely, cheerful person. She enjoys receiving letters and friends may write to her at the Pinecrest Medical Care Facility at Powers, Mich.

Mrs. Backland

Panel To Protect Detroit Buyers

DETROIT (AP) — The Mayor's Task Force on Consumer Protection and Education recommended Monday that a 15-man commission be formed to protect Detroit consumers.

The commission would give consumers a voice in government and a central bureau to which they could direct complaints.

The task force has been meeting for several months on its plans. The recommendation will go to Mayor Jerome P. Cavanagh, who will decide whether to create the commission by executive order or let Common Council form it.

Soviets Wish To Import Jap Autos

TOKYO (AP) — The Soviet Union is reportedly negotiating the import of passenger cars and trucks with Japanese automobile manufacturers.

The newspaper Asahi said the negotiation is underway between the Soviet Automobile Corp. and a group of Japanese manufacturers including Nissan Motors, Nissan Diesel Industries, Mitsubishi Heavy Industries, Isuzu Motors, Hino Automobile Industry and Komatsu Manufacturing Companies.

Michigan, Ohio Want Part In Water Planning

DETROIT (AP) — Michigan and Ohio have called for greater participation in the planning and development of federal water projects.

Appearing before a Water Resources Council hearing here Monday, S. L. Frost of the Ohio Department of Natural Resources, said:

"The council should be expanded to provide for state membership so that new policies can reflect an adequate relationship with state water planning and management."

"An ultimate objective should be to structure the Water Resources Council to serve as the nation's board of directors for water management in a partnership with the state," he added.

The council is comprised of the secretaries of agriculture, army, health, education and welfare, interior, transportation and the chairman of the Federal Power Commission.

A council task force recently established a tentative set of guidelines to evaluate proposed federal projects. Michigan and Ohio objected to the guidelines because of their lack of state participation.

"States are cost sharing in water resource projects to an

School Fees Coming Due

A new system of collecting textbook rental and supply fees is to be instituted this year in the Escanaba Area Public Schools, announced Superintendent Luther Barrett today. Parents are asked to pay their fees at the school office before the first day of classes.

Next Monday, Tuesday and Wednesday—August 25, 26, and 27—have been set as the days when parents are asked to call at the schools to pay the rental and supply fees. Because building secretaries are available in their buildings at varying hours, the following schedule has been established: Junior High, all day on all three days; Lemmer School, all day on all three days; Pine Ridge and Cornell, all day on Tuesday; Ford River, Webster, Franklin and Wells, 9-11:30 a. m. on all three days; and Washington, Soo Hill, and new and old Jefferson, 1-3:30 p. m. on all three days. The following fees will be payable at these times: Kindergarten, \$2; grades 1 through 6, \$12; and grades 7 and 8, \$10.50.

10-Year-Old Bitten By Dog

A 10-year-old Gladstone boy was severely bitten Monday afternoon by a large dog owned by a neighbor.

Duane Goodman, 10, son of Mrs. Lois Goodman 226 S. 10th St., Gladstone, suffered lacerations of the eye, mouth, hand and leg when he was attacked by a watchdog owned by Paul Cole, his next door neighbor.

"The dog is always tied," said the boy's mother. "But I guess the dog thought the boy was doing something wrong."

A local doctor said that it required 22 stitches to close the wounds inflicted by the dog. Gladstone police have placed the animal under observation for 10 days.

The Escanaba Daily Press has 95 per cent coverage in the City of Escanaba, 94 per cent in the City of Gladstone, 90 per cent in the City of Manistique and 83 per cent throughout Delta County. The Daily Press is a welcome visitor in 10,400 homes daily in a five-county Central Upper Peninsula area. Smart advertisers use the Escanaba Daily five-county Central Upper Peninsula.

STORK REPORT — According to the weekly newspaper France diManche, published in Paris, Mrs. Aristotle Onassis, 40, is expecting a baby early next year. She has two surviving children, John and Caroline, born during her marriage to President John Kennedy. The photo of Mr. and Mrs. Onassis was made June 5.

GARTNER'S DEPARTMENT STORE
Norbert L. Kahn, Pres. — Richard G. Kahn, Vice-Pres.
Ted Reiss, Vice-Pres. — Hancock, Michigan
August 19, 1969

To Our Customers:

Wednesday, August 20, Gartner's Store in Escanaba will begin to issue S&H Green Stamps to our customers. S&H Green Stamps...from coast to coast...are nationally accepted as America's largest...and MOST VALUABLE...trading stamps.

Our theory of store-building is based on the idea that we must offer our customers an "advantage"...or a better reason...for shopping at our store. Giving S&H Green Stamps is just such another added "advantage." We are confident you will be pleased with our new local management policies and our unusually attractive merchandise selections.

We pledge ourselves to be the kind of store you want us to be—a store stocked with the best in name brand merchandise plus "sole" specials to bring you the greatest savings and values possible.

And now you can put even more green in your pocket with S&H Green Stamps.

Sincerely yours,
Catherine M. Danielson
Catherine Danielson, Manager

Accuse FAA Of Painting Rosey Safety Picture

WASHINGTON (AP) — A with the airlines industry to assure the public that air travel is safe, the report said, "because of the increased volume of air traffic, the increased number of passengers which an aircraft can carry, and the increasing complexity of mechanisms for general aviation, the air accident fatalities will probably increase in the future."

The report calls for massive federal aid in money, research and leadership to overcome what it calls serious shortcomings in the air traffic control system and grossly inadequate airport facilities and safety practices. It also urges a reduction in the amount of noise and air pollution from aircraft.

If we do not see immediate, massive and drastic change in these three areas, we will be in danger of being completely overwhelmed by the civilian aviation, the report said.

The report, involving a year of research by staffs of the commission, was inserted in the Congressional Record Aug. 1. The sponsors say they will introduce legislation to implement the recommendations.

Among its findings, the report charges the FAA with laxity in its responsibility to regulate airline schedules, airport certification standards, airport development plans and the growth and direction of civilian aviation.

Criticizing the NTSB, the report says there has been little evidence of the board's investigations have been helpful in preventing further accidents.

The report also questions the relationship between the safety board and the FAA, saying the board has never found the FAA to be the probable cause of an accident despite its large role in air traffic control. On only two occasions since 1958 has the FAA been cited as a contributing factor.

Market Moves Ahead Solidly

NEW YORK (AP) — A fast spirit to the upside put the stock market solidly ahead early this afternoon, with advances ahead of declines by about 60 issues.

Trading was fairly active.

The Dow Jones industrial average at noon was up 7.13 at 814.81. The DJI jumped more than 5 points in the first half hour of trading.

The advance was seen by some analysts as a continuation of the technical rally which began under way late last Wednesday "after an apparently successful test of the 800 level on the Dow Jones industrial average."

The market's ability to keep moving higher was reported as encouraging to some investors and helped bring back some of the money which has been sitting on the sidelines.

"Some strength also apparently comes from cuts in short-term interest rates," an analyst said.

Brunswick, in which a 150,000 share block was traded, was the most active issue on the New York Stock Exchange, off 1 1/2 at 38 1/2.

Great Western Financial, second most active largely on a 112,000 share block, was off 1/4 at 29 1/2.

Natamex, which gained 10 1/2 Monday, was up 1 1/2 at 108. The company has said it expects to start exploring for oil off Sumatra later this year.

Tomato Farmers May Face Strike

ERIE (AP)—Tomato farmers in Monroe County tonight discuss the possibility the United Farm Workers Union will strike its first Michigan strike and ask migrant workers not to pick the ripening crop.

In Lansing, the newly formed Agricultural Labor Commission—a state legislative committee—among other items reviews what its chairman calls a "tense situation" in Monroe County.

Officials of the Michigan United Farm Workers Organizing Committee declined any direct comment on a strike against the growers, whose tomato crop is worth at least \$1 million.

"We will be glad to sit down and negotiate with the growers," said John Herrera, a longtime migrant worker who has been in the Michigan UFWOC, whose national leader, Cesar Chavez, has led the California grape strike.

Rank Second

Martin LaPointe, has 40 acres planted in tomatoes near his farm home at Erie, he is attending the meeting of Monroe County farmers.

LaPointe said he does not believe many workers subscribe to the union, but that they may honor the strike through fear.

"If a man comes by a tomato to field in a car and yells at the workers through a bullhorn 'We know who you are,' he is going to scare them away," LaPointe said.

Herrera said force or intimidation will not be used in any of the strikes. He said such a strike would be run only on a voluntary basis.

LaPointe and other farmers said a strike would have no effect on the crop. He said he might be tempted to pick his field rather than pick it for them. He said he might not plant tomatoes again.

County agricultural officials said that seven mechanical harvesters have appeared in the county and will be used en masse for the harvest—starting sometime in September for the first time.

Care Center Now Enrolls Children Three Years Old

A new dimension has been added to the Community Action Day Care Center, located in the Catherine Bonifas Civic Center, now authorized by the Department of Social Services to enroll three year old children. Previously, enrollment was limited to children four and five years of age.

Coast Declared Disaster Area; 2,000 Injured

(Continued From Page One)

State Adj. Gen. Walter Johnson said that, elsewhere along the strip, the business district of Bay St. Louis, population 1,500, was leveled; most of Pass Christian, population 3,800, was devastated and Waveland, population 1,000, was "just real hard."

Pascagoula, a shipbuilding center near Alabama, reported extensive damage. Bridge over the Gulf of Mexico, near Biloxi, was wrecked by tidal waves.

The center hours from 7:30 a.m. to 5:30 p.m. Snacks are provided at mid-morning and afternoon, as well as a lunch.

Children attending the Center receive a medical examination and immunization at no cost to their families. There will also be dental services provided at the dental clinic at the Civic Center.

The Center is intended for children of families whose income is within guidelines set by the Department of Social Services. Families who qualify for assistance from the Department are eligible.

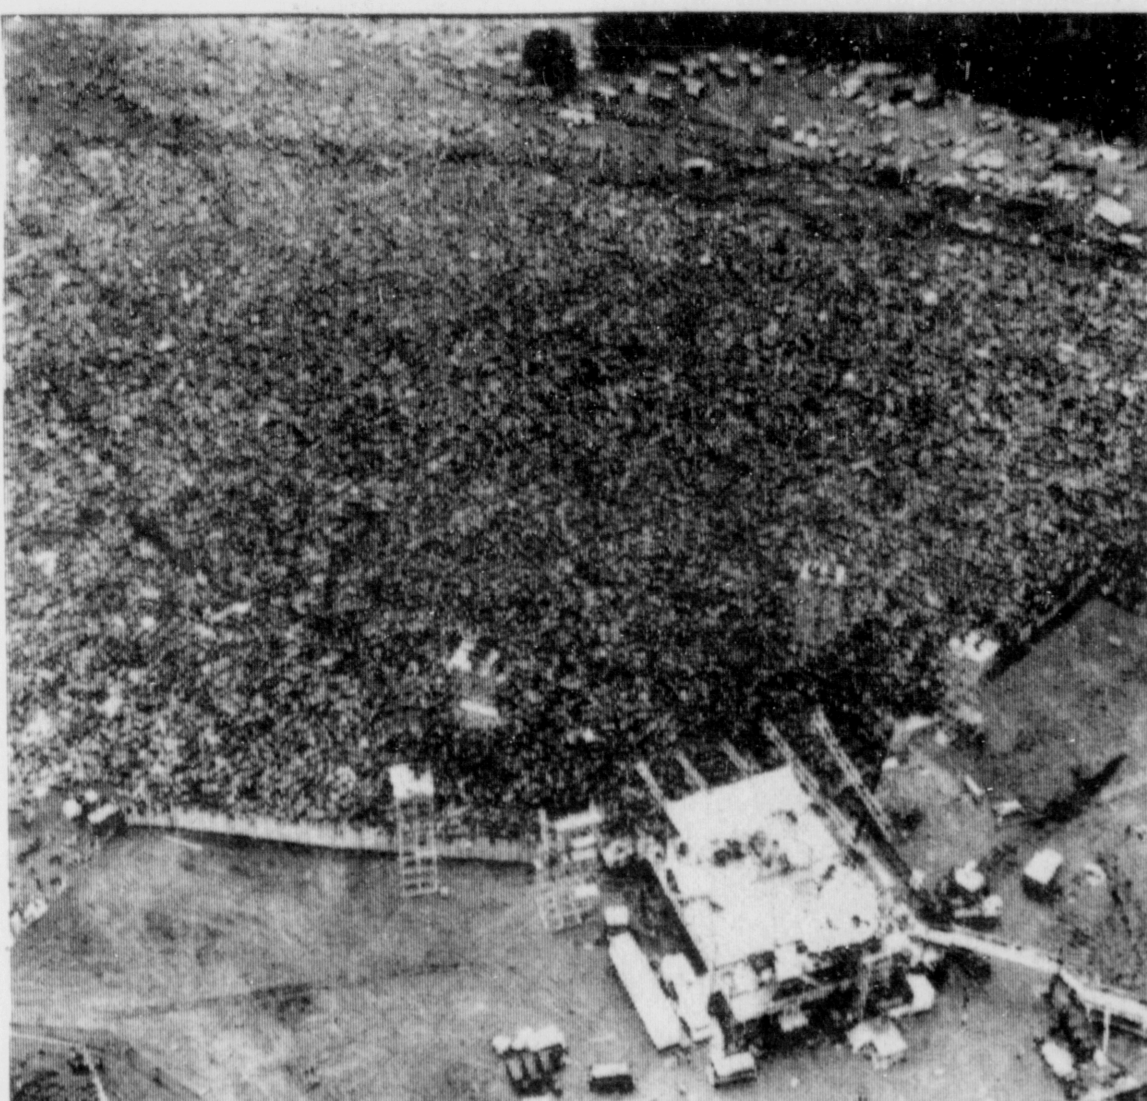

Mrs. Anna Dineen is the director of the Center and is assisted by aides and volunteers. The Day Care Program will be similar to that offered in Head Start, which is designed to give pre-school children an educational boost before they begin school.

Vehicle Traffic Up 7.3 Per Cent

LANSING (AP) — The State Highway Department reported that vehicle traffic on Michigan highways increased 7.3 per cent during the first six months of 1969 compared with the same period last year.

Southeast Michigan showed the largest gain, 12.9 per cent, while the Detroit area showed a 10.1 per cent increase, the department says.

"Our cleanup operations are impeded by people who have no business rooming around,"

THOUSANDS OF ROCK MUSIC FANS are packed around the stage in a field near Bethel Saturday. A throng estimated at 200,000 persons converged on the area creating a gigantic jam of traffic and humanity over many miles and giving rise for concern for the health and safety of many of them. Land transportation was impossible and an airlift of food and medical supplies was rushed to the area. (AP Wirephoto)

Indifference Greets Truth-In-Lending Law

NEW YORK (AP) — Perhaps the truth doesn't matter that much or maybe it's too complicated to understand. The prospect of many Americans might possibly have something to do with it.

With what? The apparent indifference shown by buyers and borrowers to the federal truth-in-lending law, heralded by its advocates as one of the most important pieces of consumer legislation ever enacted.

The law has been on the books for seven weeks now and you'd

be hard pressed to find seven people quickly who can explain the two major features of the law, which affects almost any consumer who buys or borrows on time.

The two big features are the new disclosure of the finance charge and they must state the cost of borrowing as an annual percentage rate. It does not regulate credit rates.

Chopping

Generally speaking, the lenders are adhering to the law, giving printed explanations of rates that involve intricate mathematics and which could, in a precomputer age, be calculated only by using masses of workers.

The apparent indifference is on the other side of the transaction. If many people care about the details—or more important—

Truck Lost In Bark River Blaze

BARK RIVER — An unidentified person fell asleep while smoking in the cab of a truck early this morning, starting a fire that ultimately destroyed the vehicle that was parked in front of Teal's Evergreen in Bark River.

Fire Chief Herman Palmgren reported that the Bark River Volunteer Fire Department was called to Teal's Evergreen about 3:30 a.m. today to put out a fire that was endangering a nearby warehouse.

Jack Krause, owner of the warehouse, said that he heard "crackling sound" and called the fire department.

Palmgren said the truck was virtually a total loss. "After the blaze got out of control, the person who started it must have fled the scene," he said. Officials are investigating the incident.

Haynsworth Is Devoted To Law

GREENVILLE, S.C. (AP) — The nation's newest Supreme Court justice appointee is a distinguished-looking fifty-year-old lawyer who until now, has lived a quiet life in an upper-class neighborhood in Greenville.

It is one measure of his politics that U.S. Sen. Strom Thurmond, who is a member of the Senate Judiciary Committee, has named him to the post.

Haynsworth has had a distinguished career in law. He was a partner in the law firm of Haynsworth, Smith and Associates, which was founded in 1957. He was also a member of the South Carolina Democratic Party, preferred other, more conservative men for the post.

Before the vote, there had been some grumbling among senators who thought the post should go to a man with some judicial experience.

Haynsworth has had a middle-of-the-road course on the appeals court. He has sustained desegregation rulings and written the pace of desegregation must be maintained. However, a director of the National Association for the Advancement of Colored People, Clarence Mitchell, has said the association regards his key decisions as having taken a position in favor of segregation.

The train's engineer, Edward McKenzie of Jackson, told investigators he was not at the scene of the crash.

Dry Weather Helping Harvest

LANSING (AP) — Hot and generally dry weather gave farmers an average of 5 1/2 days of good field conditions last week, the state crop reporting service said Monday.

Temperatures in the upper 80's and mid 90's — from three to 10 degrees above normal — helped harvest of wheat, oats, soybeans and early apples and peaches.

Car Mishap Kills Rest Of Family

UNION CITY (AP)—The wife and two children of a man who died in a traffic accident three miles south of Union City in February were among five persons killed in a train-car collision late Monday.

The train was carrying a carload of wheat and other grain from the scene of the earlier accident.

Police said Janet Mahrie, 26, of Shrewsbury and her children, Marvin, 6, and Kathy, 5, were among five persons killed when a car collided with a Penn Central train at a crossing on Babcock Road in rural Union Township. Mrs. Mahrie's husband, Bernard, died in the February accident.

The other victims were 14-year-old Beverly Marvin of Union City and a 34-year-old woman whose name has not yet been identified.

The train's engineer, Edward McKenzie of Jackson, told investigators he was not at the scene of the crash.

County Board Hope To Freeze Hurricane Debbie

ROOSEVELT ROADS, Puerto Rico (AP) — The first massive attempt in history to tame a hurricane has been called a huge success by the project director.

ROOSEVELT ROADS, Puerto Rico (AP) — Airborne scientists are studying the effects of Monday's seeding of Hurricane Debbie, hoping that the silver iodide crystal bombardment will freeze the 100-mile-an-hour storm to death.

Observation planes crisscrossed the storm center from midday Monday to about 6 a.m. today in the South Atlantic. The next observation flights are scheduled for Wednesday.

If the experiment—Project Stormfury—proves successful, it should provide a weapon against the destructive storms that are born in the warm waters of the South Atlantic and the Caribbean.

Debbie was reported moving on a northwest course at about 10 miles an hour but at 6 a.m. EDT was about 680 miles northeast of San Juan and 1,500 miles east-southeast of Miami.

A fleet of Air Force and Navy planes took 200 scientists into the storm, dropping the crystals periodically for 10 hours Monday from 33,000 feet over eight miles of the storm center.

Scientists theorized water

One of the four admirals said the United States has no air bases of its own in southern Europe, and the Philippines and could only questionably maintain them in Thailand after Vietnam.

"The political vulnerability of overseas bases is high," he said. "And if we find we need carriers we'd better have them on hand."

The strategists said the Navy would have to lay off several hundred technicians at major naval bases, including the Naval Air Station at Pensacola, Fla., for keeping troops and equipment on ships around the world ready to move into trouble areas.

Pentagon experts in the CBW field say they hope to win re-statement of \$16 million in research funds recently lopped from the defense budget by the Senate Armed Services Committee.

If the funds aren't restored, the Navy will be reduced over the next several months at such big CBW facilities as Ft. Detrick, Md., Pine Bluff, Ark., Edgewood Arsenal, Md. and test areas at Desert and Dugway, Utah, according to Pentagon officials.

Illness Claims J. Gaudette, 86

Joseph N. Gaudette, 86, of Escanaba, died Saturday evening after a lengthy illness.

He was born in Champion and lived in Escanaba for the past 80 years. He was a member of St. Anne's Church and was employed at the Railroad Express Office before his retirement.

Surviving are several nieces and nephews.

Funeral services will be held 9 a.m. Wednesday at St. Anne's Church with the Rev. Louis Cappel officiating.

Burial will be in Holy Cross Cemetery.

Senate Cutback In CBW Research To Cause Layoffs

WASHINGTON (AP) — The Army will have to lay off several hundred technicians at major naval bases, including the Naval Air Station at Pensacola, Fla., for keeping troops and equipment on ships around the world ready to move into trouble areas.

Pentagon experts in the CBW field say they hope to win re-statement of \$16 million in research funds recently lopped from the defense budget by the Senate Armed Services Committee.

If the funds aren't restored, the Navy will be reduced over the next several months at such big CBW facilities as Ft. Detrick, Md., Pine Bluff, Ark., Edgewood Arsenal, Md. and test areas at Desert and Dugway, Utah, according to Pentagon officials.

Bring AMC In Line With Short Contract

RACINE, Wis. (AP) — The American Motors Council of the United Auto Workers Union decided Monday to shoot for only a 10-month, 28-day contract in new negotiations operating Tuesday with the smallest of the top four U.S. automakers.

This would give American Motors a common contract expiration date with the Big Three—General Motors, Ford and Chrysler—whose UAW contracts run out Sept. 14, 1970. Big three workers now have, among other things, higher pensions and an hourly straight time average of \$3.83 compared with the \$3.79 average for AM's 10,200 UAW members.

The AMC Council, made up of local union representatives from Michigan, Wisconsin and Indiana, has agreed to accept the offer.

The union is aiming at competing directly with Ford's new, fast-selling Maverick and AMC expects it to lift both sales and profit.

The Gremlin will be shooting at a slice of the market now held by Volkswagen and other imports accounting for one out of every nine new car sales in the United States.

"A one-year agreement makes sense," said one UAW delegate. "The new cars may put American Motors into the big money again."

"In that case, we'd want to be in a position to equal Big Three workers all along the line in wages and fringes. After all, we've given the company a two-year break—right out of our own pockets."

"Walter P. Reuther, UAW president, may come up with something brand new next year at the Big Three—like the guaranteed annual income in '67—and we want to be in on it."

The two-year or a three-year contract would be our hands. One year is logical."

UNION CITY (AP)—The wife and two children of a man who died in a traffic accident three miles south of Union City in February were among five persons killed in a train-car collision late Monday.

The train was carrying a carload of wheat and other grain from the scene of the earlier accident.

Police said Janet Mahrie, 26, of Shrewsbury and her children, Marvin, 6, and Kathy, 5, were among five persons killed when a car collided with a Penn Central train at a crossing on Babcock Road in rural Union Township. Mrs. Mahrie's husband, Bernard, died in the February accident.

The other victims were 14-year-old Beverly Marvin of Union City and a 34-year-old woman whose name has not yet been identified.

The train's engineer, Edward McKenzie of Jackson, told investigators he was not at the scene of the crash.

Accuse FAA Of Painting Rosey Safety Picture

WASHINGTON (AP) — A study sponsored by a group of Republican congressmen charges that the Federal Aviation Administration uses misleading and irrelevant statistics to paint a rosy picture of air travel safety.

The report concludes that civilian aviation too often sacrifices safety to convenience, and says that the FAA has failed to take advantage of the broad legal powers delegated to it.

And the report questions the effectiveness of the National Transportation Safety Board—NTSB—in investigating air crashes and recommends abolishing the Civil Aeronautics Board—CAB.

"The accident rate statistics produced by the FAA are misleading and imply that a growth of safety has occurred, which is a dubious conclusion," states the 81-page report by Reps. James Harvey of Michigan, Frank Horton of New York, Robert T. Stafford of Vermont and J. William Stanton of Ohio. Twenty-five other Republicans are cosponsored.

"The FAA has seemed often to interpret its role in this area as the responsibility to join

THOUSANDS OF ROCK MUSIC FANS are packed around the stage in a field near Bethel Saturday. A throng estimated at 300,000 persons converged on the area creating a gigantic jam of traffic and humanity over many miles and giving rise for concern for the health and safety of many of them. Land transportation was impossible and an airlift of food and medical supplies was rushed to the area. (AP Wirephoto)

Indifference Greets Truth-In-Lending Law

NEW YORK (AP) — Perhaps the truth doesn't matter that much or maybe it's too complicated to understand. The prospect of many Americans might possibly have something to do with it.

With what? With the apparent indifference shown by buyers and borrowers to the federal truth-in-lending law, heralded by its advocates as one of the most important pieces of consumer legislation ever enacted.

The law has been on the books for seven weeks now and you'd

be hard pressed to find seven people quickly who can explain the two major features of the law, which affects almost any consumer who buys or borrows on time.

The two big features are these: Lenders must state the dollar amount of the finance charge and they must state the cost of borrowing as an annual percentage rate. It does not regulate credit rates.

Chopping

Generally speaking, the lenders are adhering to the law, giving printed explanations of rates that involve intricate mathematics and which could, in a precomputer age, be calculated only by using masses of workers.

The apparent indifference is on the other side of the transaction. If many people care about the details—or more importantly, if they are using the details for comparison shopping—the evidence isn't accumulating very swiftly.

Some credit people feel that it still may be too early to judge the effects, and that after customers become accustomed to seeing the percentage rates they will be in a better position to take advantage of the law.

As with any new law, they explain, a certain amount of time must be given for adjusting on the part of all parties involved. It is one thing to have the facts, they argue, another thing to know how to use them.

Adjustment

As the law's details continue to be publicized and interpreted, and as customers become more familiar with the uses of the new information, the law could provide a real public service.

One explanation for the apparent lack of response is that Americans are enjoying the most prosperous decade in history and are much less concerned about interest rates than they might be in poorer days.

Another is that many Americans never cared much about percentages anyway, their chief concern in a credit transaction being the size of the monthly payments and whether these payments can be met without undue strain.

Truck Lost In Bark River Blaze

BARK RIVER — An unidentified person fell asleep while smoking in the cab of a truck early this morning, starting a fire that ultimately destroyed the vehicle that was parked in front of Teal's Evergreen in Bark River.

Fire Chief Herman Palmgren reported that the Bark River Volunteer Fire Department was called to Teal's Evergreen about 3:30 a. m., today to put out a blaze that was endangering a nearby warehouse.

Jack Krause, owner of the warehouse, said that he heard a "crackling sound" and called the fire department.

Palmgren said the truck was virtually a total loss. "After the blaze got out of control, the person who started it must have fled the scene," Palmgren said. Officials are investigating the incident.

Briefly Told

Fraternal Order of Eagles will hold its regular meeting at 8:30 this evening in the Eagle's Club room.

Eagles Auxiliary will meet Wednesday, August 20, at 8 p. m. in the Eagle's Club room.

Delta County Republicans will hold their regular monthly meeting at GOP Headquarters, 707 Ludington St. above the steam laundry, at 7:30 p. m. Thursday, Aug. 21. All Republicans are welcome.

Haynsworth Is Devoted To Law

GREENVILLE, S.C. (AP) — The nation's newest Supreme Court justice appointee is a distinguished-looking fifth-generation lawyer who until now, has lived a quiet life in an upper-class neighborhood in Greenville.

Clement Furman Haynsworth Jr., presiding judge of the U.S. Fourth Circuit Court of Appeals, made something of a public splash in 1956 when, as a Democrat, he came out against Dwight D. Eisenhower against Adlai Stevenson.

But his record is that of an essentially private man who has said little on local and state issues even before Eisenhower named him to the federal bench in 1957.

Haynsworth, 56, is reluctant to discuss judicial philosophy because, he says, it might indicate he has prejudged matters that come before him for decision. "I can say I am devoted to the law and its traditions," he said.

Liberal

He is the great-grandson of Richard Furman, founder of Furman University. His great-grandfather was the school's first president.

Until he was named to the court of appeals for North and South Carolina, Maryland, Virginia and West Virginia, he held

a partnership in the family's large and respected law firm.

Asked once about his politics, Haynsworth smiled and answered, "Some say I'm a liberal."

It is one measure of his politics that U.S. Sen. Strom Thurmond, when the conservative mainstay of South Carolina's Democratic Party, preferred other, more conservative men for the appeals court judgeship in 1957. But the Senate confirmed him without a dissenting vote. Before the vote, there had been some grumbling among senators who thought the post should go to a man with some judicial experience.

Middle-Of-Road

Haynsworth has trod a middle-of-the-road course on the appeals court. He has sustained desegregation rulings and written that the pace of desegregation must be maintained. However, a director of the National Association for the Advancement of Colored People, Clarence Mitchell, has said the association regards his key decisions as having taken a position in favor of segregation.

He is, say friends, a "highly disciplined man" busy with his work seven days a week. He married an Augusta, Ga., divorcee 23 years ago. Mrs. Haynsworth has two sons by her former marriage.

Vehicle Traffic Up 7.3 Per Cent

LANSING (AP) — The State Highway Department reports that vehicle traffic on Michigan highways increased 7.3 per cent during the first six months of 1969, compared with the same period last year.

Southeast Michigan showed the largest gain, 12.9 per cent. Traffic volume, the department explains, is recorded continuously by automatic counters placed at 53 rural locations throughout the state.

Tomato Farmers May Face Strike

ERIE (AP)—Tomato farmers in Monroe County tonight discuss the possibility the United Farm Workers Union will try its first Michigan strike and ask migrant workers not to pick the ripening crop.

In Lansing, the newly formed Agricultural Labor Commission—a state legislative committee—among other items reviews what its chairman calls the "tense situation" in Monroe County.

Officials of the Michigan United Farm Workers Organizing Committee declined any direct comment on a strike against the growers, whose tomato crop is worth at least \$1 million.

"We will be glad to sit down and negotiate with the growers," said Julian Herrera, a onetime migrant turned factory worker. He is head of the Michigan UFWOC, whose national leader, Cesar Chavez, has led the California grape strike.

Rank 2 Second

Martin LaPointe, has 40 acres planted in tomatoes near his farm home at Erie, is hosting the meeting of Monroe

County farmers. His letter inviting them said issues on the agenda would include possible labor troubles, the effects of any strike, and the possibility of recognizing any legitimate grievances the migrants have.

The tomato crop covers at least 2,000 acres in the southeast Michigan county and is harvested primarily by Mexican-Americans who move north each summer from Texas and Florida.

Michigan ranks second among states in number of migrant workers employed, with about 50,000 this year, reports Dr. Daniel Sturt, head of the Agricultural Labor Commission and also of the Michigan State University Rural Manpower Center.

"What we want is recognition," Herrera said. "This is the only way people can get their dignity back."

"They (the migrants) have no voice at all, in Washington, here or any place in the United States," he said.

Voluntary

LaPointe said he does not believe many workers subscribe to the union, but that they may honor the strike through fear.

"If a man comes by a tomato field in a car and yells at the workers through a bullhorn 'We know who you are,' he is going to scare them away," LaPointe said.

Herrera said force or intimidation would not be used in any possible strike. He said such a strike would be run only on a voluntary basis.

LaPointe and other farmers say a strike would have an effect on the crop. He said he might be tempted to plow his field rather than pick it and noted that many farmers might not plant tomatoes again.

County agricultural officials point out that seven mechanical harvesters have appeared in the county and will be used en masse for the harvest starting sometime in September for the first time.

Coast Declared Disaster Area; 2,000 Injured

State Adj. Gen. Walter Johnson said that, elsewhere along the strip, the business district of Bay St. Louis, population 1,500, was leveled; most of Pass Christian, population 3,800, was devastated and Waveland, population 1,000, was "hit real hard."

Pascagoula, a shipbuilding center near Alabama, reported extensive damage. A bridge from Biloxi to Ocean Springs, Miss., was wrecked by tides.

Highway Lost

"There is no U.S. 90 left," said Johnson, referring to the heavily traveled highway that extended across the state near the coast.

In Biloxi, he added, the surging, wind-driven sea smashed over the waterfront area, swept away nightclubs and bars, reached a depth of eight feet in the lobby of the Broadwater Beach Hotel and wiped out the canneries along Cannery Row.

Cassidy said the homeless along the strip were being sheltered in schools, churches and other public buildings that weren't too badly damaged.

"I would say our biggest problems are water—where to store it—electric power and sight-seers," he added. "Our cleanup operations are impeded by people who have no business roaming around."

Market Moves Ahead Solidly

NEW YORK (AP) — A fast sprint to the upside put the stock market solidly ahead early this afternoon, with advances ahead of declines by about 650 issues.

Trading was fairly active.

The Dow Jones industrial average at noon was up 7.13 at 814.81. The DJI jumped more than 5 points in the first half hour of trading.

The advance was seen by some analysts as a continuation of the technical rally which got under way late last Wednesday "after an apparently successful test of the 800 level on the Dow Jones industrial average."

The market's ability to keep moving higher was reported as encouraging to some investors and helps bring in "some of the money which has been sitting on the sidelines."

"Some strength also apparently comes from cuts in some short term interest rates," an analyst said.

Brunswick, in which a 150,000 share block was traded, was the most active issue on the New York Stock Exchange, off 1/4 at 18 1/2.

Great Western Financial, second most active largely on a 112,000 share block, was off 1/4 at 29 1/2.

Natomatic, which gained 10% Monday, was up 1 1/2 at 108. The company has said it expects to start exploring for oil off Sumatra later this year.

Care Center Now Enrolls Children Three Years Old

A new dimension has been added to the Community Action Day Care Center, located in the Catherine Bonifas Civic Center, now authorized by the Department of Social Services to enroll three year old children. Previously, enrollment was limited to children four and five years of age.

The Day Care Center is operated by the Menominee-Delta-Schoolcraft Community Action Agency, with initial funds provided by the Office of Economic Opportunity. The Center is reimbursed by the Department of Social Services and has openings for 15 children.

Mrs. Anita Dinerstein is the director of the Center and is assisted by aides and volunteers. The Day Care Program will be similar to that offered in Head Start, which is designed to give pre-school children an educational boost before they begin school.

The Center hours are from 7:30 a.m. to 5:30 p.m. Snacks are provided at mid-morning and afternoon, as well as a hot lunch.

Children attending the Center receive a medical examination and immunizations at no cost to their families. There will also be dental services provided at the dental clinic at the Civic Center.

The Center is intended for children of families whose income is within guidelines set by the Department of Social Services. Families who qualify for assistance from the Department are eligible. They must live in the Escanaba area.

Parents interested in enrolling their children in the Day Care Center should call or visit Mrs. Dinerstein at the Community Action Agency office in the Civic Center between 8 a.m. and 5 p.m. Phone 786-7080.

County Board At Kipling

The Delta County Board of Supervisors will meet tonight at 8 p. m. in the Brampton Township Hall at Kipling. There will be an open discussion at the meeting concerning the proposed rerouting of U. S. 2 through Kipling.

Paul Michelin, spokesman for the State Highway Department, and Sgt. Paul Ruge of the Newberry State Police Post will be on hand to answer any questions the public might have on the project.

Envision Shift In Airpower

WASHINGTON (AP) — A shift of U.S. airpower from foreign land bases to attack aircraft carriers in the 1970s is envisioned by three top Navy strategists.

"They suggest a Navy built around up to 24 attack aircraft carriers—there now are 15—could take on much of the U.S. defense effort abroad if this country reduces its foreign land bases."

One of the four admirals said the United States has no air bases of its own in southern Europe, may lose them in Okinawa and the Philippines and could only questionably maintain them in Thailand after Vietnam.

"The political vulnerability of overseas bases is high," he said. "And if we find we need carriers we'd better have them on hand."

The strategists said the Navy also is studying future prospects for keeping troops and equipment on ships around the world ready to move into trouble areas.

Their description of the shape the Navy might take in the future came at a "deep background" press seminar at which foreign affairs specialists and even military spending critics had any opportunity to comment on the Navy's future. Groundrules forbade quoting anyone by name without specific permission.

But the Army and Air Force were not on hand at the seminar to challenge such a heavy future Navy role.

Hope To Freeze Hurricane Debbie

ROOSEVELT ROADS, Puerto Rico (AP) — The first massive attempt in history to tame a hurricane has been called a huge success by the project director.

ROOSEVELT ROADS, Puerto Rico (AP) — Airborne scientists are studying the effects of Monday's seeding of Hurricane Debbie, hoping that the silver iodide crystal bombardment will freeze the 100-mile-an-hour storm to death.

Observation planes crisscrossed the storm center from midday Monday to about 6 a.m. today in the South Atlantic. The next observation flights are scheduled for Wednesday.

If the experiment—Project Stormfury—proves successful, it should provide a weapon against the destructive storms that are born in the warm waters of the South Atlantic and the Caribbean.

Debbie was reported moving on a northwest course at about 10 miles an hour but at 6 a.m. EDT was about 680 miles east-northeast of San Juan and 1,500 miles east-southeast of Miami.

A fleet of Air Force and Navy planes took 200 scientists into the storm, dropping the crystals periodically for 10 hours Monday from 33,000 feet over eight miles of the storm center.

Scientists theorized water

would form around the crystals sowed into the clouds surrounding Debbie's eye, be converted to falling ice and rob the storm of its heat and energy.

It was the first major attempt at robbing a hurricane of its power, although scientists have experimented with crystals on hurricanes before. In 1961, Hurricane Esther's eye wall broke down at one point after seeding, but regained intensity two hours later.

Scientists delayed this project for five years until they could achieve ideal conditions—a hurricane in a remote area where there was little or no chance of the storm moving over a populated area within 24 hours after seeding.

A spokesman said the project would be called off if the storm neared a land area.

Illness Claims J. Gaudette, 86

Joseph N. Gaudette, 86, of Escanaba, died Saturday evening after a lengthy illness.

He was born in Champion and lived in Escanaba for the past 80 years. He was a member of St. Anne's Church and was employed at the Railroad Express Office before his retirement.

Surviving are several nieces and nephews.

Friends may call at the Degnan-Crawford Funeral Home today from 7 to 9:30 p. m. with parish rosary at 8.

Funeral services will be held 9 a. m. Wednesday at St. Anne's Church with the Rev. Louis Cappel officiating.

Burial will be in Holy Cross Cemetery.

Dry Weather Helping Harvest

LANSING (AP) — Hot and generally dry weather gave farmers an average of 5 1/2 days of good field conditions last week, the state crop reporting service said Monday.

Temperatures in the upper 80's and mid 90's — from three to 10 degrees above normal — helped harvest of wheat, oats, tart cherries and early apples and peaches.

Potato crops were reported 10 per cent harvested, but corn was called behind last year and 1967. Corn generally was reported to be only 15 per cent in the dough stage.

Harvest stages by crop included these reports: oats 50 per cent completed; wheat nearly finished; cherries nearly finished.

The train's engineer, Edward MacKenzie of Jackson, told investigators he did not see the car until moments before impact. Police said they are not certain, but they believe the unidentified man was the driver.

Women's Activities

Phoenix Girl Wins Scholarship From Interlochen

INTERLOCHEN (AP) — Susan Pierson of Phoenix, Ariz., has won an \$8,000 full scholarship to DePauw University as 49 scholarships worth \$40,000 were awarded at the National Music Camp's annual honors convocation.

Miss Pierson, a voice major who will enter DePauw next fall, was the top scholarship winner. The University of Michigan's full tuition scholarship worth \$6,400 was awarded to a harpist, Carrol McLaughlin of Calgary, Alta.

William Grubb, a violinist from Greencastle, Ind., won the 1969 scholarship to the Eastman School of Music while the 1970 scholarship went to Patricia McCarty, a viola player from Wichita, Kan.

Awarding of the scholarships marked the closing of the music camp which was attended this summer by more than 1,450 pupils from 43 states and 13 foreign nations.

THE ENGAGEMENT OF Susan Elizabeth Kehoe is announced by her parents, Mr. and Mrs. Earl J. Kehoe of 1317 13th Avenue, Grafton, Wisconsin to Robert Joseph Shepich, son of Mr. and Mrs. Joseph Shepich of Caspian, Michigan. The bride-elect is a 1962 graduate of Grafton High School and a 1966 graduate of Evangelical Deaconess School of Nursing. For the past three years she has been employed as the head nurse in the Coronary Care Unit, Mt. Sinai Hospital, Milwaukee, Wisconsin. Her fiancé is a 1960 graduate of Stambaugh High School and a 1964 graduate of Northern Michigan University. He is presently employed as an English teacher at Escanaba Area Public High School. A late September wedding is planned by the couple. (Preston's Studio)

Rapid River

Mr. and Mrs. Orin Papineau returned from Sturgeon Bay, Wis. where they visited relatives.

Mrs. Ray Brien, Tampa, Fla., and Belle Amburst, Deer Park, Ill., visited with Maude Hocks.

Harry Johnson and James Johnson returned from a trip to Houghton Lake.

Mrs. Ruth LaFave and grand-daughter Janice Kviz of Carpentersville, Ill. spent the past week at the home of Mrs. Lorraine Gullickson and Pat. Mrs. Lenore Kviz and Charles Moberg spent the weekend and they returned home on Sunday.

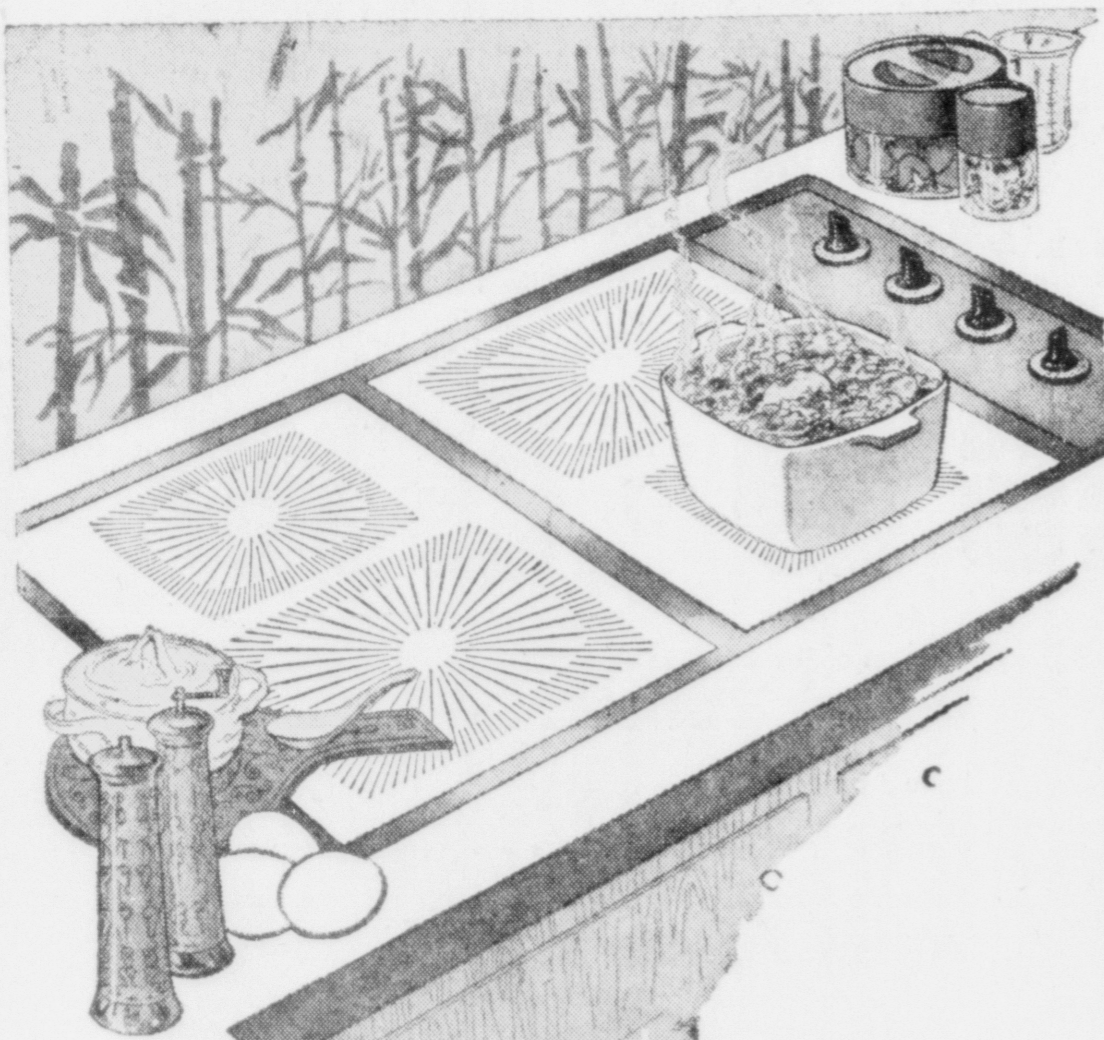

Mr. and Mrs. Jess Cavill, Ashland, Wis., Mr. and Mrs.

Leo Cavill, Menominee, Mr. and Mrs. Basil Birch, Mrs. Kermit Sundling and Mrs. Evelyn Highlund, Detroit and Mr. and Mrs. Mike Cassidy, Haslett returned to their homes after attending funeral services for Mrs. Kathleen Scott.

Nell Ann Maggart, daughter of Mrs. Winston Maggart is spending two weeks at the home of her uncle and aunt, Mr. and Mrs. Mike Cassidy of Haslett and with her grandparents Mr. and Mrs. Ramar Maggart of Coldwater.

Mr. and Mrs. Oliver Evans and daughter, Nancy, of Milwaukee, visited at the Polly Bodaugh home.

Mr. and Mrs. Pat Mullins, Cathy and David returned to Detroit after visiting relatives.

The Counter That Cooks by CORNING

No burners or coils. Instead, a gleaming white, easy-to-clean panel with four sunburst designs that mark the thermostatically controlled cooking areas. Turned on for cooking, the sunbursts glow yellow. Turned off, the entire surface is usable counter space. The Counter That Cooks comes with special Corning Cookmates—they go from freezer to oven to tabletop. Come see this remarkable cooking invention from Corning.

TERMS — "HOME OF SERVICE" — TERMS

ADVANCED ELECTRIC CO. 1211 Ludington St., Escanaba Phone ST 6-7031

MR. AND MRS. Elmer White of Mount Route, Gladstone, announce the engagement of their daughter, Judith Ann, to Gail Kruse Jr. of Oconto Falls, Wis. The bride-elect is a 1968 graduate of Gladstone High School and is presently employed in Green Bay. Her fiancé is also employed there. An October 4 wedding is planned.

Band Concert On Wednesday

The Escanaba City Band will be holding a concert Wednesday evening at 7:30 in Ludington Park.

Numbers on the program are "Americans We March," "Romero and Juliet Overture," "Mother Machree," "Pharos March," "Basin Street Blues," "Don't Rain On My Parade," "Storm King March," "Put Your Arms Around Me," "The Breeze and I," "The Iron Count," "I'll See You in My Dreams," and "Burst of Flame March."

The band is under the direction of Paul Cowen.

Powers-Spalding

American Legion Auxiliary

The Tony Revord American Legion Auxiliary elected Mrs. Wayne Miller as president at the meeting held Tuesday night in the Legion Hall. Other officers who will serve with her are: vice-president, Mrs. Earl Kell; secretary, Mrs. Fred Fleenor; treasurer and publicity, Mrs. Holger Nielsen; and Rehabilitation chairman, Mrs. Ray Peterson. The next meeting is tentatively set for Tuesday, September 2.

Mrs. Bernard Danieux and family of Green Bay visited with Mrs. Iris Loeffler for several days last week. Mrs. Danieux is the former Charlene Loeffler.

A pound of rice measures about 2 cups; after cooking it will increase to 6 to 8 cups.

Jan C. Thorbjornsen, Terry T. Kayser, Wed

Immanuel Lutheran Church was the setting for the wedding of Jan Carol Thorbjornsen and Terry Thomas Kayser, Saturday, August 2.

Rev. Reuben Carlson of the First Lutheran Church of Gladstone heard the exchange of vows as the bride was given, in marriage by her father, Mr. Kenneth Thorbjornsen.

White Organza

The bride selected for her wedding an empire - styled gown of white organza and lace with a lace bodice and sleeves. She wore a rose petal veil of white illusion and carried a bouquet of white carnations and red sweetheart roses.

Matron of honor for her sister's wedding was Susan Novak of Perronville with the bridesmaid being Sharon Johnson of Trenary, a niece of the bridegroom. They were attired in empire - styled gowns of white eyelet over pale blue taffeta and carried bouquets of white daisies and ivy.

Serving as best man for his sister's wedding was Pfc. Jerry A. Smith, and further attending the bridegroom was Kenneth Thorbjornsen, another brother of the bride. Performing ushering duties was Danny Johnson of Trenary, nephew of the bridegroom.

Mothers' Attire

The bride's mother wore a three-piece lime green suit with matching yellow accessories for her daughter's wedding. She was presented a corsage of white carnations and yellow roses. A three-piece orchid suit with bone accessories with a corsage of orchids and white carnations was worn by the mother of the bridegroom.

Reception

After a dinner served at the Immanuel Lutheran Church dining hall, the newlyweds greeted guests at the home of the bride.

Following a honeymoon to an undisclosed destination the couple will reside in Chicago.

The bride is a 1969 graduate of Escanaba Area Public High School and Mr. Kayser is a 1967 graduate of Trenary High School, attended Northern Michigan University, and is presently employed with McNulty Brothers Inc., Chicago.

People

On Saturday, August 16, Mr. and Mrs. John Jorgensen of 625 S. 14th St. celebrated their 50th wedding anniversary with a Mass at St. Patrick's Church followed by a small family reception.

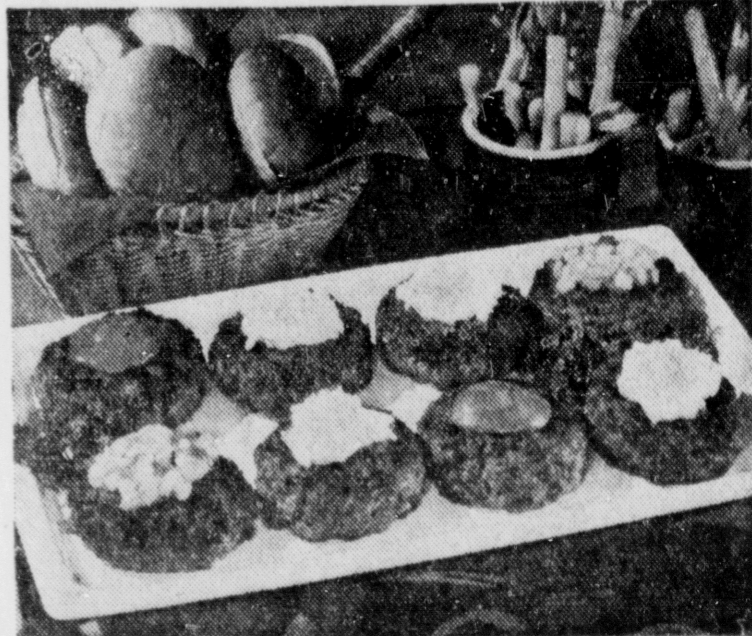

Visitors at the home of Mrs. Nettie Seidl the past week were Mr. and Mrs. William A. Pyle and three children from Kalamazoo. Mrs. Pyle is the former Marlene Seidl. They are on vacation tour coming from St. Louis, Missouri, where they visited a brother, John and family.

Mrs. John M. Stenseng and Mrs. Louis Schiete of Inkster, Mich., visited over the weekend with Mrs. Nettie Seidl and Mr. and Mrs. C. C. Dean. Mrs. Stenseng (Ada) a former resident of Escanaba is sister of Mrs. Seidl and Mr. Dean.

Mrs. Louis Cole has returned home after being a surgical patient at St. Francis Hospital.

Rock

The Rock Community Ambulance Service Annual dues will be collected Friday, Aug. 22 from 9 a. m. until 6 p. m. at the Rock Co-op Store. Memberships expire August 31. New members will also be accepted.

TAKE YOUR CHOICE or try them all! Crown juicy broiled beefburgers with zippy tomato topping, bubbly blue cheese or corn relish.

"Pizzaz" Burgers A New Meaty Idea

Today we take for granted the fun and flavor of barbecued meats. They've become an integral part of America's leisurely living. So much so that modern homemakers, who serve a wide variety of grilled meats with "pizzazz," are always on the lookout for a new barbecue idea.

Here's variety for a popular grill classic. Serve plump beefburgers with a parade of toppings, suggests meat expert Reba Staggs of the National Live Stock and Meat Board.

Basic Beefburgers: Combine 2 pounds of ground beef with 2 teaspoons salt and 1/4 teaspoon pepper. Shape into 8 patties 1/2 to 3/4 inch thick. Place meat on grill or in oven broiler about 3 to 4 inches from heat. Broil 6 to 8 minutes on one side. Turn with a spatula so the juices won't run out. Broil 6 to 8 minutes longer, to desired degree of doneness.

Top broiled burgers with any

one of the following: **Tomato Topping:** Combine 1/4 cup catsup, 1 tablespoon prepared mustard and 1 teaspoon Worcestershire sauce.

Bubbly Blue Topping: Combine 1/2 cup dairy sour cream and 1/4 cup crumbled blue cheese.

Corny Topping: 1 jar (13 ounces) corn relish.

(Each topping recipe is sufficient for 8 beefburgers.)

Garden Peninsula

Mrs. John (Mary) Smith and three sons, Mrs. Yvonne Rivers, and Mr. Jim Garrent and family of Flint are vacationing at Mrs. Smith's cabin at Garden Corners. Mrs. Smith and Mrs. Rivers are former Garden residents.

When tortillas are to be rolled, remember that they must be heated (in a little melted shortening) only until they soften.

GLADSTONE

A FAMILY REUNITED celebrated the get-together in Gladstone. Pictured (seated, left to right) are Mrs. May Trudelle and Mrs. August Pickard; (standing, from left) Donald Dubrock, Elmer Dahn, Kendrick Dubrock, Otto Dahn, Harvey Dahn, Vernon Dubrock and David Dubrock. The reunion party was held at the home of Mrs. Pickard, 553 N. 8th St. (Daily Press Photo)

Dubrock Twins Reunited With Local Relatives

By MARGARET ADAMS
David Dubrock of Arlington, Ky., and Donald Dubrock, of Louisville, Ky., 36-year-old twin sons of the late Mr. and Mrs. Walter Dubrock of Brampton, arrived in Gladstone Friday for a happy reunion with a family of three sisters and six brothers they did not know existed until recently.

The sisters and brothers are: Mrs. Arnold (Mae) Trudelle, Crystal Falls, Alice Willicher and Mrs. Richard (Helen) Smith, Menominee, Vernon Dubrock, Bark River, Ralph Dubrock, Schaffer, Leslie Dubrock, Sagola, Harvey Dubrock, Rockford, Ill., and Kendrick and John Dubrock, Fern-dale, Mich. They all gathered at the home of an aunt, Mrs. August Pickard, 553 N. 8th St., for a family picnic on Saturday evening.

The Walter Dubrocks, she was the former Estelle Dahn, moved from Brampton to Marinette, Wis., and David and Donald were born there on August 4, 1933. When they were three months old, the mother left taking the babies with her and moved to Bardwell, Ky. The family has not heard from her since November 1933, although efforts were made to locate her.

The children were raised using the name of Willaker. However at the age of eighteen when they registered for the draft they found their name was Dubrock. They never knew their father and had no knowledge of their older brother and sisters.

Their families accompanied them here.

In addition to their aunt, Mrs. Pickard, the young men have three uncles in this area, Elmer, Otto and Harvey Dahn, and a number of cousins.

Mrs. Pickard received a registered, special delivery letter on Friday signed by over 200 friends of the Dubrocks from Carlisle County, Ky., introducing her to her nephews and telling of the high esteem in which they were held and re-joining with them in the reunion with a long lost family.

The Dubrock families will leave Wednesday for their homes after greeting approximately 140 relatives at the Pickard home over the weekend.

City Briefs

Arthur Pickard, who has been teaching school in West Africa, is visiting with his parents, Mr. and Mrs. August Pickard, 553 N. 8th St. He will be leaving soon for Indonesia where he will be teaching for the next year.

Mrs. John Strand, 622 N. 7th St., has returned to her home after vacationing with her son-in-law and daughter, Mr. and Mrs. Stanley Opalka and family at their summer home at Grand View Beach on Mullet Lake near Indian River.

Mr. and Mrs. Allen Reynolds and Mr. and Mrs. Harry Ger- eau attended the wedding of Ann Michael Reynolds and Michael Joseph Brady in Albion, Mich., on August 9.

Couldn't Find John, Mary Doe

MUSKEGON (AP)—Ever try to locate four guys identified only as John Doe or three women listed as Mary Doe?

Muskegon patrolman Robert Anderson, the department's subpoena server, says he recently picked up a stack of subpoenas for witnesses in an assault trial and four men named were listed as John Doe and three women witnesses as Mary Doe.

Anderson admitted the subpoenas were never served. "I just couldn't find them," he said.

State Jobless Show Increase

LANSING (AP)—Michigan's nonfarm employment dropped some 71,000 during the mid-June to mid-July period, the State Employment Security Commission reported today.

Director William R. Ford attributed a major portion of the decrease, to declines in motor vehicles and equipment as well as metals.

Government employment fell by almost 18,000, Ford said.

"With the closing of schools for the summer, employment in state and local education fell by 25,400," he added. "The hiring of temporary maintenance and parks and recreation personnel helped to offset the large decline."

Ford said the current unem-

Dismiss Train Blocking Charge

WINRSOR, Ont. (AP)—A Windsor man who blocked a railway line with his car in retaliation against a shunting engine which delayed him earlier, had a charge of intimidation against him dismissed in court Monday.

Provincial Judge Lloyd Hendrickson said Walter Brisebois, 35, had not obstructed Canadian National Railways traffic April 11, when he blocked the line 18 minutes, the same length of time he said he was delayed. Brisebois said after court he plans to ask the city to build an overpass.

employment figure represents a substantial increase over the June figure although the 5.8 per cent July figure is only slightly higher than the 5.7 per cent figure a year ago.

Legislative Page Felt Like Slave

LANSING (AP)—A Lansing Community College student who worked for two years as a page in the Michigan House of Representatives says he felt like a "legally hired slave" while doing it.

Philip Cornell, who admits the \$5,800-a-year position "mon-eywise is a good job," said there's a "generation gap—maybe two" between state legislators and the young men and women who run their errands.

Cornell, a nephew of former Rep. H. James Starr, D-Lansing, said "You are told you have no right to your own opinion and belief when on the job."

"It's good experience, though. It taught me some self-discipline I probably needed to learn," said Cornell. He said Rep. Daniel Cooper, D-Oak Park, was his legislative sponsor.

Woman Requests Home Protection

MUSKEGON (AP)—Checking the property of absent homeowners is part of the routine for most police departments but sometimes it can be a little difficult.

Muskegon county sheriff's Capt. Charles Harken said a Muskegon township woman called recently to request such protection.

Harken said the conservation went like this:

"Sure we can take care of it. When are you leaving?"

"I'll be leaving in a few minutes," the woman replied.

"O.K. and when will you be returning?"

"Oh, in just a few minutes. I'm just running down to the grocery store."

A Statement from the Board of Education Escanaba Area Public Schools

In light of the controversy and misunderstandings regarding our action on a petition presented to us by Lake Bluff Development, Inc., we hereby print the following as a matter of setting the record straight.

I. A letter dated June 20, 1969, to Mr. Walter McClintock, Superintendent of the Delta-Schoolcraft Intermediate School District, reads, in part, as follows:

Gentlemen:

"We would like to request and petition that the remaining area of our subdivision Lake Bluff Estates Subdivision ±1 be annexed into the Escanaba Area School system . . . a large portion of the subdivision is presently in the Escanaba Area School District."

Sincerely yours,

Matt N. Smith, President

Lake Bluff Development, Inc.

The letter also pointed out that Lake Bluff Development would " . . . donate a 7 to 10 acre plot of land to the school district for a future school site . . . in the general area of the old air field." And, in addition the letter requested " . . . that any future subdivisions we start also be included in the Escanaba Area School District."

II. Michigan laws provide that any petition to transfer property from one school district to another may be initiated by (1) two-thirds majority of the resident property owners whose lands directly adjoin the land petitioned for transfer; or (2) in the event of no resident property owners, the petition must then come from the school district to which the land petitioned for is to be annexed.

III. The Delta-Schoolcraft Intermediate School District determined that, there being no resident property owners in the area immediately adjoining the land proposed for annexation to the Escanaba Area School District, a resolution requesting a legal hearing must come from the Escanaba Area Public Schools.

IV. On July 2, 1969, at its yearly organizational meeting, the Escanaba Area Public School Board adopted the following resolution:

WHEREAS, 80 acres of the approximate total of 1,100 acres in the Lake Bluff Development area lie in Wells Township, and thereby being in the Escanaba Area School District, and

WHEREAS, in order to serve subject 80 acres with school bus service, there being no direct access to the area, Escanaba school buses will have to go into another school district, and

WHEREAS, said land is contiguous with the Escanaba Area Public School District, therefore

BE IT RESOLVED that the Board of Education of the Delta-Schoolcraft Intermediate School District be petitioned to transfer to the Escanaba Area Public School District all property owned by Lake Bluff Development, Inc., contained within sections 29, 30, 31, and 32 of Escanaba Township.

Motion carried by voice vote.

V. The Intermediate School Board was so notified and a hearing (required by law) was scheduled for July 29, 1969.

VI. Following the adoption of the July 2 resolution, a number of citizens of the Escanaba Area, Flat Rock, and Gladstone School Districts interpreted the action (Resolution and scheduled hearing) as an attempted legal maneuver to "steal" (1) tax base from a smaller and less fortunate K-8 school district (Flat Rock), and (2) state reimbursement from a K-12 district (Flat Rock students attend Gladstone high school on a tuition basis).

VII. Shortly thereafter, the Flat Rock District petitioned for a hearing to annex the Escanaba Paper Company into the Flat Rock School District. Accompanying this was a number of rumors and innuendoes regarding the relationships between the Escanaba Area School Board and the Officers and Directors of Lake Bluff Development, Inc. At the same time, there was a joint meeting of the Gladstone and Flat Rock School Boards to prepare plans for presenting a united front against the Escanaba Area School Board.

VIII. On the morning of July 29, Charles L. Tooman, Secretary of the Escanaba Area Public School Board, approached the Intermediate Superintendent requesting information on any possible way for the meeting of that evening to be postponed. His reasons were as follows:

A. It was apparent that the meeting could turn into more of an attack on personalities than a hearing on proposed annexation.

B. The event itself was being publicized as an unwarranted battle of Escanaba Area School Board vs. Flat Rock and Gladstone Boards of Education.

C. A matter which was to have been a hearing on a petition presented to the Escanaba Area Public Schools from Lake Bluff Development, Inc., had been blown entirely out of proportion. It was, in the eyes of a great share of the public, an actual maneuver to steal revenues from two smaller school districts.

D. There was, among a majority of the members of the Escanaba Area School Board, a growing question regarding the extent and limitations of the Board's involvement in the petition. When the resolution was adopted on July 2, it was the understanding of a majority of the Board that the resolution was, in effect, a statement of support—that the Escanaba Area Schools would welcome Lake Bluff Estates subdivision should it become a legal part of the Escanaba Area School District. The Board did not wish to become embroiled in either a controversy with the public or a battle with other school boards.

E. Considering the long range effectiveness and credibility of the office of School Board as such, a meeting held on that particular evening could have created more problems than it would have solved.

The Board Secretary was seeking, in effect, a means of better explaining the matter to the parties involved as well as to the public in general.

IX. After telephone conversation with officials in Lansing, Mr. McClintock related that the Delta-Schoolcraft Board could cancel the hearing provided that he were presented with a letter from a member of the Escanaba Area Board indicating that the petition was to be withdrawn; and further, that at the next regularly scheduled meeting, the Escanaba Area Board must then decide to either withdraw the petition or to proceed with the request for annexation.

X. At 10:30 a. m. July 29 (following two telephone conversations with Escanaba Area Board President Albin Pearson, Jr.) the Board secretary presented the Intermediate Superintendent with a letter indicating that the petition would be withdrawn. The hearing scheduled for July 29 was officially cancelled, and shortly thereafter the Flat Rock School District withdrew its petition to annex the Escanaba Paper Company.

XI. On July 29, 1969, Lake Bluff Development again requested a hearing. The letter to Mr. McClintock reads, in part:

"We (the property owners and tax payers) do not want our area in two different school districts. We feel that we prefer to be in a complete K-12 district and therefore ask that the Escanaba Area School District petition to have the remainder of our area annexed to its district."

XII. At its regularly scheduled meeting of August 12, 1969, and following considerable discussion as to the extent and limitations of its involvement in the petition, the Escanaba Area School Board passed 5-1, with one member absent, the following: We reaffirm the petition to annex the area of Lake Bluff Estates, and further " . . . our only intent is to provide a vehicle for the hearing . . ." The motion also called for copies of said motion to be sent to the Flat Rock, Delta-Schoolcraft Intermediate, and Gladstone School Districts, as well as to the Directors of Lake Bluff Estates.

XIII. On Thursday, August 14, 1969, the Flat Rock Consolidated School District, through its attorney, Nino E. Green, released the following statement: "It is appalling to witness the ease with which a public body such as the Escanaba Area School Board can allow itself to be manipulated by a private, special interest group."

OUR POSITION IS THIS

The Escanaba Area Public School Board has been petitioned by certain members of its electorate to file petition on their (Lake Bluff Development, Inc.) behalf, in order that a public hearing may be held regarding their request for transfer of land from one school district to another. The Escanaba Area Public School Board reaffirms the right of any group of the electorate to present a responsible petition to the Board; and in addition, it believes that the Board is obligated to request that responsible petitions be heard!

Again, it is agreed among the members of the Escanaba Area Public School Board that the Board's only intent is to provide the legal vehicle for the petition to be heard—regardless of rumors, innuendoes, accusations or public statements to the contrary.

Signed,

Charles L. Tooman

Secretary

Escanaba Area Board of Education

Phoenix Girl Wins Scholarship From Interlochen

INTERLOCHEN (AP) — Susan Pierson of Phoenix, Ariz., has won an \$8,000 full scholarship to DePaul University as 49 scholarships worth \$40,000 were awarded at the National Music Camp's annual honors convocation.

Miss Pierson, a voice major who will enter DePaul next fall, was the top scholarship winner. The University of Michigan's full tuition scholarship worth \$6,400 was awarded to a harpist, Carol McLaughlin of Calgary, Alta.

William Grubb, a violinist from Greencastle, Ind., won the 1969 scholarship to the Eastman School of Music while the 1970 scholarship went to Patricia McCarty, a viola player from Wichita, Kan.

Awarding of the scholarships marked the closing of the music camp which was attended this summer by more than 1,450 pupils from 43 states and 13 foreign nations.

THE ENGAGEMENT OF Susan Elizabeth Kehoe is announced by her parents, Mr. and Mrs. Earl J. Kehoe of 1317 13th Avenue, Grafton, Wisconsin to Robert Joseph Shepich, son of Mr. and Mrs. Joseph Shepich of Caspian, Michigan. The bride-elect is a 1962 graduate of Grafton High School and a 1966 graduate of Evangelical Deaconess School of Nursing. For the past three years she has been employed as the head nurse in the Coronary Care Unit, Mt. Sinai Hospital, Milwaukee, Wisconsin. Her fiancé is a 1960 graduate of Stambaugh High School and a 1964 graduate of Northern Michigan University. He is presently employed as an English teacher at Escanaba Area Public High School. A late September wedding is planned by the couple. (Preston's Studio)

Rapid River

Mr. and Mrs. Orin Papineau returned from Sturgeon Bay, Wis. where they visited relatives.

Mrs. Ray Brien, Tampa, Fla., and Belle Amburst, Deer Park, Ill., visited with Maude Hocks.

Harry Johnson and James Johnson returned from a trip to Houghton Lake.

Mrs. Ruth LaFave and granddaughter Janice Kviz of Carpentersville, Ill. spent the past week at the home of Mrs. Lorraine Gullickson and Pat. Mrs. Lenore Kviz and Charles Moberg spent the weekend and they returned home on Sunday.

Mr. and Mrs. Jess Cavill, Ashland, Wis., Mr. and Mrs.

Leo Cavill, Menominee, Mr. and Mrs. Basil Birch, Mrs. Kermit Sundling and Mrs. Evelyn Highlund, Detroit and Mr. and Mrs. Mike Cassidy. Haslett returned to their homes after attending funeral services for Mrs. Kathleen Scott.

Nell Ann Maggart, daughter of Mrs. Winston Maggart is spending two weeks at the home of her uncle and aunt, Mr. and Mrs. Mike Cassidy of Haslett and with her grandparents Mr. and Mrs. Ranar Maggart of Coldwater.

Mr. and Mrs. Oliver Evans and daughter, Nancy, of Milwaukee, visited at the Polly Budath home.

Bark River

Guests at the home of Mr. and Mrs. Adolph Urbanc during the past week were: Mr. and Mrs. Martin Schindlerle of Iron Mountain; Mr. and Mrs. Arthur Schindlerle of Appleton, Wis.; Mr. and Mrs. Kermit Bienemann and Mrs. Carl Bienemann of Sheboygan, Wis., and Sister Bonnie Motto O. P. of Adrian, Mich. Sister is the daughter of Mr. and Mrs. William Motto of Wilson.

Mr. and Mrs. Richard Gaudault and children of Battle Creek are vacationing this week with the former's parents, Mr. and Mrs. Joseph Gaudault and visiting with other relatives and friends in the area.

Mr. and Mrs. Lawrence Lessard of Detroit, Mr. and Mrs. Ellsworth Nault and daughters, Christine and Mary Lee, returned Friday from a camping trip to the West Coast. Points of interest included Disneyland, in Los Angeles, Fisherman's Wharf and the Golden Gate in San Francisco, Mount Rushmore, Yellowstone Park and saw the Passion Play in Dakota.

Jan C. Thorbjornsen, Terry T. Kayser, Wed

Immanuel Lutheran Church was the setting for the wedding of Jan Carol Thorbjornsen and Terry Thomas Kayser, Saturday, August 2.

Rev. Reuben Carlson of the First Lutheran Church of Gladstone heard the exchange of vows as the bride was given, in marriage by her father, Mr. Kenneth Thorbjornsen.

White Organza
The bride selected for her wedding an empire - styled gown of white organza and lace with a lace bodice and sleeves. She wore a rose petal veil of white illusion and carried a bouquet of white carnations and red sweetheart roses.

Matron of honor for her sister's wedding was Susan Novak of Perronville with the bridesmaid being Sharon Johnson of Trenary, a niece of the bridegroom. They were attired in empire - styled gowns of white eyelet over pale blue taffeta and carried bouquets of white daisies and ivy.

Serving as best man for his sister's wedding was Pfc. Jerry A. Smith, and further attending the bridegroom was Kenneth Thorbjornsen, another brother of the bride. Performing ushering duties was Danny Johnson of Trenary, nephew of the bridegroom.

Mothers' Attire
The bride's mother wore a three-piece lime green suit with matching yellow accessories for her daughter's wedding.

She was presented a corsage of white carnations and yellow roses. A three-piece orchid suit with bone accessories with a corsage of orchids and white carnations was worn by the mother of the bridegroom.

Reception
After a dinner served at the Immanuel Lutheran Church dining hall, the newlyweds greeted guests at the home of the bride.

Following a honeymoon to an undisclosed destination the couple will reside in Chicago.

The bride is a 1969 graduate of Escanaba Area Public High School and Mr. Kayser is a 1967 graduate of Trenary High School, attended Northern Michigan University, and is presently employed with McNulty Brothers Inc., Chicago.

People

On Saturday, August 16, Mr. and Mrs. John Jorgensen of 625 S. 14th St. celebrated their 50th wedding anniversary with a Mass at St. Patrick's Church followed by a small family reception.

Visitors at the home of Mrs. Nettie Seidl the past week were Mr. and Mrs. William A. Pyle and three children from Kalamazoo. Mrs. Pyle is the former Marlene Seidl. They are on vacation coming from St. Louis, Missouri, where they visited a brother, John and family.

Mrs. John M. Stenseng and Mrs. Louis Schiete of Inkster, Mich., visited over the weekend with Mrs. Nettie Seidl and Mr. and Mrs. C. C. Dean. Mrs. Stenseng (Ada) a former resident of Escanaba is sister of Mrs. Seidl and Mr. Dean.

Mrs. Louis Cole has returned home after being a surgical patient at St. Francis Hospital.

Rock

The Rock Community Ambulance Service Annual dues will be collected Friday, Aug. 22 from 9 a. m. until 6 p. m. at the Rock Co-op Store. Memberships expire August 31. New members will also be accepted.

TAKE YOUR CHOICE or try them all! Crown juicy broiled beefburgers with zippy tomato topping, bubbly blue cheese or corn relish.

"Pizzaz" Burgers A New Meaty Idea

Today we take for granted the fun and flavor of barbecued meats. They've become an integral part of America's leisurely living. So much so that modern homemakers, who serve a wide variety of grilled meats with "pizzazz," are always on the lookout for a new barbecue idea.

Here's variety for a popular grill classic. Serve plump beefburgers with a parade of toppings, suggests meat expert Reba Stagg of the National Live Stock and Meat Board.

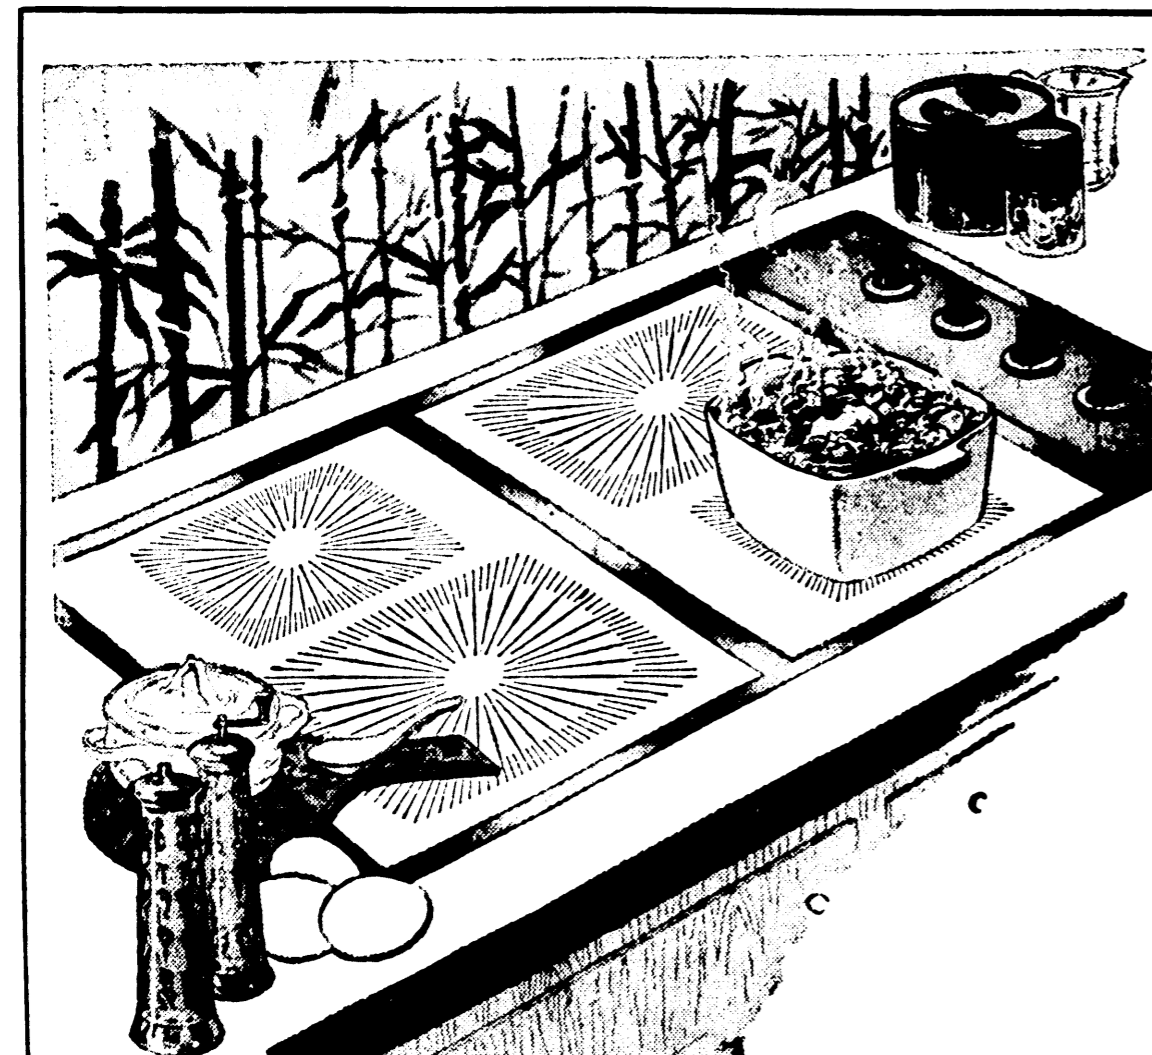

Basic Beefburgers: Combine 2 pounds of ground beef with 2 teaspoons salt and 1/4 teaspoon pepper. Shape into 8 patties 1/2 to 3/4 inch thick. Place meat on grill or in oven broiler about 3 to 4 inches from heat. Broil 6 to 8 minutes on one side. Turn with a spatula so the juices won't run out. Broil 6 to 8 minutes longer, to desired degree of doneness.

Top broiled burgers with any one of the following:

Garden Peninsula

Mrs. John (Mary) Smith and three sons, Mrs. Yvonne Rivers, and Mr. Jim Garrent and family of Flint are vacationing at Mrs. Smith's cabin at Garden Corners. Mrs. Smith and Mrs. Rivers are former Garden residents.

When tortillas are to be rolled, remember that they must be heated (in a little melted shortening) only until they soften.

The Counter That Cooks by CORNING

No burners or coils. Instead, a gleaming white, easy-to-clean panel with four sunburst designs that mark the thermostatically controlled cooking areas. Turned on for cooking, the sunbursts glow yellow. Turned off, the entire surface is usable counter space. The Counter That Cooks comes with special Corning Cookmates—they go from freezer to oven to tabletop. Come see this remarkable cooking invention from Corning.

UPSET TIGER — Detroit Tiger catcher Bill Freehan is up-ended by Tom Reynolds of the Oakland Athletics in the ninth inning of a game played Sunday at Oakland. The play occurred when Reynolds was forced at the plate by Bert Campaneris in a bases loaded situation. The Tigers blasted the A's in the game, 9-3. (AP Wirephoto)

Kilkenny To Open Series With Pilots For Bengals

SEATTLE (AP) — The Detroit Tigers went west hoping to get fat. They may get their chance tonight when they send rookie Mike Kilkenny against the hapless expansion Seattle Pilots and aging Steve Barber, but so far they haven't accomplished their aim.

The only thing that has gotten fat on the current Tiger west-

Elaine Nelson Loses Opener

There will be a new women's golf champion crowned at the Highland Golf Club this year after opening round play in the 1969 tourney yesterday which saw defending champion Elaine Nelson lose to former champion Carolyn Nelson 1-up.

In other championship flight matches, Elaine Fairchild defeated Doris Costley 6 and 5, Vicki Beck tripped Martha Friets 4 and 3 and Dorothy Loodeen upended Caroline Olson 3 and 2.

In the first flight, Irene Milkovich nipped Lorraine Teal 1-up, Barbara Douglas upended Babe Johnson 5 and 3, Marcine Smith defeated Betty Fassbender 2-up and Darole Daniels won over Mary Walton 4 and 3.

In the second flight Carol Davidson defeated Agnes Baribeau 6 and 5, Alice Call beat Nancy Robinette 6 and 5, Babe Bink stopped Lu Barnhart 5 and 3 and Armine Sundquist defeated Mary Niquette 5 and 4.

In the nine-hole tourney Bev Dupey emerged victorious over Elaine Krause 1-up, Phyllis Anderson defeated Lu Zeno 1-up, Bernice Hannemann tripped Lorraine Land 5-up and LaVona Motto beat Marjorie Olson 8-up.

Bev Farrell Gets Victory

GLADSTONE—Bev Farrell started defense of her Gladstone Golf Club women's championship yesterday with a 6 and 5 victory over Ev Skelenger in the opening round of the 1969 women's club tournament.

In other championship flight matches Dede Peterson beat Bev Peterson 5 and 4, Alice Davis nipped Dorothy Coulter 1-up, Marie Harris defeated Peggy Reese 4 and 2, Marian Tiberghien won over Dode Norelius 9 and 7, Joan Anderson tripped Milly Trombley 8 and 6, Alice Altese defeated Sandy Butler 8 and 6 and Rita Sturdy nipped Dorothy Nichols 1-up.

In the second flight Eleanor Weycker defeated Lois Hall, Shirley Trombley stopped Carol Wood, Millie Stenlund tripped Lorraine Srock and Ev Belongie defeated Dee Hoehn.

Slow Pitch

In Slow Pitch action last night, the Paper Mill nipped the AMVET's 8-7 and Lombardi's split with the Independents, winning the first game 13-8 and losing the second 7-3.

Tonight the River Post takes on the AMVET's at 6:30 on diamond No. 2 behind the Escanaba Area High School and the winner will meet the Paper Mill Wednesday night for the league title.

ern swing is their figure in the games - behind - Baltimore column. That has grown from 14½ four days ago when the Tigers invaded Oakland to 16½ today.

Rookie Kilkenny, 2-3, had something to do with that, and to make it worse he had the chance to help keep the Orioles margin down to at least a smaller level.

Mike, who went the route in a win over the California Angels in Detroit last week on the same night his first son was born, was on the mound Saturday afternoon when Don Wert homered in the 10th to give the Detroiters a 3-2 lead.

But Kilkenny, whose earned-run average skyrocketed to 4.41 in the three-inning stint, gave up two one-out hits and wound up being tagged with a 4-3 loss.

The Tigers even lost ground Monday while they weren't playing. Baltimore didn't play either, so the Birds' first-place edge in the American League East remained static, but the Boston Red Sox picked up a half game on Detroit by beating Minnesota.

Meanwhile, the Tigers were spending their off day speculating that Baltimore would lose

Finley Ordered To Stop Music

BOSTON (AP) — American League President Joe Cronin said Monday night he has ordered owner Charles O. Finley of the Oakland Athletics to stop the practice of distracting opposing players by having his organist strike up the music while play is in progress.

Cronin said he issued the order after receiving a report from the umpires who handled Sunday's controversial game in which Detroit pitcher Denny McLain was distracted by organ music.

"I told him I don't condone such action," Cronin said while attending the Minnesota Twins-Boston Red Sox game. "We don't mind organ playing when there's a break in the action but not when the pitcher is getting ready to throw."

The Sunday incident was the second at Oakland involving McLain, himself an accomplished organist.

First time was on May 29 when Oakland Coliseum organist Lloyd Fox struck a loud chord as McLain went into his stretch and the pitcher hesitated and was charged with a balk.

Then Sunday, with McLain again pitching in Oakland, the organist struck up loud chords as the Athletics starting a rally. McLain protested to plate umpire Bill Stewart, who told Oakland Manager Hank Bauer to have the music stopped but to no avail.

Toledo Loses To Tidewater

By The Associated Press

Righthander Danny Frisella threw a four-hitter and ran his record to 9-2 Monday night as the Tidewater Tides whipped fading Toledo 6-4 with a 15-hit barrage.

The loss dropped the Mud Hens 5½ games out of the league lead and all but eliminated them from contention for a second straight International League pennant.

In other action, Louisville beat Buffalo 9-2, Rochester nipped out Columbus 6-6 and Syracuse topped Richmond 14-7.

to Minnesota in the five-game American League playoff at season's end. This even while the Twins lead Oakland by just a game and a half in the American League West.

"The Twins have the experience in the pressure ball games," said Al Kaline. "A lot of them were in the 1965 World Series."

"Baltimore has been winning and winning," said Manager Mayo Smith. "Now they'll have to stop and say: 'We've got to win three out of five.' That's a helluva adjustment to make."

By The Associated Press

No one hit Dave Boswell very hard Monday night, but Manager Billy Martin of the Minnesota Twins wasn't exactly wild about his relief pitchers and you couldn't blame Cincinnati skipper Dave Bristol if he wanted to take a pot-shot at several of his butterfingers Reds.

Both the Twins, leaders in the American League West, and Reds, pacesetters in the National League West, lost 10-inning games—and some of their slim margins, as well.

Boston tied the Twins on Tony Conigliaro's three-run homer in the eighth off Bill Zepp and beat them 7-6 on George Scott's run-scoring double against Ron Per-

Oakland Team Ready To Move

OAKLAND (AP)—The Oakland Oaks, who lost more than \$1 million in the two years the American Basketball Association has been in existence, appeared today to be headed for Washington, D.C.

Oaks' General Manager Bruce Hale confirmed Monday that several Washington groups are negotiating to buy the defending ABA champions and said the matter would probably be discussed in today's league meeting in New York.

ABA Commissioner Jim Gardner said a \$2.5 million offer by Washington attorney Earl Foreman was the best price but denied the negotiations have anything to do with the proposed merger of the ABA with the National Basketball Association.

But a club spokesman said the move, not expected to take place until after the upcoming season, is part of merger plans.

Competing for the Bay Area sports dollar with the NBA San Francisco Warriors, the Oaks averaged only 3,500 fans a home game last season while leaping from last place in 1966-67 to the ABA title.

ranoski. The comeback occurred after Boswell, making his first appearance since his ballyhooed Aug. 6 fight with Manager Martin and teammate Bob Allison, checked the Red Sox on five hits through seven innings. The defeat sliced Minnesota's lead over idle Oakland to 1½ games.

Errors Hurt

Five Cincinnati errors handed Pittsburgh 10 unearned runs, including two in the ninth and seven in the 10th, and a 12-5 triumph in the only NL contest, trimming the Reds' edge over Los Angeles to a mere one-half game.

Back in the AL, Baltimore mauled Seattle 12-3, Kansas City trounced the New York Yankees 6-1 and California topped Cleveland 3-1. Besides Oakland, the Chicago White Sox, Detroit and Washington also had the night off.

Pitching for the first time since July 31, Boswell settled down after a shaky start—three runs but only one solid hit in the first inning—and blanked the Red Sox until fatigue and a recurring blister forced him out after seven with a 6-3 lead.

Rough Greeting

Carl Yastrzemski greeted Zepp, a rookie brought up from the minor's last week, with a single, Reggie Smith walked and Conigliaro smashed his 16th homer. With Perranoski on the firing line in the 10th, Smith walked, Rico Petrocelli sacrificed and Conigliaro was purposely passed before Scott came through.

The Red Sox scored in the first on a walk, Dalton Jones' triple, another walk, Conigliaro's bunt single and an error. Harmon Killebrew's 33rd homer with two on and a solo shot by Graig Nettles highlighted Minnesota's six-run fourth against 16-game winner Ray Culp.

"I was tired and I had all the skin on my finger rubbed off," Boswell said. "Two or three times a year I get a blister like this. My trouble in the first inning, though, was just readjustment to pitching after a long layoff. I felt like I was over the

hump in the second, when I struck out the side."

Weird Baserunning

The Red Sox triumphed despite some weird baserunning by Mike Andrews. In the fifth, he went from first to third on a double by Carl Yastrzemski, then apparently thought the ball had been caught and started to retrace his steps. The Twins obligingly tagged him out.

With Andrews on second, another runner on first and one out in the ninth, Yastrzemski tapped back to the mound and Perranoski fired to second for a force play. There was no chance for a routine double play, but Andrews swooped around third and shortstop Leo Cardenas threw over to nail him.

After errors by left fielder Alex Johnson and pitcher Gerry Arrigo and Roberto Clemente's single gave the Pirates an unearned run in the third, Cincinnati piled up a 5-2 lead entering the ninth on Bobby Tolan's three-run homer and single runs in the sixth and eighth.

Red Giveaway

But the big Red giveaway began in earnest in the ninth. Wil-

lie Stargell was on third with two out when shortstop Woody Woodward threw wide to first after fielding Manny Sanguillen's grounder. Al Oliver then doubled Sanguillen home with the tying run.

With one out in the 10th, third baseman Tony Perez bobbled Bruce Dal Canton's hopper and Alou beat out a bunt. Jose Pagan bounced back to pitcher Wayne Granger but second baseman Chico Ruiz dropped his throw, loading the bases.

Al Jackson came on to strike out Stargell but Pedro Ramos was not as fortunate. Carl Taylor greeted him with a three-run tie-breaking double, Sanguillen got an infield hit, Oliver whacked a two-run double and Gene Alley belted his fifth homer, all in the last five games.

Belanger Hot

Mark Belanger paced Baltimore's rout of Seattle with three doubles, a single and five runs batted in. The Orioles scored twice in the first and eight times in the second, making it easy for no-hit Jim Palmer, 12-2, who lost his bid for a second consecutive no-hitter—he did it

to Oakland last Wednesday when Tommy Harper dou on his fourth pitch of the game.

Palmer surrendered hits, including three doubles and solo homers by Jim Davis and Wayne Co Belanger's two doubles in second inning tied the r league record.

Bunker Sparkles

Kansas City's Wally Bunker Coiled off the Yankees cooled off the Yankees on scattered hits and drove three runs in his own 1 with a single and double. Royals scored three run Mel Stottlemyre, 16-10, i fourth on two walks, a sin error and an infield out.

California broke a 1-1 tie two runs against Cleveland. Jiever Ron Law in the eight Jim Fregosi's single, Law ror, a sacrifice, Bubba Mc indfield roller and a sacrific by Aurelio Rodriguez.

Tom Murphy, coming from Army Reserve duty i Francisco, hurled a six-hit

Mead Softball Play In Tourney

Mead Paper Co., a te the Escanaba Softball A tion, competed in the C softball tournament ove weekend at Marquette wound up winning three and losing two.

In their opening gan Mead nine lost to H Dairy of Marquette 5-1. Ron Smith being tagged the defeat. On Saturda got on the winning trs defeating Soo by a score with Mike Skorupski sca four hits in picking up t tory and John Martinac a three-run homer.

In their second game day, Mead scored a run eighth inning on a tri Skorupski and a sacrific by John Dementer to n Mountain 1-0. Smith pic the victory in this game.

On Sunday, Mead wo first game on a forfeit losing to Hillcrest Dair by a score of 4-2 desp singles and a home run tinac.

GLADSTONE

A FAMILY REUNITED celebrated the get-together in Gladstone. Pictured (seated, left to right) are Mrs. May Trudell and Mrs. August Pickard; (standing, from left) Donald Dubrock, Elmer Dahn, Kendrick Dubrock, Otto Dahn, Harvey Dahn, Vernon Dubrock and David Dubrock. The reunion party was held at the home of Mrs. Pickard, 553 N. 8th St. (Daily Press Photo)

Dubrock Twins Reunited With Local Relatives

By MARGARET ADAMS

David Dubrock of Arlington, Ky., and Donald Dubrock, of Louisville, Ky., 36-year-old twin sons of the late Mr. and Mrs. Walter Dubrock of Brampton, arrived in Gladstone Friday for a happy reunion with a family of three sisters and six brothers they did not know existed until recently.

The sisters and brothers are: Mrs. Arnold (Mae) Trudelle, Crystal Falls, Alice Willicher and Mrs. Richard (Helen) Smith, Menominee, Vernon Dubrock, Bark River, Ralph Dubrock, Schaffer, Leslie Dubrock, Sagola, Harvey Dubrock, Rockford, Ill., and Kendrick and John Dubrock, Fern-dale, Mich. They all gathered at the home of an aunt, Mrs. August Pickard, 553 N. 8th St., for a family picnic on Saturday evening.

The Walter Dubrocks, she was the former Estelle Dahn, moved from Brampton to Marinette, Wis., and David and Donald were born there on August 4, 1933. When they were three months old, the mother left taking the babies with her and moved to Bardwell, Ky. The family has not heard from her since November 1933, although efforts were made to locate her.

The children were raised using the name of Willaker. However at the age of eighteen when they registered for the draft they found their name was Dubrock. They never knew their father and had no knowledge of their older brother.

and sisters. Mrs. Dubrock died on January 7, 1964.

In a trunk left by their mother, which was lost for a time, they found a clipping telling of the death of their grandfather Dahn and a wedding picture of Mr. and Mrs. August Pickard (the former Eva Dahn.) Efforts to locate the Dubrock family in Wisconsin failed, their father died in the late 30's.

A week ago on Saturday, David called Mrs. Pickard and was over-joyed to learn of their family. David is a pharmacist. He is married and has five children. Donald has an insurance business and is also married and has one child.

Their families accompanied them here.

In addition to their aunt, Mrs. Pickard, the young men have three uncles in this area, Elmer, Otto and Harvey Dahn, and a number of cousins.

Mrs. Pickard received a registered, special delivery letter on Friday signed by over 200 friends of the Dubrocks from Carlisle County, Ky., introducing her to her nephews and telling of the high esteem in which they were held and re-joining with them in the reunion with a long lost family.

The Dubrock families will leave Wednesday for their homes after greeting approximately 140 relatives at the Pickard home over the weekend.

City Briefs

Arthur Pickard, who has been teaching school in West Africa, is visiting with his parents, Mr. and Mrs. August Pickard, 553 N. 8th St. He will be leaving soon for Indonesia where he will be teaching for the next year.

Mrs. John Strand, 622 N. 7th St., has returned to her home after vacationing with her son-in-law and daughter, Mr. and Mrs. Stanley Opalka and family at their summer home at Grand View Beach on Mullet Lake near Indian River.

Mr. and Mrs. Allen Reynolds and Mr. and Mrs. Harry Ger- eau attended the wedding of Ann Michael Reynolds and Michael Joseph Brady in Albion, Mich., on August 9.

Couldn't Find John, Mary Doe

MUSKEGON (AP)—Ever try to locate four guys identified only as John Doe or three women listed as Mary Doe?

Muskegon patrolman Robert Anderson, the department's subpoena server, says he recently picked up a stack of subpoenas for witnesses in an assault trial and four men named were listed as John Doe and three women witnesses as Mary Doe.

Anderson admitted the subpoenas were never served. "I just couldn't find them," he said.

State Jobless Show Increase

LANSING (AP)—Michigan's nonfarm employment dropped some 71,000 during the mid-June to mid-July period, the State Employment Security Commission reported today.

Director William R. Ford attributed a major portion of the decrease, to declines in motor vehicles and equipment as well as metals.

Government employment fell by almost 18,000, Ford said.

"With the closing of schools for the summer, employment in state and local education fell by 25,400," he added. "The hiring of temporary maintenance and parks and recreation personnel helped to offset the large decline."

Ford said the current unem-

Dismiss Train Blocking Charge

WINRSOR, Ont. (AP)—A Windsor man who blocked a railway line with his car in retaliation against a shunting engine which delayed him earlier, had a charge of intimidation against him dismissed in court Monday.

Provincial Judge Lloyd Hendrickson said Walter Brisebois, 35, had not obstructed Canadian National Railways traffic April 11, when he blocked the line 18 minutes, the same length of time he said he was delayed.

Brisebois said after court he plans to ask the city to build an overpass.

Employment figure represents a substantial increase over the June figure although the 5.8 per cent July figure is only slightly higher than the 5.7 per cent figure a year ago.

Legislative Page Felt Like Slave

LANSING (AP)—A Lansing Community College student who worked for two years as a page in the Michigan House of Representatives says he felt like a "legally hired slave" while doing it.

Philip Cornell, who admits the \$5,800-a-year position "mon-eywise is a good job," said there's a "generation gap—maybe two" between state legislators and the young men and women who run their errands.

Cornell, a nephew of former Rep. H. James Starr, D-Lansing, said "You are told you have no right to your own opinion and belief when on the job."

"It's good experience, though. It taught me some self-discipline I probably needed to learn," said Cornell. He said Rep. Daniel Cooper, D-Oak Park, was his legislative sponsor.

Woman Requests Home Protection

MUSKEGON (AP)—Checking the property of absent homeowners is part of the routine for most police departments but sometimes it can be a little difficult.

Muskegon county sheriff's Capt. Charles Harken said a Muskegon township woman called recently to request such protection.

Harken said the conservation went like this:

"Sure we can take care of it. When are you leaving?"

"I'll be leaving in a few minutes," the woman replied.

"O.K. and when will you be returning?"

"Oh, in just a few minutes. I'm just running down to the grocery store."

A Statement from the Board of Education Escanaba Area Public Schools

In light of the controversy and misunderstandings regarding our action on a petition presented to us by Lake Bluff Development, Inc., we hereby print the following as a matter of setting the record straight.

I. A letter dated June 20, 1969, to Mr. Walter McClintock, Superintendent of the Delta-Schoolcraft Intermediate School District, reads, in part, as follows:

Gentlemen: "We would like to request and petition that the remaining area of our subdivision Lake Bluff Estates Subdivision - I be annexed into the Escanaba Area School system. . . a large portion of the subdivision is presently in the Escanaba Area School District."

Sincerely yours,
Matt N. Smith, President
Lake Bluff Development, Inc.

The letter also pointed out that Lake Bluff Development would "donate 2 1/2 to 10 acre plot of land to the school district for a future school site . . . in the general area of the old air field." And, in addition the letter requested " . . . that any future subdivisions we start also be included in the Escanaba Area School District."

II. Michigan laws provide that any petition to transfer property from one school district to another may be initiated by (1) two-thirds majority of the resident property owners whose lands directly adjoin the land petitioned for transfer; or (2) in the event of no resident property owners, the petition must then come from the school district to which the land petitioned for is to be annexed.

III. The Delta-Schoolcraft Intermediate School District determined that, there being no resident property owners in the area immediately adjoining the land proposed for annexation to the Escanaba Area School District, a resolution requesting a legal hearing must come from the Escanaba Area Public Schools.

IV. On July 2, 1969, at its yearly organizational meeting, the Escanaba Area Public School Board adopted the following resolution:

WHEREAS, 80 acres of the approximate total of 1,100 acres in the Lake Bluff Development area lie in Wells Township, and thereby being in the Escanaba Area School District, and

WHEREAS, in order to serve subject 80 acres with school bus service, there being no direct access to the area, Escanaba school buses will have to go into another school district, and

WHEREAS, said land is contiguous with the Escanaba Area Public School District, therefore

BE IT RESOLVED that the Board of Education of the Delta-Schoolcraft Intermediate School District be petitioned to transfer to the Escanaba Area Public School District all property owned by Lake Bluff Development, Inc., contained within sections 28, 30, 31, and 32 of Escanaba Township.

Motion carried by voice vote.

V. The Intermediate School Board was so notified and a hearing (required by law) was scheduled for July 29, 1969.

VI. Following the adoption of the July 2 resolution, a number of citizens of the Escanaba Area, Flat Rock, and Gladstone School Districts interpreted the action (Resolution and scheduled hearing) as an attempted legal maneuver to "steal" (1) tax base from a smaller and less fortunate K-8 school district (Flat Rock), and (2) state reimbursement from a K-12 district (Flat Rock students attend Gladstone high school on a tuition basis).

VII. Shortly thereafter, the Flat Rock District petitioned for a hearing to annex the Escanaba Paper Company into the Flat Rock School District. Accompanying this was a number of rumors and innuendoes regarding the relationships between the Escanaba Area School Board and the Officers and Directors of Lake Bluff Development, Inc. At the same time, there was a joint meeting of the Gladstone and Flat Rock School Boards to prepare plans for presenting a united front against the Escanaba Area School Board.

VIII. On the morning of July 29, Charles L. Tooman, Secretary of the Escanaba Area Public School Board, approached the Intermediate Superintendent requesting information on any possible way for the meeting of that evening to be postponed. His reasons were as follows:

A. It was apparent that the meeting could turn into more of an attack on personalities than a hearing on proposed annexation.

B. The event itself was being publicized as an unwarranted battle of Escanaba Area School Board vs. Flat Rock and Gladstone Boards of Education.

C. A matter which was to have been a hearing on a petition presented to the Escanaba Area Public Schools from Lake Bluff Development, Inc., had been blown entirely out of proportion. It was, in the eyes of a great share of the public, an actual maneuver to steal revenues from two smaller school districts.

D. There was, among a majority of the members of the Escanaba Area School Board, a growing question regarding the extent and limitations of the Board's involvement in the petition. When the resolution was adopted on July 2, it was the understanding of a majority of the Board that the resolution was, in effect, a statement of support — that the Escanaba Area Schools would welcome Lake Bluff Estates subdivision should it become a legal part of the Escanaba Area School District. The Board did not wish to become embroiled in either a controversy with the public or a battle with other school boards.

E. Considering the long range effectiveness and credibility of the office of School Board as such, a meeting held on that particular evening could have created more problems than it would have solved.

The Board Secretary was seeking, in effect, a means of better explaining the matter to the parties involved as well as to the public in general.

IX. After telephone conversation with officials in Lansing, Mr. McClintock related that the Delta-Schoolcraft Board could cancel the hearing provided that he were presented with a letter from a member of the Escanaba Area Board indicating that the petition was to be withdrawn; and further, that at the next regularly scheduled meeting, the Escanaba Area Board must then decide to either withdraw the petition or to proceed with the request for annexation.

X. At 10:30 a. m. July 29 (following two telephone conversations with Escanaba Area Board President Albin Pearson, Jr.) the Board secretary presented the Intermediate Superintendent with a letter indicating that the petition would be withdrawn. The hearing scheduled for July 29 was officially cancelled, and shortly thereafter the Flat Rock School District withdrew its petition to annex the Escanaba Paper Company.

XI. On July 29, 1969, Lake Bluff Development again requested a hearing. The letter to Mr. McClintock reads, in part:

"We (the property owners and tax payers) do not want our area in two different school districts. We feel that we prefer to be in a complete K-12 district and therefore ask that the Escanaba Area School District petition to have the remainder of our area annexed to its district."

XII. At its regularly scheduled meeting of August 12, 1969, and following considerable discussion as to the extent and limitations of its involvement in the petition, the Escanaba Area School Board passed 5-1, with one member absent, the following: we reaffirm the petition to annex the area of Lake Bluff Estates, and further " . . . our only intent is to provide a vehicle for the hearing . . ." The motion also called for copies of said motion to be sent to the Flat Rock, Delta-Schoolcraft Intermediate, and Gladstone School Districts, as well as to the Directors of Lake Bluff Estates.

XIII. On Thursday, August 14, 1969, the Flat Rock Consolidated School District, through its attorney, Nino E. Green, released the following statement: "It is appalling to witness the ease with which a public body such as the Escanaba Area School Board can allow itself to be manipulated by a private, special interest group."

OUR POSITION IS THIS

The Escanaba Area Public School Board has been petitioned by certain members of its electorate to file petition on their (Lake Bluff Development, Inc.) behalf, in order that a public hearing may be held regarding their request for transfer of land from one school district to another. The Escanaba Area Public School Board reaffirms the right of any group of the electorate to present a responsible petition to the Board; and in addition, it believes that the Board is obligated to request that responsible petitions be heard!

Again, it is agreed among the members of the Escanaba Area Public School Board that the Board's only intent is to provide the legal vehicle for the petition to be heard — regardless of rumors, innuendoes, accusations or public statements to the contrary.

Signed,

Charles L. Tooman

Secretary

Escanaba Area Board of Education

MEET THE NEW PLEATED COATS THAT SWING TO A YOUNG, JUNIOR TEMPO, 60.00 TO 75.00

If there's one word that belongs in your fashion vocabulary this fall — it's pleats! Gored or inverted, knee-deep or waist-high. Pleats give '69 coats their new grace in motion. Call it young. Call it fun. Call it a look that's definitely you in any of our junior versions.

Sketched: Give inverted pleats a whirl in this coat of brown and white wool herringbone, in sizes 5-13, 70.00

BOBBLED KICKOFF — Gale Sayers (40) of the Chicago Bears leaps to snare a kickoff, but he was hit by Green Bay Packer rookie Perry Williams (31) and fumbled. The Packers recovered the ball and kicked a short field goal after unable to force the Bears' line. The Bears wound up winning the Saturday evening encounter at Milwaukee by a score of 19-9. (AP Wirephoto)

Doctor Claims Palmer's Comeback Chances Good

PITTSBURGH (AP) — There is a good chance—but no guarantee—that Arnold Palmer can be completely cured of his hip trouble if he submits to proper rest and treatment, the golfer's physician said today.

Dr. Carl Eisenbeis of Pittsburgh predicted at the same time that the game's ailing hero will never be content to play on a casual basis.

"It's not his nature," doctor said. "He has won so often and so big that he feels he must always do it. He plays viciously. He wants to let the ball fly."

"Rather than settle for anything less than perfect, he

wouldn't play at all. It is one of the problems in treating this case."

The doctor's interview was his first since Palmer shot an agonizing 82, in the PGA Championship last Thursday in Dayton, Ohio. Palmer withdrew from the tourney, saying he would not return to competitive golf until his hip was healed.

The ailment in Palmer's right hip—a form of bursitis or inflammation in the joints—dates back to May, 1966, when he was playing in the New Orleans Open. The pain has recurred repeatedly, causing a prolonged slump.

Dr. Eisenbeis examined Palmer last Friday, after the golfer returned to his home in nearby Latrobe. He then began a new and more intensive treatment. The doctor left shortly afterward for a vacation in New Jersey but has kept in daily contact with his patient.

"The treatment is not much different than we have followed all along. It involves injections, medication and therapy. It is

just more intense," the doctor explained.

He said he had recommended a longer rest and a lessening of outside activities for the millionaire businessman golfer, whose all-time earnings exceed \$1 million and whose commercial enterprises cover almost every phase of the game.

Kansas City Begins Preparation For Grudge Contest Against Rams

By The Associated Press
The Kansas City Chiefs, the hottest team in pro football's preseason program, began drilling for a grudge meeting with the Los Angeles Rams with two strikes against them.

Gloria Hansley Opens With Win

The women at the Escanaba Country Club opened play in their 1969 club tournament yesterday with Gloria Hansley seeking to defend her 1968 title.

In the championship flight Gloria Hansley defeated Dorothy Anderson 5 and 4. Rosemary LeMire upended Virginia Anzalone 9 and 7, Sally Fontaine nipped Milly Boyce 2-up, Rita Sauers defeated Marilyn Christiansen 7 and 6, Chris Barron tripped Harriet Fitzharris 2 and 1, Doris Kivela stopped Alice Gafner 5 and 3, Betty Gauthier topped Lou Berglund 5 and 4 and Peg Douglas defeated Marilyn Knoll 5 and 4.

In the second flight, Marge Owens nipped Ruth Needham 1-up after 19 holes, Sue Chamberlain defeated Dorothy Olsen 4 and 3, Donna Perron stopped Helen Moore 6 and 5 and June Baum tripped DeDe Bonifas 7 and 6.

Low scorers were Gloria Hansley with a 45, Rita Sauers with a 45, Sally Fontaine 45-46, Chris Barron 45-48, Milly Boyce 45-48, Rosemary LeMire 46, Peg Douglas 47, Harriet Fitzharris 47-49 and Dorothy Anderson 46.

Tight end Reg Carolan was to have surgery on his right knee today for an injury suffered during last weekend's 23-7 victory over Cincinnati. He probably will be lost to the Chiefs for the entire season.

Kick return specialist Noland Smith suffered a torn rib cartilage and is a doubtful starter Saturday at Los Angeles. Loss of Carolan shoves former running back Curtis McClinton into the spotlight as the likely replacement.

Want Victory
The Chiefs, 3-0, would dearly like to scalp the Rams. The Rams have marred the Chiefs' undefeated record in exhibition play for the past two years, beating them 44-24 and 36-16.

While medical charts are against them, the Chiefs enter the game with the winner's edge. The Rams, 1-1, lost to the Cleveland Browns 10-3, last weekend and it was the first time the Rams have been stopped without scoring a touchdown since 1967. The Californians' starting offensive tackle, Charlie Cowan, may miss the Chiefs' game because of strained ligaments in his left knee, but he has a replacement in veteran Jim Wilson.

Cleveland 2-0, is prepping for a Saturday showdown with the San Diego Chargers, whose offense is trying to snap the hangup of not being able to score touchdowns. The Chargers, 2-1, nipped the winless Oakland Raiders, 10-7 last weekend, but it was linebacker Dick Redman who scored the touchdown on an interception. In 12 quarters of play, the Chargers' offense has produced just one touchdown.

"Every time we get near the goal line something happens to ruin the drive, like penalties or

mistakes," said Charger quarterback John Hadl.
San Diego Coach Sid Gillman said he's going to take his offensive players to the goal line at training camp this week "and show them there's no big fence around it."

Medically, the Chargers expect to be in midseason shape for Saturday's game. Tackle Ron Mix, who pulled a thigh muscle two weeks ago, is ready to play. So are rookie linebacker Bob Babich and guard Bill Lenkatis, who suffered shoulder bruises during the Oakland game. Offensive back Brad Hubert, offensive tackle Terry Owens and cornerback Bill Beauchamp, also nursing injuries, are expected to see action too.

The Dallas Cowboys, crowing over rookie running back Calvin Hill, entertain the Green Bay

Packers in another grudge meeting Saturday. Hill, a Yale University product who is helping Cowboy fans forget about Don Perkins, gained 106 yards in 16 carries in Sunday's 20-17 victory over the San Francisco 49ers.

Like Matson
"He sort of runs like Ollie Matson and hits like Jim Brown," said Cowboy Coach Tom Landry. "Nobody is happier than I am that we drafted him No. 1."

The Cowboys, 1-1, emerged from the 49er game unscathed and also expect that Danny Reeves and Jethro Pugh, sidelined earlier, will be ready to start against Green Bay.

In Chicago, offensive guard George Seals, who walked out of the Bears' training camp a week over a salary dispute, officially announced his retirement.

Seals, who missed the Bears' 19-9 romp over Green Bay Saturday night, had been fined \$2,000 by the club for missing practice since his exit.

Cuts Expected
The New York Giants, bemoaning their 37-14 loss to the New York Jets for the unofficial New York City championship, expect to cut eight to 12 players between now and their Aug. 30 date with the Philadelphia Eagles. The Jets, who came out of the game with only minor injuries, expect to lean heavily on rookies in their next game, Aug. 25 against Oakland.

The Houston Oilers, who lost to unbeaten Baltimore 33-29, will have three less players when they play host to Chicago Friday. The Oilers released Richard Marshall, a five-year defensive tackle; and rookies Wayne Kennedy, a center from Rice University, and Gene Sides, a punter from Tennessee-Martin.

Girls Open 1969 Softball Playoffs

The Varieties opened play in the 1969 Girls Softball League tournament last night by defeating the Civic Boosters 11-1 in a game played at Royce Park.

Kay Ness got credit for the victory on the mound for the Varieties while Mary Walbridge was tagged with the defeat. Home runs in the contest were hit by Kerry Anderson and Sandy Moore.

In future tournament play, all games will be played at 6 p. m. and in the event of rain, all games will be delayed one day. The entire tourney will be played at Royce Park.

In tonight's action the Burger Chef will take on Tom's Foodland while the Civic Boosters will swing back into action Wednesday night against the loser of tonight's game. The Varieties are scheduled to take the field next against the winner of tonight's game on Thursday evening.

The championship game will be played Tuesday, Aug. 26, and a second game, if necessary, will be played the following night.

Lose 10 Lbs. In 10 Days On New Grapefruit Diet

NEW YORK (Special) — This is the revolutionary new grapefruit diet that everyone is suddenly talking about. Literally thousands upon thousands of copies have been passed from hand to hand in factories, plants and offices throughout the U. S. and Canada. Word of its success has spread like wildfire, because this is the one diet that really seems to work for most overweight people. A well known Toronto columnist recently praised it to the skies. He reported losing 20 pounds quickly and easily, long after he despaired of ever getting down to his wartime weight of 165 pounds. All this without cutting out the occasional beer or rye. If it is followed exactly, the average overweight person should lose 10 pounds in 10 days. There will be no weight loss in the first four days. But you will suddenly drop 5 pounds on the 5th day. Thereafter you will lose one pound a day until the 10th day. Then you will lose 1½ pounds every two days until you get down to your proper weight. Best of all, there should be no hunger pangs. Now revised and enlarged, this new diet plan lets you stuff yourself with foods that were formerly "forbidden." Such as big steaks trimmed with fat, Southern fried chicken, rich gravies, mayonnaise, lobsters swimming in butter, bacon fats, sausages and scrambled eggs. You can eat until you are full, until you can not possibly eat any more. And still you should lose 10 pounds in the first ten days, plus 1½ pounds every two days thereafter until your weight is down to normal. The secret behind this new "Quick weight loss" is not generally known. Fat, it has been theorized, does not form fat. Perhaps fat fights fat. And the grapefruit juice in this new diet might act as a catalyst (the "trigger") to start the fat burning process. You stuff yourself on the permitted food listed in the diet plan, and still lose unsightly fat and excess body fluids. When the fat and bloat are gone you will cease to lose weight and your weight will remain controlled. A copy of this new and startling successful diet plan can be obtained by sending \$2 to The

Mrs. Edwin Ewing (Mincoff Photo)

Ellen Lorraine Brown Weds Edwin Swingle

The First Baptist Church was the setting for the seven o'clock candlelight ceremony Saturday, Aug. 9 which united in marriage the former Ellen Lorraine Brown and Edwin Swingle. Rev. Roy Pitts officiated at the double ring ceremony.

The bride is the daughter of Mrs. Samuel Brown of Manistique and the late Mr. Brown. The bridegroom is the son of Mrs. Eugene Swingle, Atascadero, Calif. and the late Mr. Swingle.

Given in marriage by her brother, Samuel Brown, the bride wore a floor-length A-line gown of white lace and organza with a bodice of chantilly lace, long tapered sleeves and a sweetheart neckline trimmed with French sequins. Her detachable scalloped train was bordered with lace and sequins. Her nylon illusion chapel veil drifted from a headpiece trimmed with pearls and crystals. She carried a cascade bouquet of red roses with ivy and wore a pearl necklace, a gift of the bridegroom.

Flower Girls
The bride was attended by her sister-in-law, Mrs. Samuel Brown of Green Bay, as matron of honor. Mrs. Graydon Stone, sister of the bride, and Mrs. Phillip Matthews of Anchorage, Alaska, sister of the bridegroom, were bridesmaids. They wore floor length gowns of sheer rayon georgette misted over acetate lining with a

Reception
Mrs. Ronald Brender, cousin of the bridegroom, was organist and Miss Maureen Fagan soloist during the ceremony.

Mrs. Brown wore a floral silk print dress with white accessories for her daughter's wedding while Mrs. Swingle wore a gold crepe dress with matching gold accessories. Both mothers wore orchid corsages.

A reception for 150 guests followed in the church parlors. Tables were decorated in bridal decor of pink and white and a five-tier wedding cake was served by Mrs. Harold Casteel. Assisting during the reception were Mrs. Mauritz Peterson, Mrs. Vern Linderoth, Mrs. Jack Luft, Mrs. John Vaughan and Mrs. Vern Popour.

Both the couples are graduates of Manistique High School. The new Mrs. Swingle has been employed as bookkeeper at Lauer's Department Store. Her husband is employed as a psychiatric technician at the Atascadero State Hospital in California. They will make their home in Atascadero.

Out-of-town guests were present from Sault Ste. Marie, Lansing, Ann Arbor, Benton Harbor, Grand Rapids, Green Bay, Aurora, Ill., California and Anchorage, Alaska.

Church Events
Bethel Baptist Church
Mrs. Astrid Allen will host the Mission Circle of Bethel Baptist Church at her cottage on Lake Michigan Wednesday, August 20, at 2 p.m. A pot luck lunch will be served.

First Baptist Church
Rev. and Mrs. Roy Pitts, who are leaving soon to serve a church in Casper, Wyo., will be guests of honor at an Open House Sunday, Aug. 24, from 3-5 p.m., at the church. The Women's Missionary Society is in charge of the event to which all church members and friends are invited to attend.

Rev. Pitts will preach his last sermon on Sunday, Aug. 31. Miss Jodie Erickson was dedicated into membership at the 11 a.m. worship service on Sunday.

Cyclists Injured Avoiding Auto

Two Sault Ste. Marie motorcyclists received minor injuries when they "took a spill" Saturday morning to avoid being hit by an approaching motorist, Michigan State Police report.

Cyclists Byron Brommenschel and Daniel Patton received minor injuries when they were forced to head for a ditch near the Rogers Park entrance on U.S. 2 after they noticed another car approaching while they were attempting to pass a vehicle near the Park entrance. The mishap occurred at 8:55 a.m. and no tickets were issued.

James Hendrickson, two and one-half months old, and Duane Techmeier, four years old, both of Rte. 1, Manistique, received minor injuries when an automobile driven by Mrs. Paulette Hendrickson of Rte. 1 went off County Road 442 and into a culvert. The mishap occurred Saturday at 5:35 p.m.

Teddy Nelson, Rte. 2, Rapid River was ticketed for failure to have vehicle under control after his auto struck the rear of a car driven by Russell Minor of Cooks at 1:10 a.m. Sunday. The mishap occurred on U.S. 2, Nahma Township, just west of Delta County Road 499. Three passengers in the Minor vehicle received minor injuries.

Struck Deer
Two car-deer accidents were reported by Michigan State Police. At 9:10 Saturday night an auto driven by Wayne Schumacher of Milwaukee struck and killed a deer on U.S. 2, just west of M-77 in Mueller Township. No injuries or tickets were reported.

An auto driven by Wilbert Heikkila, Huntington, Calif., was severely damaged and three passengers slightly injured when Heikkila struck and killed a deer on U.S. 2 in Garden Township Sunday at 8:30 p.m. The vehicle was towed from the scene of the mishap.

Manistique Public Safety officers report two minor accidents which occurred in the city over the weekend. A city vehicle driven by Raymond D. Lund, 441 Alger Ave., was struck by an automobile driven by James M. Hoholik, 217 Schoolcraft Ave. at 7:15

Births
GAGNON — Mr. and Mrs. Erwin Gagnon, Germfask, are the parents of a baby boy born Friday, Aug. 15, at the Schoolcraft Memorial Hospital. The infant weighed seven pounds and nine and three fourths ounces at birth. The mother is the former Sara Yoder.

BUSS — A baby boy, weighing seven pounds and thirteen ounces, was born to Mr. and Mrs. Leon Buss, Harrison, Mich. Saturday, Aug. 16, at the Schoolcraft Memorial Hospital. Mrs. Buss is the former Pamela Hurst.

City Briefs
Mrs. Robert Gardner of Detroit is visiting her sister, Mrs. R. D. Curley, 537 Oak St.

Mrs. Alice Fagan has returned to her home in Flint after attending funeral services for her brother, Fred Pizzala.

Mrs. Vera Martin of Hollywood, Fla., is visiting Mr. and Mrs. William Bauman, 205 N. Houghton Ave., and with other friends and relatives.

Schoolcraft County EVENTS AND NOTICES

The W.S.C.S will sponsor a pasty sale Thursday, Aug. 21 at the First United Methodist Church and Gamble Store. Advance orders may be telephoned to 341-5491 or 341-5812.

In Memoriam

Sovey

In memory of William P. Sovey who passed away August 19, 1968.

Memories are treasures. No one can steal. Death is a heartache. Nothing can heal. Some may forget you. Now that you're gone. But we shall remember. No matter how long. The call was short. The shock so severe. To part with one we loved so dear.

Clarence, William F. and
Mars J. Sovey

Mohawk Soldier Killed In War

WASHINGTON (AP) — Seven Michigan men were among the 87 servicemen listed on the latest casualty list from the war in Vietnam released by the Defense Department Monday.

Killed in action were: Army S. Sgt. Gene R. Koski, son of Mr. and Mrs. Raymond Koski of Mohawk. Army Pfc. Greg A. Barker, son of Mr. and Mrs. Woodrow W. Barker of Belleville.

Army Pfc. James P. Eckles, husband of Mrs. Denise L. Eckles of Plymouth. Army Pfc. Gary G. Smith, son of Mr. and Mrs. Roy F. Smith of Deckerville. Marine Lance Cpl. Stephen Glowe, son of Mr. and Mrs. Edmond J. Glowe Sr. of Detroit.

Died as a result of non-hostile action were:

Army Spec. 5 John K. Anderson, son of Mr. and Mrs. Allan H. Anderson of Southgate and Army Spec. 4 Larry M. Robinson, son of Mrs. Ruth A. Robinson of Taylor.

Not Angry Over Jail Mistake

DETROIT (AP) — Robert Jordan is a tolerant man. After spending four and a half years in jail for a crime that he did not commit, he says he's not angry with anyone.

He says he's not angry with Ollie Banks, who knew Jordan was in jail for the crime he committed and later confessed to.

He even says he's not angry with the judicial system that put him away for four and a half of his 37 years for a crime he did not commit.

Jordan said it was mostly his own fault that he was in jail. He spent two years in jail for robbing a gas station in 1962.

"If I hadn't got into trouble in the first place, the police would not have suspected me. They would not have had my picture and description," he said. "They can't help it I look like Ollie Banks. I can understand how these things happen."

At his trial Jordan claimed he was at a tailor shop when the crime was committed. But the jury did not believe the testimony of his father and the tailor.

Attempts at correcting the situation proved vain. "I went to the state investigator, but he put his feet up on the desk and looked out the window while I told my story," Jordan said. "Nobody seemed to believe me."

U.S. Army Officer Cited For Murder Of Thai Woman

STUTTGART, Germany (AP) — A 38-year-old U.S. Army lieutenant colonel has been charged with premeditated murder in the shooting of a young Thai woman, the Army said Monday.

Lt. Col. Dennis C. Day, a native of Detroit, is accused of killing Bungong Simhaunkin, 23, of Bangkok, at his Stuttgart residence Aug. 7.

A spokesman for the U. S. European Command said Day was being held in the Army stockade at Mannheim. No trial date has been set.

Although Day is charged under the code of military justice, the question of jurisdiction in the case has not been resolved, the spokesman said. German authorities have not yet waived their jurisdiction.

Stuttgart District Attorney Fritz Schneider said he expected a decision on jurisdiction would be made Thursday.

Dr. Schneider said Miss Simhaunkin came here about a year ago from Thailand and had been living at Day's apartment. She was shot once in the chest with a pistol, the district attorney said.

Day was transferred here from Thailand in March 1968. He was assigned to the U.S. defense Communications Agency at Patch Barracks.

MANISTIQUE

Mrs. Edwin Ewing (Mincoff Photo)

Ellen Lorraine Brown Weds Edwin Swingle

The First Baptist Church was the setting for the seven o'clock candlelight ceremony Saturday, Aug. 9 which united in marriage the former Ellen Lorraine Brown and Edwin Swingle. Rev. Roy Pitts officiated at the double ring ceremony.

The bride is the daughter of Mrs. Samuel Brown of Manistique and the late Mr. Brown. The bridegroom is the son of Mrs. Eugene Swingle, Atascadero, Calif. and the late Mr. Swingle.

Given in marriage by her brother, Samuel Brown, the bride wore a floor-length A-line gown of white lace and organza fashioned with a bodice of chantilly lace, long tapered sleeves and a sweetheart neckline trimmed with French sequins. Her detachable scalloped train was bordered with lace and sequins. Her nylon illusion chapel veil drifted from a headpiece trimmed with pearls and crystals. She carried a cascade bouquet of red roses with ivy and wore a pearl necklace, a gift of the bridegroom.

The bride was attended by her sister-in-law, Mrs. Samuel Brown of Green Bay, as matron of honor. Mrs. Graydon Stone, sister of the bride, and Mrs. Phillip Matthews of Anchorage, Alaska, sister of the bridegroom, were bridesmaids. They wore floor length gowns of sheer rayon georgette misted over acetate lining with a

Merv Griffin Moves To CBS

HOLLYWOOD (AP) — Merv Griffin and company moved smoothly if uneventfully onto the CBS network Monday night, turning the network's battle for the late-night audience into a three-way contest.

Viewers who enjoyed the Griffin style during his years in syndication probably will like it equally in its new setting.

Griffin's first show seemed deliberately low key and almost folksy. His guest list was about par for any Monday—Woody Allen and Mervyn Dineen for comedy, Leslie Uggams with a couple of musical numbers, Hedy Lamarr for nostalgic glamor, and Kennedy associate Theodore Sorenson for a bit of political spice.

The show gave the network censors no particular problems but the mix of guests failed to result in anything scintillating. There were even moments when the conversation jogged along with awkward pauses. Sorenson admitted he was thinking about running for the U.S. Senate from New York. Miss Lamarr confessed she really wanted to be "a simple complicated person." Allen just wanted people to go see his latest movie. And Miss Uggams mostly just sang.

The theater from which the show now comes is more ornate than the old one and the stage sets more elaborate. Arthur Treacher is back as Merv's sidekick after major surgery. Allen's appearance plugging a movie is typical of the genre. Network productions outside prime-time hours often are used by the networks as promotion vehicles for other programs on the network.

Cyclists Injured Avoiding Auto

Two Sault Ste. Marie motorcyclists received minor injuries when they "took a spill" Saturday morning to avoid being hit by an approaching motorist, Michigan State Police report.

Cyclists Byron Brommenschel and Daniel Patton received minor injuries when they were forced to head for a ditch near the Rogers Park entrance on U.S. 2 after they noticed another car approaching while they were attempting to pass a vehicle near the Park entrance. The mishap occurred at 8:55 a.m. and no tickets were issued.

James Hendrickson, two and one-half months old, and Duane Techmeier, four years old, both of Rte. 1, Manistique, received minor injuries when an automobile driven by Mrs. Paulette Hendrickson of Rte. 1 went off County Road 442 and into a culvert. The mishap occurred Saturday at 5:35 p.m.

Teddy Nelson, Rte. 2, Rapid River was ticketed for failure to have vehicle under control after his auto struck the rear of a car driven by Russell Minor of Cooks at 1:10 a.m. Sunday. The mishap occurred on U.S. 2, Nahma Township, just west of Delta County Road 499. Three passengers in the Minor vehicle received minor injuries.

Struck Deer Two car-deer accidents were reported by Michigan State Police. At 9:10 Saturday night an auto driven by Wayne Schumacher of Milwaukee struck and killed a deer on U.S. 2, just west of M-77 in Mueller Township. No injuries or tickets were reported.

An auto driven by Wilbert Heikkila, Huntington, Calif., was severely damaged and three passengers slightly injured when Heikkila struck and killed a deer on U.S. 2 in Garden Township Sunday at 8:30 p.m. The vehicle was towed from the scene of the mishap.

Manistique Public Safety officers report two minor accidents which occurred in the city over the weekend. A city vehicle driven by Raymond D. Lund, 441 Alger Ave., was struck by an automobile driven by James M. Honolik, 217 Schoolcraft Ave. at 7:15

Births

GAGNON — Mr. and Mrs. Erwin Gagnon, Germfask, are the parents of a baby boy born Friday, Aug. 15, at the Schoolcraft Memorial Hospital. The infant weighed seven pounds and nine and three fourths ounces at birth. The mother is the former Sara Yoder.

BUSS — A baby boy, weighing seven pounds and thirteen ounces, was born to Mr. and Mrs. Leon Buss, Harrison, Mich. Saturday, Aug. 16, at the Schoolcraft Memorial Hospital. Mrs. Buss is the former Pamela Hurst.

City Briefs

Mrs. Robert Gardner of Detroit is visiting her sister, Mrs. R. D. Curley, 537 Oak St. Mrs. Alice Fagan has returned to her home in Flint after attending funeral services for her brother, Fred Pizzala. Mrs. Vera Martin of Hollywood, Fla., is visiting Mr. and Mrs. William Bauman, 205 N. Houghton Ave., and with other friends and relatives.

Predict Gov't-Backed Mortgages To Vanish

WASHINGTON (AP) — Federal officials predict government-backed home mortgages will disappear if Congress allows the interest limit to revert to 6 per cent this fall.

Pearl Harbor Survivors Meet

GRAND RAPIDS (AP) — Michigan survivors of the Japanese attack upon Pearl Harbor will hold their annual convention in Grand Rapids next year.

Jack Auperlee of Wyoming, president of the Pearl Harbor Survivors Association Inc. of Michigan, said the 1970 convention will be held in Grand Rapids April 17-19.

Auperlee said the association has almost 200 members but there are probably many more Michigan residents who are eligible for membership.

continue suspension of the ceiling and thus save the popular Federal Housing Administration—FHA—and Veterans Administration—VA—loan programs.

"There just won't be any more VA or FHA loans at a 6 per cent interest rate," said John Darvan, director of the VA loan guarantee program. "No one will write them at that rate."

Statutory limit for the guaranteed loans is 6 per cent. Congress suspended the ceiling until Oct. 1. And it gave the secretary of housing and urban development discretionary authority to set the rate, now at 7 per cent.

The maximum rate will return to 6 per cent Oct. 1 if Congress doesn't act.

Archeologists have discovered shells — some 15,000 years old — in such diverse sites as an Arizona pueblo, a Swiss lake village, and an Etruscan grave in Italy.

Mortgage money is short even at 7 per cent because of the record 8½ per cent charged to prime bank borrowers. Funds are flowing out of mortgages and into higher yield loans.

About one-third of the FHA's district offices report money is no longer available in their areas for the government-backed mortgages.

The FHA and VA programs account for about 20 per cent of the mortgages written each year for new and used homes.

The Senate Banking and Currency Committee approved legislation last week that would extend the ceiling suspension for another six months. The Senate is not expected to begin considering the bill until late September.

The House Banking and Currency Committee has yet to act on the suspension.

But Capitol Hill sources say stopgap legislation of some sort will certainly be approved before Oct. 1 because the loan programs are so popular.

In Memoriam

Sovey

In memory of William P. Sovey who passed away August 19, 1968.

Memories are treasures. No one can steal. Death is a heartache. Nothing can heal. Some may forget you. Now that you're gone. But we shall remember. No matter how long. The call was short. The shock so severe. To part with one. We loved so dear.

Clarence, William F. and Mars J. Sovey

Mohawk Soldier Killed In War

WASHINGTON (AP) — Seven Michigan men were among the 87 servicemen listed on the latest casualty list from the war in Vietnam released by the Defense Department Monday.

Killed in action were: Army Sgt. Gene R. Koski, son of Mr. and Mrs. Raymond Koski of Mohawk, Army Pfc. Greg A. Barker, son of Mr. and Mrs. Woodrow W. Barker of Belleville.

Army Pfc. James P. Eckles, husband of Mrs. Denise L. Eckles of Plymouth, Army Pfc. Gary G. Smith, son of Mr. and Mrs. Roy F. Smith of Deckerville, Marine Lance Cpl. Stephen Glove, son of Mr. and Mrs. Edmond J. Glove Sr. of Detroit.

Died as a result of non-hostile action were:

Army Spec. 5 John K. Anderson, son of Mr. and Mrs. Allan H. Anderson of Southgate and Army Spec. 4 Larry M. Robinson, son of Mrs. Ruth A. Robinson of Taylor.

Not Angry Over Jail Mistake

DETROIT (AP) — Robert Jordan is a tolerant man. After spending four and a half years in jail for a crime that he did not commit, he says he's not angry with anyone.

He says he's not angry with Ollie Banks, who knew Jordan was in jail for the crime he committed and later confessed to.

He says he's not angry with the six members of a family who positively identified him incorrectly as the man who broke into their home and beat them.

He even says he's not angry with the judicial system that put him away for four and a half of his 37 years for a crime he did not commit.

Jordan said it was mostly his own fault that he was in jail. He spent two years in jail for robbing a gas station in 1962.

"If I hadn't got into trouble in the first place, the police would not have suspected me. They would not have had my picture and description," he said. "They can't help it I look like Ollie Banks. I can understand how these things happen."

At his trial Jordan claimed he was at a tailor shop when the crime was committed. But the jury did not believe the testimony of his father and the tailor.

Attempts at correcting the situation proved vain. "I went to the state investigator, but he put his feet up on the desk and looked out the window while I told my story," Jordan said. "Nobody seemed to believe me."

U.S. Army Officer Cited For Murder Of Thai Woman

STUTTGART, Germany (AP) — A 36-year-old U.S. Army lieutenant colonel has been charged with premeditated murder in the shooting of a young Thai woman, the Army said Monday.

Lt. Col. Dennis C. Day, a native of Detroit, is accused of killing Bungong Simhauntin, 23, of Bangkok, at his Stuttgart residence Aug. 7.

A spokesman for the U.S. European Command said Day was being held in the Army stockade at Mannheim. No trial date has been set.

Although Day is charged under the code of military justice, the question of jurisdiction in the case has not been resolved, the spokesman said. German authorities have not yet waived their jurisdiction.

Stuttgart District Attorney Fritz Schneider said he expected a decision on jurisdiction would be made Thursday.

Dr. Schneider said Miss Simhauntin came here about a year ago from Thailand and had been living at Day's apartment. She was shot once in the chest with a pistol, the district attorney said.

Day was transferred here from Thailand in March 1968. He was assigned to the U.S. defense Communications Agency at Patch Barracks.

Predict Gov't-Backed Mortgages To Vanish

WASHINGTON (AP) — Federal officials predict government-backed home mortgages will disappear if Congress allows the interest limit to revert to 6 per cent this fall.

But they are confident lawmakers will act in time to continue suspension of the ceiling.

Pearl Harbor Survivors Meet

GRAND RAPIDS (AP) — Michigan survivors of the Japanese attack upon Pearl Harbor will hold their annual convention in Grand Rapids next year.

Jack Auperlee of Wyoming, president of the Pearl Harbor Survivors Association Inc. of Michigan, said the 1970 convention will be held in Grand Rapids April 17-19.

Auperlee said the association has almost 200 members but there are probably many more Michigan residents who are eligible for membership.

and thus save the popular Federal Housing Administration—FHA—and Veterans Administration—VA—loan programs.

"There just won't be any more VA or FHA loans at a 6 per cent interest rate," said John Darvan, director of the VA loan guarantee program. "No one will write them at that rate."

Statutory limit for the guaranteed loans is 6 per cent. Congress suspended the ceiling until Oct. 1. And it gave the secretary of housing and urban development discretionary authority to set the rate, now at 7 per cent.

The maximum rate will return to 6 per cent Oct. 1 if Congress doesn't act.

Archeologists have discovered shells — some 15,000 years old — in such diverse sites as an Arizona pueblo, a Swiss lake village, and an Etruscan grave in Italy.

Mortgage money is short even at 7 per cent because of the record 8½ per cent charged to prime bank borrowers. Funds are flowing out of mortgages and into higher yield loans.

About one-third of the FHA's district offices report money is no longer available in their areas for the government-backed mortgages.

The FHA and VA programs account for about 20 per cent of the mortgages written each year for new and used homes.

The Senate Banking and Currency Committee approved legislation last week that would extend the ceiling suspension for another six months. The Senate is not expected to begin considering the bill until late September.

The House Banking and Currency Committee has yet to act on the suspension.

But Capitol Hill sources say stopgap legislation of some sort will certainly be approved before Oct. 1 because the loan programs are so popular.
